

Introduction

Morality and Religion

The problem:

- Not all religious people act morally – religion not sufficient for moral behavior
- Not all non-religious people act immorally – religion not necessary

€ *The relationships between morality and religion are more complex than expected*

€ *Our question: to what extent can religion be a foundation for morality?*

Religion And Morality An Introduction

Paul W. Diener

Religion And Morality An Introduction:

Religion and Morality Paul W. Diener, 1997-01-01 Some people see religion and morality as undeniably connected others see them as irreconcilably separate Paul Diener's accessible new book looks at the connection between these two concepts and examines how various religious and philosophical systems understand morality

Religion and Morality Daniel Statman, Avi Sagi, 2022-06-08 Religion and Morality seeks to answer two fundamental questions regarding the relation between religion and morality The first is the puzzle posed by Socrates the so called Euthyphro dilemma which asks is morality valuable by virtue of its intrinsic importance and worth or is morality valuable because and only because God approves it and commands us to follow its dictates The second question is raised by Kierkegaard in Fear and Trembling He asks Is a conflict between religion and morality possible Does God ever demand that we neglect our moral commitments The discussion on these questions is divided into three parts In the first two parts we discuss the idea that morality depends on religion The authors distinguish two types of dependence strong dependence according to which the very existence or validity of moral obligations depends on God's command and weak dependence according to which though morality itself is independent of God God or belief in God is necessary to enable human beings to know their moral duties and to carry them out The authors reject the strong dependence thesis as well as most versions of the weak dependence The third part of the book discusses different versions of the view that religion might conflict with morality The authors reject this view and show that very few religious thinkers would follow it all the way through to its ultimate consequences The book has implications for the philosophy of religion in its emphasis on the centrality of the moral element in religion and for moral philosophy in its highlighting among other things of the nature of moral judgments

Essays in Religion and Morality William James, 1982 Essays in Religion and Morality brings together a dozen papers of varying length to these two themes so crucial to the life and thought of William James Reflections on the two subjects permeate first James's presentation of his father's Literary Remains second his writings on human immortality and the relation between reason and faith third his two memorial pieces one on Robert Gould Shaw and the other on Emerson fourth his consideration of the energies and powers of human life and last his writings on the possibilities of peace especially as found in his famous essay The Moral Equivalent of War These speeches and essays were written over a period of twenty four years The fact that James did not collect and publish them himself in a single volume does not reflect on their intrinsic worth or on their importance in James's philosophical work since they include some of the best known and most influential of his writings All the essays throughout their varied subject matter are consistently and characteristically Jamesian in the freshness of their attack on the problems and failings of humankind and in their steady faith in human powers

Religion and Morality, 1995 **An Introduction To Moral Theology, 2nd Edition** William May, 2003-07-02 Faith Morals Here carefully documented footnoted and indexed is not only what the Church teaches but also why it is obligated to do so And why its members are obligated to examine and to apply that teaching This

updated and expanded edition of a text long trusted and widely used in colleges universities and seminaries as well as in high schools and parish religious education programs offers the latest Catholic teaching on moral theology including Moral theology its nature purpose and biblical foundation Human dignity free human action virtue and conscience Natural law moral absolutes and sin Christian faith and our moral life Read why and how living what the Church teaches can transform hearts minds and souls

The Philosophical and Theological Foundations of Ethics P. Byrne,1992-10-27 This study is an introduction to the problems of moral philosophy designed particularly for students of theology and religious studies It offers an account of the nature and subject matter of moral reasoning and of the major types of moral theory current in contemporary moral philosophy The account aims to bring out the major issues in moral theory to present a clear non technical articulation of the structure of moral knowledge and to explore the relation between religious belief and morality

Women Philosophers in Nineteenth-Century Britain Alison Stone,2022-12-14 Many women wrote philosophy in nineteenth century Britain and they wrote across the full range of philosophical topics Yet these important women thinkers have been left out of the philosophical canon and many of them are barely known today The aim of this book is to put them back on the map It introduces twelve women philosophers Mary Shepherd Harriet Martineau Ada Lovelace George Eliot Frances Power Cobbe Helena Blavatsky Julia Wedgwood Victoria Welby Arabella Buckley Annie Besant Vernon Lee and Constance Naden Alison Stone looks at their views on naturalism philosophy of mind evolution morality and religion and progress in history She shows how these women interacted and developed their philosophical views in conversation with one another not only with their male contemporaries The rich print and periodical culture of the period enabled these women to publish philosophy in forms accessible to a general readership despite the restrictions women faced such as having limited or no access to university education Stone explains how these women became excluded from the history of philosophy because there was a cultural shift at the end of the nineteenth century towards specialised forms of philosophical writing which depended on academic credentials that were still largely unavailable to women

Evolved Morality: The Biology and Philosophy of Human Conscience Frans de Waal,2014-02-20 Morality is often defined in opposition to the natural instincts or as a tool to keep those instincts in check New findings in neuroscience social psychology animal behavior and anthropology have brought us back to the original Darwinian position that moral behavior is continuous with the social behavior of animals and most likely evolved to enhance the cooperativeness of society In this view morality is part of human nature rather than its opposite This interdisciplinary volume debates the origin and working of human morality within the context of science as well as religion and philosophy Experts from widely different backgrounds speculate how morality may have evolved how it develops in the child and what science can tell us about its working and origin They also discuss how to deal with the age old facts versus values debate also known as the naturalistic fallacy The implications of this exchange are

enormous as they may transform cherished views on if and why we are the only moral species These articles are also published in Behaviour Volume 151 Nos 2 3 February 2014 Suitable for course adoption

Religion and the Post-revolutionary Mind Arthur McCalla, 2023-03-15 The French Revolution swept away the Old Regime along with many of its ideas about epistemology history society and politics In the intellectual ferment that followed debates about religion figured prominently as diverse thinkers grappled with the philosophical and civil status of religion in a post revolutionary age Arthur McCalla demonstrates the central place of religion in the intellectual life of post revolutionary France in Religion and the Post revolutionary Mind Certain questions What is the nature of religion Does society rest on religious foundations What ought to be the place of religion in society drew sustained attention from across the political spectrum Id ologues viewed religion as error and sought to eradicate it through the promotion of secular values Catholic Traditionalists understood religion as a body of revealed truths of supernatural origin that ought to be authoritative in all aspects of life Liberals sought to replace Christian orthodoxy with a new public faith consonant with liberal values But these blocs were not monolithic and McCalla reveals the complexities of each one as well as the dialogues and rivalries among them The categories established by the concepts of religion these thinkers constructed continue to shape debates over liberationist critiques liberal pluralism la cit and political theology The place of religion in civil society is again a matter of urgent debate Religion and the Post revolutionary Mind provides essential historical context for thinking about the status of religion in the contemporary world

Problems of conduct; an introduction survey of ethics Durant Drake, 1921 Encyclopædia of Religion and Ethics: Indexes James Hastings, John Alexander Selbie, Louis Herbert Gray, 1927

The Moral Culture of the Scottish Enlightenment Thomas Ahnert, 2015-01-27 In the Enlightenment it was often argued that moral conduct rather than adherence to theological doctrine was the true measure of religious belief Thomas Ahnert argues that this enlightened emphasis on conduct in religion relied less on arguments from reason alone than has been believed In fact Scottish Enlightenment champions advocated a practical program of moral culture in which revealed religion was of central importance Ahnert traces this to theological controversies going back as far as the Reformation concerning the conditions of salvation His findings present a new point of departure for all scholars interested in the intersection of religion and Enlightenment

Religion, Morality and the Person Meyer Fortes, 1987-10-15 Meyer Fortes 1906 1982 was one of the foremost anthropologists of this century who for many years worked among the Tallensi of northern Ghana Although he published seminal important monographs on Tallensi family and kinship and on political organization his work on their religion has hitherto remained confined to disparate journals and edited volumes This collection brings together in one place his major writings on religion

Youth, Emerging Adults, Faith, and Giving Patricia Snell Herzog, 2018-05-04 This book is a printed edition of the Special Issue Youth Emerging Adults Faith and Giving that was published in Religions
