Relationship Between Christian Liberty And Love:

The Interaction Between Law and Love in the Pauline Writings Pandelani Paul, 2015-07-16 There are five chapters of this book The first chapter is the overview of the whole book and how the research was going to be conducted It also gives the summary of law and love in the books of Paul The interaction between law and love in Pauline writing has been an interesting topic where we have discovered that the law of God cannot be separated from his agape love which has followed mankind from creation and eventually leads him to eternity We discovered that the law of God reveals Gods character and that is his love The law of God and his love are one and cannot be separated from each other God gives the law to prove to man that he loves him deeply and eternally The death of Jesus on the cross was the final crown of the proof of how much we mean to God and the length He can go to redeem us He gave his all for our redemption The plan of salvation is the perfect revelation of law and love in Pauline writings Chapter 1 and 2 looks at law and love and the theology and ethics of law and love The plan of salvation is laid bare and how the Jews missed the mark of spreading the Word to the whole world by holding to God as a Jewish God alone In chapter 3 we discover the difference between the ceremonial law and the Decalogue The ceremonial laws were pointing toward the coming of Jesus and so with his arrival they came to an end because they were pointing to his coming The Decalogue was there and it will continue till the end of time when Jesus will come the second time Chapter 4 is all about love and what it means to God and how he could not compromise his Decalogue and the meaning of redemption Chapter 5 is the blending of law and love in Pauline writings Keeping the law is not a problem when you love God and you know that God loves you its not difficult to keep the Decalogue because your love supercedes the law When you love someone its easy to follow or keep the law Gods Decalogue is a mirror and love is the crown of our redemption For God so loved the world that he gave His only begotten son to die for man because His law could not be changed Love will lift us up such that doing and keeping Gods law will not be a burden but a pleasure because through Christs death we realize how important we are to God

Sex in Christianity and Psychoanalysis William Graham Cole,2015-11-06 Originally published in 1956 this survey of the interpretations of sex by the major figures in Christian thought and in psychoanalysis made an important contribution to the re thinking of our sexual morality at the time The author refutes the common belief that the negative attitude toward sex and the body which had been predominant in western civilization originated with Christianity He shows that such a viewpoint was widespread in the early Hellenism Age nearly three centuries before Christ He emphasizes the essentially positive view which Biblical religion demands and shows how Christianity s attitude early became corrupted by the dualism of the Orient He points to the need for a return to essential naturalism and the Biblical interpretation of sex The first part of the book consists of a historical treatment in the Christian tradition touching upon the teaching of Jesus Paul Augustine Aquinas Luther Calvin and others He analyses the classical and contemporary attitudes and ideas in both Catholic and Protestant circles and shows how Christian understanding comes into conflict with psychoanalysis In the later portions of the book the author discusses sex and psychoanalysis and the major problems in sexual mores He ends with a synthesis of the religious and psychoanalytic points of view and a critical reconstruction of a Christian interpretation

The Temperance Crusader ,1877 Luther and the Reformation of the Later Middle Ages Eric Leland Saak,2017-04-19 In 1517 Martin Luther posted his 95 Theses an act often linked with the start of the Reformation In this work Eric Leland Saak

argues that the 95 Theses do not signal Luther's break from Roman Catholicism. An obedient, Observant Augustinian Hermit, Luther's self-understanding from 1505 until at least 1520 was as Brother Martin Luther Augustinian, not Reformer, and he continued to wear his habit until October 1524. Saak demonstrates that Luther's provocative act represented the culmination of the late medieval Reformation. It was only the failure of this earlier Reformation that served as a catalyst for the onset of the sixteenth-century Protestant Reformation. Luther's true Reformation discovery had little to do with justification by faith or with his 95 Theses. Yet his discoveries in February of 1520 were to change everything.

The More Excellent Way

,2006-10 This book investigates why, unlike in the early centuries, the ethical behavior of Christians today is so little different from that of non-Christians. It does this by first reviewing the teachings of Jesus about how Christians are to live and the positive response of early Christians to these teachings. The major portion of the book then documents how the rise of asceticism and the proliferation of church law came to eclipse Jesus' teachings of serving others through unselfish love. It reviews how Chrysostom, Augustine, Luther, and others tried to return the church to the New Testament way of life. The book reaches two conclusions: Christians today prefer to live by only avoiding the gross evils forbidden by the Ten Commandments rather than by Jesus' all-inclusive New Commandment of loving one another as he loved us. They are also willing to offer God the piety of churchly activity but what God also asks—a life of goodness serving one's fellowman—they feel is just asking too much.

The book doesn't shy away from analyzing Luther's more complex contributions, such as Two Kingdom Theology and his impact on Ethnonationalism and Global Missions. Additionally, this work explores how Luther's teachings have influenced social movements, from the abolition of slavery to the Civil Rights movement, leaving a lasting legacy that stretches far beyond theology.
