The Songs of Hollywood Philip Furia, Laurie Patterson, 2010-04-07 From *Over the Rainbow* to *Moon River* and from Al Jolson to Barbra Streisand *The Songs of Hollywood* traces the fascinating history of song in film both in musicals and in dramatic movies such as *High Noon*. Extremely well illustrated with 200 film stills, this delightful book sheds much light on some of Hollywood's best known and loved repertoire, explaining how the film industry made certain songs memorable and highlighting important moments of film history along the way. The book focuses on how the songs were presented in the movies from early talkies where actors portrayed singers performing the songs to the Golden Age in which characters burst into expressive integral song not as a performance but as a spontaneous outpouring of feeling. The book looks at song presentation in 1930s classics with Fred Astaire and Ginger Rogers and in 1940s gems with Judy Garland and Gene Kelly. The authors also look at the decline of the genre since 1960 when most original musicals were replaced by film versions of Broadway hits such as *My Fair Lady*.

Rosemary's Baby Michael Newton, 2020-05-14 *Rosemary's Baby* is one of the greatest movies of the late 1960s and one of the best of all horror movies: an outstanding modern Gothic tale, an art-house fable, and an elegant popular entertainment. It finds its home on the cusp between a cinema of sentiment and one of sensation. Michael Newton's study of the film traces its development at a time when Hollywood stood poised between the old world and the new, its dominance threatened by the rise of TV and cultural change, and the roles played variously by super-producer Robert Evans, the film's producer William Castle, director Polanski, and its stars including Mia Farrow and John Cassavetes. Newton's close textual analysis explores the film's meanings and resonances and, looking beyond the film itself, he examines its reception and cultural impact and its afterlife in which *Rosemary's Baby* has become linked with the terrible murder of Polanski's wife and unborn child by members of the Manson cult and with controversies surrounding the director.

Behind the Screen Brynn W. Shiovitz,2023 How and why was outdated racial content and specifically blackface minstrelsy not only permitted but in fact allowed to thrive during the 1930s and 1940s despite the rigid motion picture censorship laws which were enforced during this time Introducing a new theory of covert minstrelsy this book illuminates Hollywood s practice of capitalizing on the Africanist aesthetic at the expense of Black lived experience Through close examination of the musicals made during this period this book shows how Hollywood utilized a series of covert guises or subterfuges complicated and further masked by a film s narrative framing and novel technology to distract both censors and audiences from seeing the ways in which they were being fed a nineteenth century White narrative of Blackness Drawing on the annals of Hollywood s most popular and its extremely rare films *Behind the Screen* uncovers a half century of blackface

application by delicately removing the individual layers of disguise through close analyses of films which paint tap dance swing and other predominantly Africanist forms in a negative light This book goes beneath the image of recognizable White performers including Al Jolson Eddie Cantor Fred Astaire and Eleanor Powell exploring the high cost of their onscreen representational politics The book also recuperates the stories of several of the Black artists whose labor was abused during the choreographic and filming process Some of the many newly documented stories include those of The Three Chocolateers The Three Eddies The Three Gobs The Peters Sisters Jeni Le Gon and Cora La Redd In stripping away the various disguises involved during Hollywood s Golden Age Behind the Screen recovers the visibility of Black artists whose names Hollywood omitted from the credits and whose identities America has written out of the national narrative
