## **Religion And Nationalism:**

**Religion and Nationalism in Global Perspective** J. Christopher Soper, Joel S. Fetzer, 2018-10-11 It is difficult to imagine forces in the modern world as potent as nationalism and religion Both provide people with a source of meaning each has motivated individuals to carry out extraordinary acts of heroism and cruelty and both serve as the foundation for communal and personal identity While the subject has received both scholarly and popular attention this distinctive book is the first comparative study to examine the origins and development of three distinct models religious nationalism secular nationalism and civil religious nationalism Using multiple methods the authors develop a new theoretical framework that can be applied across diverse countries and religious traditions to understand the emergence development and stability of different church state arrangements over time The work combines public opinion constitutional and content analysis of the United States Israel India Greece Uruguay and Malaysia weaving together historical and contemporary illustrations **For God and Country** Peter C. Mentzel, 2021-03-11 Religion and nationalism are both powerful and important markers of individual identity but the relationship between the two has been a source of considerable debate Much if not most of the early work done in Nationalism Studies has been based at least implicitly on the idea that religion as a genealogical carrier of identity was displaced with the advent of secular modernity which was caused by nationalism Or to put it another way national identity and its ideological manifestation nationalism filled the void left in people's self identification as religion retreated in the face of modernity Since at least the late 1990s this view has been increasingly challenged by scholars trying to account for the apparent persistence of religious identities Perhaps even more interestingly scholars of both religion and nationalism have noted that these two kinds of self identification while sometimes being tense as the earlier models explained are also frequently coexistent or even mutually supportive This collection of essays explores the current thinking about the relationship between religion and nationalism from a variety of perspectives using a number of different case studies What all these approaches have in common is their interest in complicating our understandings of nationalism as a primarily secular phenomenon by bringing religion back into the discussion **Religious Nationalism in Modern Europe** Philip W. Barker, 2008-08-20 Examines the conditions in which religious nationalism develops and explores why several countries including Ireland England Poland and Greece stand in clear contrast to the broader trend of religious decline **Politics of Religion and Nationalism** Ferran Requejo, Klaus-Jürgen Nagel, 2014-12-17 There are numerous examples of how religion and nationalism intertwine In some cases a common religion is the fundamental marker of a nation's identity whereas in others secular nationalism tries to hold together people of different religious beliefs This book examines the link between religion and nationalism in contemporary politics By exploring case studies on India Russia Israel Canada Chechnya Bosnia Herzegovina Belgium Northern Ireland Scotland Sri Lanka Catalonia and the Basque Country it seeks to understand the relationship between these two key societal forms of diversity and assess the interaction between religious and nationalist

perspectives Expert contributors examine a variety of phenomena including secular nationalism secessionism and politics in which religious pluralism is evolving This book will be of interest to students and scholars of political science religion and politics nationalism federalism secession political philosophy racial and ethnic politics and comparative politics *The New Cold War?* Mark Juergensmeyer, 2023-04-28 Will the religious confrontations with secular authorities around the world lead to a new Cold War Mark Juergensmeyer paints a provocative picture of the new religious revolutionaries altering the political landscape in the Middle East South Asia Central Asia and Eastern Europe Impassioned Muslim leaders in Egypt Palestine and Algeria political rabbis in Israel militant Sikhs in India and triumphant Catholic clergy in Eastern Europe are all players in Juergensmeyer's study of the explosive growth of religious movements that decisively reject Western ideas of secular nationalism Juergensmeyer revises our notions of religious revolutions Instead of viewing religious nationalists as wild eyed anti American fanatics he reveals them as modern activists pursuing a legitimate form of politics He explores the positive role religion can play in the political life of modern nations even while acknowledging some religious nationalists proclivity to violence and disregard of Western notions of human rights Finally he situates the growth of religious nationalism in the context of the political malaise of the modern West Noting that the synthesis of traditional religion and secular nationalism yields a religious version of the modern nation state Juergensmeyer claims that such a political entity could conceivably embrace democratic values and human rights Will the religious confrontations with secular authorities around the world lead to a new Cold War Mark Juergensmeyer paints a provocative picture of the new religious revolutionaries altering the political landscape in the Middle East South Asia Centr Religion and Nationalism in Asia Giorgio Shani, Takashi Kibe, 2019-08-28 This book re-examines the relationship between religion and nationalism in a contemporary Asian context with a focus on East South and South East Asia Addressing empirical analytical and normative questions it analyses selected case studies from across Asia including China India Iraq Japan Pakistan the Philippines and Sri Lanka and compares the differences and commonalities between the diverse configurations of nationalism and religion across the continent It then goes on to explain reasons for the regional religious resurgence and asks is the nation state model aligned with secularism suitable for the region Exploring the two interrelated issues of legacies and possibilities this book also examines the relationship between nationalism and modernity identifying possible and desirable trajectories which go beyond existing configurations of nationalism and religion Bringing together a stellar line up of contributors in the field Religion and Nationalism in Asia will be a valuable resource for students and scholars of Asian religion and politics as well as sociology ethnicity nationalism and comparative politics **Religion and Nationalism in Southeast Asia** Joseph Chinyong Liow, 2016-08-25 Examines the ways in which religion and nationalism have interacted to provide a powerful impetus for mobilization in Southeast Asia Holy Nations and Global Identities Annika Hvithamar, Margit Warburg, Brian Arly Jacobsen, 2009 Combining the insights of scholars from the fields of religion history sociology and political science this book brings together genuine theoretical

explorations and original case studies on civil religion nationalism and globalization      *Politics of Religion and Nationalism* Ferran Requejo, Klaus-Jürgen Nagel, 2014-12-17 There are numerous examples of how religion and nationalism intertwine In some cases a common religion is the fundamental marker of a nation's identity whereas in others secular nationalism tries to hold together people of different religious beliefs This book examines the link between religion and nationalism in contemporary politics By exploring case studies on India Russia Israel Canada Chechnya Bosnia Herzegovina Belgium Northern Ireland Scotland Sri Lanka Catalonia and the Basque Country it seeks to understand the relationship between these two key societal forms of diversity and assess the interaction between religious and nationalist perspectives Expert contributors examine a variety of phenomena including secular nationalism secessionism and politics in which religious pluralism is evolving This book will be of interest to students and scholars of political science religion and politics nationalism federalism secession political philosophy racial and ethnic politics and comparative politics      *The Routledge Handbook of Religion and Nationalism* Jeffrey Haynes, 2025-09-15 The Routledge Handbook of Religion and Nationalism comprehensively surveys the sub disciplinary area of religious nationalism an interaction between religion and nationalism The handbook has a global focus including sections on how why and with what effects religion and nationalism impact politically both domestically and internationally as well as discussing the future of the field and religious nationalism on the ground Bringing together a range of expert contributors the handbook is split into two main parts core issues and country case studies Religions studied include Islam Christianity Hinduism Judaism and Buddhism across countries in Asia Europe the Middle East and North Africa Sub Saharan Africa North America and South America The core issues examined cover nationhood as a concept historical perspectives on nationalism theoretical approaches to nationalism the state populism violence and conflict immigration terrorism globalisation the post secular world and foreign policy Given the comprehensive nature of the handbook it provides crucial complementary reading for students scholars and professionals across politics religion and policy making      **Borders of Belief** Gregory J. Goalwin, 2022-07-15 Why have modern nationalists built religious identity as the foundational signifier of nationality in an increasingly secular world The cases of 20th century Ireland and Turkey reveal the answer religious nationalism is not a knee jerk reaction to secular modernization but a tool that forges new and independent national identities      **The Politics of Religion, Nationalism, and Identity in Asia** Jeff Kingston, 2019-07-30 This comprehensive book provides a comparative analysis of religious nationalism in contemporary globalized Asia Exploring the nexus of religion identity and nationalism Jeff Kingston assesses similarities and differences across the region focusing on how religious sentiments influence how people embrace nationalism and with what consequences Kingston shows that in the age of the internet this has become an especially volatile mix that breeds violence and poses a significant risk to secularism diversity civil liberties democracy and political stability This extremist tide has swept across Asia with tragic results as witnessed by 730 000 Rohingya Muslims driven out of Myanmar 70 000 Kashmiris slaughtered in India and Islamic State

affiliates terrorizing Bangladesh Indonesia the Philippines and Sri Lanka Who could have imagined Buddhist monks inciting violence and intolerance or setting themselves on fire Or pious vigilantes beheading atheist bloggers Or clerics defeating and jailing powerful politicians on blasphemy allegations And what explains why one million Uighur Muslims are locked up in China Examining the causes and consequences of these varied phenomena and what they portend Kingston casts a sobering light on the prospects of the Asian Century      **When Politics Are Sacralized** Nadim N. Rouhana,Nadera

Shalhoub-Kevorkian,2021-05-27 This book provides a comparative interdisciplinary analysis of the invocation and interaction of religious and national assertions in sacralizing local and global politics      The Struggle to Define a Nation Marco

Demichelis,Paolo Maggolini,2017 The present volume analyses the relation between religion and nationalism within the wider context of the so called Islamic World from the first half of twentieth century until the most recent events of the Arab Spring In particular the book seeks to investigate the historical significance of this relationship evaluating and exploring its multidimensional character with a particular focus on the concepts of the nationalization of religion and religious nationalism The book comprises chapters from seventeen specialists      **The Power Worshippers** Katherine Stewart,2020-03-03 The

inspiration for the documentary God Country For readers of Democracy in Chains and Dark Money a revelatory investigation of the Religious Right s rise to political power For too long the Religious Right has masqueraded as a social movement preoccupied with a number of cultural issues such as abortion and same sex marriage In her deeply reported investigation Katherine Stewart reveals a disturbing truth this is a political movement that seeks to gain power and to impose its vision on all of society America s religious nationalists aren t just fighting a culture war they are waging a political war on the norms and institutions of American democracy Stewart pulls back the curtain on the inner workings and leading personalities of a movement that has turned religion into a tool for domination She exposes a dense network of think tanks advocacy groups and pastoral organizations embedded in a rapidly expanding community of international alliances and united not by any central command but by a shared anti democratic vision and a common will to power She follows the money that fuels this movement tracing much of it to a cadre of super wealthy ultraconservative donors and family foundations She shows that today s Christian nationalism is the fruit of a longstanding antidemocratic reactionary strain of American thought that draws on some of the most troubling episodes in America s past It forms common cause with a globe spanning movement that seeks to destroy liberal democracy and replace it with nationalist theocratic and autocratic forms of government around the world Religious nationalism is far more organized and better funded than most people realize It seeks to control all aspects of government and society Its successes have been stunning and its influence now extends to every aspect of American life from the White House to state capitols from our schools to our hospitals The Power Worshippers is a brilliantly reported book of warning and a wake up call Stewart s probing examination demands that Christian nationalism be taken seriously as a significant threat to the American republic and our democratic freedoms      **The Routledge Handbook of Religion and**

**Nationalism** Jeffrey Haynes, 2025 The Routledge Handbook of Religion and Nationalism comprehensively surveys the sub disciplinary area of religious nationalism an interaction between religion and nationalism The handbook has a global focus including sections on how why and with what effects religion and nationalism impact politically both domestically and internationally as well as discussing the future of the field and religious nationalism on the ground Bringing together a range of expert contributors the handbook is split into two main parts core issues and country case studies Religions studied include Islam Christianity Hinduism Judaism and Buddhism across countries in Asia Europe the Middle East and North Africa Sub Saharan Africa North America and South America The core issues examined cover nationhood as a concept historical perspectives on nationalism theoretical approaches to nationalism the state populism violence and conflict immigration terrorism globalisation the post secular world and foreign policy Given the comprehensive nature of the handbook it provides crucial complementary reading for students scholars and professionals across politics religion and policy making Provided by publisher

*The ^AOrigins of American Religious Nationalism* Sam Haselby, 2016-11-01 By identifying a historic fight within Anglo American Protestantism and how it related to major contemporary political developments in the early American republic Sam Haselby explains the origins of the distinct language and means of combining political and religious authority that characterizes American nationalism

**Religious Nationalism in Modern Europe** Philip W. Barker, 2008-08-20 This volume examines the enduring nature of religious nationalism in modern Europe Through a series of in depth case studies covering Ireland England Poland and Greece the author argues that religious frontiers or geographic lines of division between different and unique religions are central to the formation of religiously based national identities Typically as states develop economically and politically religion plays a lesser role in both individual lives and national identity However at religious frontiers religion becomes useful for differentiating and mobilizing groups of people This is particularly true when the religious frontier also represents a threat or conflict Although religion may not be the root of conflict in these instances the conflict takes on religious tones because of its ability to unite an otherwise diverse population Religion takes precedence over language culture or other national building blocks because the other can best be distinguished in religious terms The in depth case studies allow for a deep historical understanding of the processes which converge to create a modern religious nation Greatly expanding our current understanding of the conditions in which religious nationalism develops this important book has implications for our understanding of religion and politics secularization European politics and foreign policy

**Religious Nationalism** Atalia Omer, Jason A. Springs, 2013-02-20 This book tackles the assumptions behind common understandings of religious nationalism exploring the complex connections between religion nationalism conflict and conflict transformation Religious Nationalism A Reference Handbook challenges dominant scholarly works on religious nationalism by identifying the preconceptions that skew analysis of the phenomenon dubbed religious nationalism The book utilizes a multidisciplinary approach that draws insight from theories of nationalism religious studies peace research and political

theory and reframes the questions of religious nationalism within the perspectives of secularism modernity and Orientalism In doing so the author enables readers to uncover their own presumptions regarding the role of religion in public life Unlike other works on this subject the work outlines connections between the analysis of the role of religion in conflict to thoughts regarding how religion may relate to processes of peacebuilding and conflict transformation and further connects the discussion of religious nationalism to broader conversations on the so called resurgence of religion The book will serve advanced high school and college students studying religion international relations and related subjects while also appealing to a wide audience of readers with an interest in questions of religion and politics

**Collectivistic Religions** Slavica Jakelic, 2016-05-23 Collectivistic Religions draws upon empirical studies of Christianity in Europe to address questions of religion and collective identity religion and nationalism religion and public life and religion and conflict It moves beyond the attempts to tackle such questions in terms of choice and religious nationalism by introducing the notion of collectivistic religions to contemporary debates surrounding public religions Using a comparison of several case studies this book challenges the modernist bias in understanding of collectivistic religions as reducible to national identities A significant contribution to both the study of religious change in contemporary Europe and the theoretical debates that surround religion and secularization it will be of key interest to scholars across a range of disciplines including sociology political science religious studies and geography

Right here, we have countless book **Religion And Nationalism** and collections to check out. We additionally come up with the money for variant types and in addition to type of the books to browse. The gratifying book, fiction, history, novel, scientific research, as well as various supplementary sorts of books are readily to hand here.
