Register Of Gilbert Welton Bishop Of Carlisle 13531362

W. M. Ormrod

Register Of Gilbert Welton Bishop Of Carlisle 1353-1362:

The Register of Gilbert Welton, Bishop of Carlisle 1353-1362 Catholic Church. Diocese of Carlisle. Bishop (1353-1362 : Welton), Catholic Church. Diocese of Carlisle (England). Bishop (1353-1362 : Welton), 1999 Register of capable ecclesiastical administrator shows him imposing order on impoverished war-torn Carlisle diocese [English Episcopal Acta 30: Carlisle 1133-1292](#) David M. Smith, British Academy, 2005-06-30 The area comprising what became the counties of Cumberland and Westmorland was long disputed both politically and ecclesiastically between the English and Scottish kingdoms The bishopric of Carlisle was the last see in England to be created before the Reformation changes of the 1540s This latest volume in the English Episcopal Acta series brings together for the first time an edition of all the surviving charters issued by bishops of Carlisle from 1133 until the death of Bishop Ralph de Ireton in 1292 The extant charters provide great insights into the episcopal administration of this border bishopric for the first 150 years of the see's existence The introduction provides an account of the diocese the bishops and their households discussion of the diplomatic aspects and style of the surviving charters and the episcopal seals Offering fresh insights into this formative period of English history this volume will be of interest to scholars and students of ecclesiastical medieval and local history **Gender and Authority in the Late Medieval Church** Ian Forrest, 2025-06-15 Gender and Authority in the Late Medieval Church asks a deceptively simple question How did the governance of the medieval institutional church remain exclusively male despite plentiful evidence of women being as capable and devout as men The remarkable endurance of an all-male clergy is an important element of medieval church government one that is frequently taken for granted in the historiography and is connected to another overlooked feature of episcopal authority the strategies that bishops used to secure the compliance of a relatively autonomous clergy As Ian Forrest shows bishops kept their clergy in check through normative standards of masculinity that necessarily disqualified women from leadership roles Everywhere in the medieval church were women who had the capacity the resources and often the ambition to take part in governance from abbesses to priests servants mothers sisters and unofficial wives Bringing together evidence of female activity at the margins of the institutional church Forrest argues that the male monopoly on formal power was haunted by female capability and aspiration at every turn Drawing on case studies from the English diocesan clergy between the mid-thirteenth and early sixteenth centuries he explores how women's involvement in governance was rendered unthinkable through the very discursive strategies that bishops used to control their male clergy In doing so Gender and Authority in the Late Medieval Church tells an integrated history that explains how both the exclusion of women and the inclusion of men underpin a rigidly gendered system of religious governance *Chivalry, Kingship and Crusade* Timothy Guard, 2013 A fresh perspective on the Crusade shows its ideal and practice flourishing in the fourteenth century The central theme of this book is the largely untold story of English knighthood's ongoing obsession with the crusade fight during the age of Chaucer high chivalry and the famous battles of the Hundred

Years War After combat in France and Scotland fighting crusades was the main and a widespread experience of English chivalry in the fourteenth century drawing in noblemen of the highest rank as well as knights chasing renown and the jobbing esquire The author exposes a thick seam of military engagement along the perimeters of Christendom details of participants and campaigns are chronicled in many cases for the first time and associated matters of tactics diplomacy organisation and recruitment are minutely analysed adding substantially to the historiography of the later crusades The book's second theme traces the surprisingly strong grip the crusade idea possessed at the height of politics as an animating force of English kingship Disputing the common assumption that crusade plans were increasingly ill treated by the monarchs adopted as diplomatic double speak or as a means of raiding church coffers the author argues that courtiers and knights moved in a rich environment of crusade speculation and ambition and exercised a strong influence on the culture of the time Timothy Guard gained his DPhil at Hertford College University of Oxford

The Abbots and Priors of Late Medieval and Reformation England Martin Heale, 2016-09-08 The importance of the medieval abbot needs no particular emphasis The monastic superiors of late medieval England ruled over thousands of monks and canons who swore to them vows of obedience they were prominent figures in royal and church government and collectively they controlled properties worth around double the Crown's annual ordinary income Moreover as guardians of regular observance and the primary interface between their monastery and the wider world abbots and priors were pivotal to the effective functioning and well being of the monastic order The Abbots and Priors of Late Medieval and Reformation England provides the first detailed study of English male monastic superiors exploring their evolving role and reputation between the fourteenth and sixteenth centuries Individual chapters examine the election and selection of late medieval monastic heads the internal functions of the superior as the father of the community the head of house as administrator abbatial living standards and modes of display monastic superiors public role in service of the Church and Crown their external relations and reputation the interaction between monastic heads and the government in Henry VIII's England the Dissolution of the monasteries and the afterlives of abbots and priors following the suppression of their houses This study of monastic leadership sheds much valuable light on the religious houses of late medieval and early Tudor England including their spiritual life administration spending priorities and their multi faceted relations with the outside world The Abbots and Priors of Late Medieval and Reformation England also elucidates the crucial part played by monastic superiors in the dramatic events of the 1530s when many heads surrendered their monasteries into the hands of Henry VIII

Carlisle and Cumbria Mike McCarthy, 2024-11-01 This book compiles the papers presented at the British Archaeological association conference held in 2001 which concentrated on the Roman and medieval art architecture and archaeology of the city and county It provides scholars with a firm baseline for future research in this area

Plantagenet Ancestry: A Study In Colonial And Medieval Families, 2nd Edition, 2011,

Supplement to the Guide to Bishops' Registers of England and Wales David Michael Smith, 2004 *Naming the*

People of England, c.1100-1350 Dave Postles, 2020-05-15 Medieval historians have for some time recognized the significance of personal naming processes and patterns for the illumination of social relations such as kinship and spiritual kinship or godparenthood Increasingly they are employing the investigation of personal naming anthroponymy as part of their elucidation of cultural change attempting through changes in patterns of personal naming to discern cultural transitions and transformations Recent coordinated research on the European continent has produced major collaborative discussion of the cultural implications of naming in France the Iberian peninsular and Italy The fruits of new research into the Germanic lands have also richly enhanced our understanding of cultural change there So it is predicated that a new trans European culture arose in the centuries about and after the year 1000 Omitted from this coordinated understanding of the arrival of a new European cultural tradition as it came to persist is the British archipelago We are however far from devoid of scholarly examination of the culture of personal naming in the British Isles An older generation of linguists produced a basic foundation although it has not remained free of some criticism Subsequently several scholars have independently advanced the interpretive analysis Clark Fellows Jensen Insley and McClure At one level then this book attempts a synthesis of that previous highly valuable but diffuse research to make it more widely known understood and accessible At another level nonetheless it engages with what has become a prevailing narrative of cultural change in England after the Norman Conquest the rapid transformation of English naming and culture through the assimilation of a new dominant extraneous influence By reinserting the detail and complexity it is hoped to demonstrate that far from a single uniform homologous culture there existed residual even resistant and regional cultures The account it is hoped presents a cohesive new narrative of the cultural implications of personal naming in England whilst also addressing important issues of gender politics and social organization

Church Building and Society in the Later Middle Ages Gabriel Byng, 2017-12-14 The construction of a church was undoubtedly one of the most demanding events to take place in the life of a medieval parish It required a huge outlay of time money and labour and often a new organisational structure to oversee design and management Who took control and who provided the financing was deeply shaped by local patterns in wealth authority and institutional development from small villages with little formal government to settlements with highly unequal populations This all took place during a period of great economic and social change as communities managed the impact of the Black Death the end of serfdom and the slump of the mid fifteenth century This original and authoritative study provides an account of how economic change local politics and architecture combined in late medieval England It will be of interest to researchers of medieval socio economic and art history

The English Province of the Franciscans (1224-c.1350), 2017-04-03 This volume explores the rich diversity of the Franciscan contribution to the life of the order and its ministry throughout England between 1224 and c 1350 The 21 contributions examine the friars impact across the different strata of English society from the parish churches the missions the royal courts and the universities Friars were ubiquitous in England

throughout this period and they participated in various programmes of renewal Contributors are in order of appearance Amanda Power Philippa M Hoskin Jens R hrkasten Michael F Custato OFM Michael W Blastic OFM Jean Fran ois Godet Calogeras Peter V Loewen Lesley Smith Eleonora Lombardo Nigel Morgan Cecilia Panti Hubert Philipp Weber Timothy J Johnson Mary Beth Ingham CSJ Takashi Shogimen Susan J Ridyard Michael J Haren Christian Steer Anna Campbell and Michael J P Robson

Trustworthy Men Ian Forrest, 2020-03-31 The medieval church was founded on and governed by concepts of faith and trust but not in the way that is popularly assumed Offering a radical new interpretation of the institutional church and its social consequences in England Ian Forrest argues that between 1200 and 1500 the ability of bishops to govern depended on the cooperation of local people known as trustworthy men and shows how the combination of inequality and faith helped make the medieval church Trustworthy men in Latin viri fidedigni were jurors informants and witnesses who represented their parishes when bishops needed local knowledge or reliable collaborators Their importance in church courts at inquests and during visitations grew enormously between the thirteenth and fifteenth centuries The church had to trust these men and this trust rested on the complex and deep rooted cultures of faith that underpinned promises and obligations personal reputation and identity and belief in God But trust also had a dark side For the church to discriminate between the trustworthy and untrustworthy was not to identify the most honest Christians but to find people whose status ensured their word would not be contradicted This meant men rather than women and usually the wealthier tenants and property holders in each parish Trustworthy Men illustrates the ways in which the English church relied on and deepened inequalities within late medieval society and how trust and faith were manipulated for political ends

Divorce in Medieval England Sara Margaret Butler, 2013 Divorce in Medieval England is intended to reorient scholarly perceptions concerning divorce in the medieval period Divorce as we think of it today is usually considered to be a modern invention This book challenges that viewpoint documenting the many and varied uses of divorce in the medieval period and highlighting the fact that couples regularly divorced on the grounds of spousal incompatibility Because the medieval church was determined to uphold the sacrament of marriage whenever possible divorce in the medieval period was a much more complicated process than it is today Thus this book steps readers through the process of divorce including grounds for divorce the fundamentals of the process the risks involved financial implications for wives who were legally disabled thanks to the rules of coverture the custody and support of children and finally what happens after a divorce Readers will gain a much greater appreciation of marriage and women s position in later medieval England

Edward III W. M. Ormrod, 2012-01-24 Edward III 1312 1377 was the most successful European ruler of his age Reigning for over fifty years he achieved spectacular military triumphs and overcame grave threats to his authority from parliamentary revolt to the Black Death Revered by his subjects as a chivalric dynamo he initiated the Hundred Years War and gloriously led his men into battle against the Scots and the French In this illuminating biography W Mark Ormrod takes a deeper look at Edward to reveal the man beneath the military muscle What

emerges is Edward's clear sense of his duty to rebuild the prestige of the Crown and through military gains and shifting diplomacy to secure a legacy for posterity. New details of the splendor of Edward's court, lavish national celebrations and innovative use of imagery establish the king's instinctive understanding of the bond between ruler and people. With fresh emphasis on how Edward's rule was affected by his family relationships including his roles as traumatized son, loving husband and dutiful father, Ormrod gives a valuable new dimension to our understanding of this remarkable warrior king.

The Kings and Their Hawks Robin S. Oggins, 2004-01-01 Perhaps the equivalent of polo playing today, the sport of falconry was the preserve of the wealthy and royalty, regarded as both a suitable and enjoyable leisure activity and as a source of status and prestige.

A Biographical Register of the Franciscans in the Custody of York, C.1229-1539 Michael J. P. Robson, 2019 This title contains documents assembled from a wide range of sources and sheds vivid light on the lives and careers of the Franciscan movement.

Border Liberties and Loyalties Matthew L. Holford, 2010-03-31 This book examines the organisation of power and society in north east England over two crucial centuries in the emergence of the English state. England is usually regarded as medieval Europe's most centralised kingdom, yet the North East was dominated by liberties, largely self-governing jurisdictions that greatly restricted the English crown's direct authority in the region. These local polities receive here their first comprehensive discussion and their histories are crucial for understanding questions of state formation in frontier zones, regional distinctiveness and local and national loyalties. The analysis focuses on liberties as both governmental entities and sources of socio-political and cultural identification. It also connects the development of liberties and their communities with a rich variety of forces including the influence of the kings of Scots as lords of Tynedale and the impact of protracted Anglo-Scottish warfare from 1296. Why did liberties enjoy such long-term relevance as governance structures? How far and why did the English monarchy respect their autonomous rights and status? By what means and how successfully were liberty identities created, sharpened and sustained? In addressing such issues, this ground-breaking study extends beyond regional history to make significant contributions to the ongoing mainstream debates about state, society, identity and community.

The Heads of Religious Houses David M. Smith, Vera C. M. London, 2001-08-09 This book is a continuation of *The Heads of Religious Houses, England and Wales, 940-1216*, edited by David Knowles, C. N. L. Brooke and Vera London, which itself is reissued with substantial addenda by Professor Brooke. This present volume continues the lists from 1216 to 1377. In this period, further record sources have been provided by episcopal registers, governmental enrolments, court records and so on. Full references are given for establishing the dates and outline of the career of each abbot or prior, abess or prioress, when known. The lists are arranged by order: the Benedictine houses, independent dependencies and alien priories, the Cluniacs, the Grandmontines, the Cistercians, the Carthusians, the Augustinian canons, the Premonstratensians, the Gilbertine order, the Trinitarian houses, the Bonhommes and the nuns. An introduction discusses the nature, use and history of the lists and examines critically the sources on which they are based.

Disability in Antiquity Christian Laes, 2016-10-04

This volume is a major contribution to the field of disability history in the ancient world. Contributions from leading international scholars examine deformity and disability from a variety of historical, sociological, and theoretical perspectives as represented in various media. The volume is not confined to a narrow view of antiquity but includes a large number of pieces on ancient western Asia that provide a broad and comparative view of the topic and enable scholars to see this important topic in the round. *Disability in Antiquity* is the first multidisciplinary volume to truly map out and explore the topic of disability in the ancient world and create new avenues of thought and research. [The British National Bibliography](#)

Register Of Gilbert Welton Bishop Of Carlisle 13531362 Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Register Of Gilbert Welton Bishop Of Carlisle 13531362 free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Register Of Gilbert Welton Bishop Of Carlisle 13531362 free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to

download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Register Of Gilbert Welton Bishop Of Carlisle 13531362 free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Register Of Gilbert Welton Bishop Of Carlisle 13531362. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Register Of Gilbert Welton Bishop Of Carlisle 13531362 any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Register Of Gilbert Welton Bishop Of Carlisle 13531362 Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook's credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What's the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Register Of Gilbert Welton Bishop Of Carlisle 13531362 is one of the best books in our library for free trial. We provide a copy of Register Of Gilbert Welton Bishop Of Carlisle 13531362 in digital format, so the resources that you find are reliable. There are also many eBooks related to Register Of Gilbert Welton Bishop Of Carlisle 13531362. Where to download Register Of Gilbert Welton Bishop Of Carlisle 13531362 online for free? Are you looking for Register Of Gilbert Welton Bishop Of Carlisle 13531362 PDF? This is definitely going to save you time and cash in something you should think about.
