Eastspirit: Transnational Spirituality and Religious Circulation in East and West Jørn Borup,Marianne Qvortrup Fibiger,2017-08-28 Mindfulness yoga Tantra Zen martial arts karma feng shui Ayurveda Eastern ideas and practices associated with Asian religions and spirituality have been accommodated to a global setting as both a spiritual religious and a broader cultural phenomenon Eastern spirituality is present in organized religions the spiritual New Age market arts literature media therapy and health care but also in public institutions such as schools and prisons Eastspirit Transnational Spirituality and Religious Circulation in East and West describes and analyses such concepts practices and traditions in their new Western and global contexts as well as in their transformed expressions and reappropriations in religious traditions and individualized spiritualities back in the East within the framework of mutual interaction and circulation regionally and globally

Alternate Currents Justin B. Stein,2023-09-30 In the second half of the twentieth century Reiki went from an obscure therapy practiced by a few thousand Japanese and Japanese Americans to a global phenomenon By the early twenty first century people in nearly every corner of the world have undergone the initiations that authorize them to channel a cosmic energy known as Reiki to heal body mind and spirit They lay hands on themselves and

others use secret symbols and incantations to send Reiki to distant recipients and strive to follow five precepts to cultivate their spiritual growth Reiki's international rise and development is due to the work of Hawayo Takata 1900-1980 a Hawai'i born Japanese American woman who brought Reiki out of Japan and adapted it for thousands of students in Hawai'i and North America shaping interconnections across the North Pacific region as well as cultural transformations over the transwar period spanning World War II

Alternate Currents: Reiki's Circulation in the Twentieth Century North Pacific analyzes how from her training in Japan in the mid 1930s to her death in Iowa in 1980 Takata built a vast trans-Pacific network that connected Japanese American laborers on plantations in Hawai'i to social elites in Tokyo Hollywood and New York middle class housewives in American suburbs and off the grid tree planters in the mountains of British Columbia Using recently uncovered archival materials and original oral histories Justin B Stein examines how these relationships between healer and patient master and disciple became deeply infused with values of their time and place and how they interplayed with Reiki's circulation performance and meanings along with broader cultural shifts in the twentieth century North Pacific Highly readable and informative each chapter is structured around a period in the life of Takata the charismatic rags to riches architect of the network in which Reiki spread for decades

Alternate Currents explores Reiki as an exemplary transnational spiritual therapy demonstrating how lived practices transcend artificial distinctions between religion and medicine and circulate in global systems while maintaining strong connections with the practices homeland
