## **Religion And Politics In Iran:**

**Post-revolutionary Politics in Iran** David Menashri, 2001 The first part of this book examines domestic developments and their influence on Iran's policy and posture The second explores Iran's regional ambitions and politics The Mantle of the Prophet Roy P. Mottahedeh, 2008-10 Informed by eyewitness testimony the foremost account of Iran's 1979 Revolution and its impact today Drawn from the first hand accounts of eyewitnesses Roy Mottahedeh's absorbing tale of Islam and Politics in revolutionary Iran is widely regarded as one of the best records of that turbulent time ever written This revised edition includes a new chronology detailing events in Iran from the revolution right up to the present day and Ahmadinejad's controversial regime There is simply no better resource for understanding Iran's past present and future **Religion, Culture and Politics in Iran** Joanna de Groot, 2000-08-01 This book offers a new interpretation to the social history of religion in Iran from the 1870s to the 1970s It aims to situate the revolutionary upheavals of 1977-82 in an extensive narrative context of historical developments over the preceding century and to relate the religious elements in that history to other social and cultural issues In the author's analysis Iran's revolution was complex and contingent on a range of factors rather than a simple or inevitable outcome of the nature of the Iranian state or the nature of religion in Iran The focus of the argument is on the human responses of Iranians to their experiences and problems in all their diversity and on the rich variety and complexity of relationships between religion and other aspects of life thought and culture in the daily life of Iranians The Mantle of the Prophet Roy Mottahedeh, 1985 *Religion and Politics in Contemporary Iran* Shahrough Akhavi, 1980-01-01 Indispensable for understanding the recent conflicts in Iran Religion and Politics in Contemporary Iran provides a political history of the fluctuating relationships between the Islamic clergy and Iranian government since 1925 How different factions of the clergy or ulama first lost and then regained a powerful position in Iran is the subject of this book Akhavi analyzes how various factions within the clergy have responded to the government's efforts to encourage modernization and secularization giving particular attention to the changes in the madrasahs or theological colleges He examines the main themes of the Ayatollah Khomeini's book Islamic Government and concludes by examining the alignments among the clergy in the past that indicate how they may develop in the future **Faith and Politics in Iran, Israel and the Islamic State** Ori Goldberg, 2018 Religious faith has been gaining in reach and influence throughout global politics over the last three decades most prominently in the Middle East and theologies of this nature are based on the understanding that faith in God is to be based primarily and predominantly on the realness of God's presence The West accustomed to its own discussion on religion and politics emphasizing democracy and individual freedoms has been at a loss to explain and engage these rising religious polities Through an innovative approach to the role of faith in politics Faith and Politics in Iran Israel and the Islamic State considers political theologies of the real formulated during the twentieth century and proposes that while religion in the West has been committed to absolutist vision these theologies have drawn their

strength from a commitment to their concrete divinely infused reality      **Iran** Nikki R. Keddie, 1980 First Published in 1983  
Routledge is an imprint of Taylor Francis an informa company      **Religion and politics in contemporary Iran** Shahrugh  
Akhavi, 1979      **Shia Islam and Politics** Jon Armajani, 2020-05-20 This book argues that ever since Iran's Islamic  
Revolution in 1979 which established a Shia Islamic government in Iran that country's religious and political leaders have  
used Shia Islam as a crucial way of expanding Iran's objectives in the Middle East and beyond Since 1979 Iran's religious and  
political leaders have been concerned about Iran's security in the face of the hostility and expansionism of the United States  
and other western countries and the threats from powerful neighboring Sunni leaders and countries While Iran's government  
has attempted to align itself with Shia Muslims in various countries such as Iraq and Lebanon against American and Sunni  
expansionism the Iranian government has attempted to religiously nourish and politically mobilize those Shias as a matter of  
principle not only because of the Iranian government's desires to protect Iran from external threats The book analyzes Shia  
Islam and politics in Iran Iraq and Lebanon which have among the largest proportional Shia populations in the Middle East  
and are vibrant centers of Shia intellectual life The book's clear and jargon free approach make it especially accessible for  
students and general readers who would like an introduction to the book's topics      **The Political System of the Islamic  
Republic of Iran** M. Mahmood, 2006 The book is an authentic and authoritative introduction to the contemporary political  
establishment in Iran The book analyses incisively the political system of the Islamic Republic of Iran Students research  
scholars of political science will find the study informative and unique in treatment on politics and prove beneficial for study

**The Secular Miracle** 'Alī Rāhnamā, Farhād Nu'mānī, 1990      **Religion, politics and ethnicity in iran: investigating  
the case of the sunni deobandis** Hoshang Noraiee, 2022-06-30 This project evolved out of my research on several other top  
ics concerning militant Islam among Sunnis in Iran Deobandis and female Deobandi madares Since then several more  
informants have sincerely come forward to help me update my information on the current research      **The Mantle of the  
Prophet** Roy P. Mottahedeh, 2009      **Women and the Political Process in Twentieth-Century Iran** Parvin  
Paidar, 1997-07-24 In a challenging and authoritative analysis of the role of Iranian women in the political process Parvin  
Paidar considers the ways they have been affected by the evolutionary and revolutionary transformations of twentieth  
century Iran In so doing she demonstrates how political reorganisation has of necessity redefined the position of women and  
that contrary to the view of conventional scholarship gender issues are fundamental to the political process in contemporary  
Iran The implications of the study bear on the broader issues of women in the Middle East and the developing countries  
generally      **Iran and the Muslim World: Resistance and Revolution** N. Keddie, 1995-04-03 This book consists of a  
series of interrelated chapters analyzing why Iran among all countries has seen so many revolutionary movements in the past  
century the degree to which its religion Shi'ism is revolutionary and the history of revolutionary and resistance movements in  
the modern Muslim world The author stresses historical change such as the change of Twelver Shi'ism from political

quietism to revolutionary opposition and also previously unnoticed factors in revolution such as the multi urban character of all Iran s modern revolutions

**Religion and Societies** Carlo Caldarola,2011-06-01 The series Religion and Society RS contributes to the exploration of religions as social systems both in Western and non Western societies in particular it examines religions in their differentiation from and intersection with other cultural systems such as art economy law and politics Due attention is given to paradigmatic case or comparative studies that exhibit a clear theoretical orientation with the empirical and historical data of religion and such aspects of religion as ritual the religious imagination constructions of tradition iconography or media In addition the formation of religious communities their construction of identity and their relation to society and the wider public are key issues of this series

**A History of Social Justice and Political Power in the Middle East** Linda T. Darling,2013-05-02 From ancient Mesopotamia into the 20th century the Circle of Justice as a concept has pervaded Middle Eastern political thought and underpinned the exercise of power in the Middle East The Circle of Justice depicts graphically how a government s justice toward the population generates political power military strength prosperity and good administration This book traces this set of relationships from its earliest appearance in the political writings of the Sumerians through four millennia of Middle Eastern culture It explores how people conceptualized and acted upon this powerful insight how they portrayed it in symbol painting and story and how they transmitted it from one regime to the next Moving towards the modern day the author shows how although the Circle of Justice was largely dropped from political discourse it did not disappear from people s political culture and expectations of government The book demonstrates the Circle s relevance to the Iranian Revolution and the rise of Islamist movements all over the Middle East and suggests how the concept remains relevant in an age of capitalism A must read for students policymakers and ordinary citizens this book will be an important contribution to the areas of political history political theory Middle East studies and Orientalism

**Islam and Dissent in Postrevolutionary Iran** Behrooz Ghamari-Tabrizi,2008-04-08 The Iranian revolution of 1979 overhauled not only the foundations of Iranian society religion and politics but also our understanding of the role of religion in modern government Here Behrooz Ghamari Tabrizi takes us on an enlightening journey showing that the revolution unintentionally opened up the public sphere to competing interpretations of Islam Far from being the exclusive preserve of high ranking seminarians as before in contemporary Iran lay theologians intellectuals lawyers and social activists are active and influential interlocutors in debates on the meaning of Islam A key figure is philosopher Abdolkarim Soroush a leading force behind Iran s pro democracy movement and vocal critic of the state Through a close reading of Soroush s writings and by tracing the links between Muslim intellectual critique and the realpolitik of postrevolutionary power struggles Ghamari Tabrizi offers nothing less than a pathbreaking reassessment of the Iranian revolution With powerful insights Islam and Dissent is essential for an understanding of the Muslim world today as of the new relationships between religion politics and democracy visible across the globe Islam and politics a very important topic especially re Iran Soroush is a key figure in Iran

and in Middle East generally This title is recommended by star academics in the field of Islam and politics Religion and Globalization Peter F Beyer,1994-01-17 In his exploration of the interaction between religion and worldwide social and cultural change the author examines the major theories of global change and discusses the ways in which such change impinges on contemporary religious practice meaning and influence Beyer explores some of the key issues in understanding the shape of religion today including religion as culture and as social system pure and applied religion privatized and publicly influential religion and liberal versus conservative religions He goes on to apply these issues to five contemporary illustrative cases the American Christian Right Liberation Theology movements in Latin America the Islamic Revolution in Iran Zionists in Israel and religious environmentalism **The Iran National Front and the Struggle for Democracy** Masoud Kazemzadeh,2022-05-09 The Iran National Front and the Struggle for Democracy 1949 Present explores the activities of the Iran National Front INF The INF is a coalition of parties groups and individuals and Iran s oldest and main pro democracy political party This book presents a political history of the INF from 1949 to the present day It discusses the current platform of the INF its leadership policies strategies as well as criticisms and weaknesses The volume draws on a rich range of primary sources INF documents and interviews including translated transcripts with the top leader of the INF As it is one of the major political parties opposing the current regime in Iran the book also examines the current situation in the country It provides an analysis of the nature of the political systems under the Shah and the Islamic Republic
