## **Roman Succession Crisis Of AD 96-99 And The Reign Of Nerva:**

**Nerva and the Roman Succession Crisis of AD 96-99** John D. Grainger, 2004 John Grainger's detailed study examines a period of intrigue and conspiracy studies how why and by whom Domitian was killed and investigates the effects of this dynastic uncertainty and why civil war didn't occur in this time of political upheaval

**Nerva and the Roman Succession Crisis of AD 96-99** John D. Grainger, 2003 The imperial succession at Rome was notoriously uncertain and where possible hereditary succession was preferred John Grainger's detailed study looks at a period of intrigue and conspiracy He explores how why and by whom Domitian was killed the rule of Nerva chosen to succeed him and finally Nerva's own choice of successor Trajan who became a strong and respected emperor against the odds Perhaps most significantly Grainger investigates the effects of this dynastic uncertainty both inside and outside the ruling group in Rome asking why civil war did not occur in this time of political upheaval The last time a dynasty had failed in AD 68 a damaging military conflict had resulted at the next failure in AD 192 another war broke out by the third century civil war was institutionalized and was one of the main reasons for the eventual downfall of the entire imperial structure Grainger argues that though AD 96-98 stands out as the civil war that did not happen it was a perilously close run thing

*Guarding the Caesars* Rose Mary Sheldon, 2023-08-29 *Guarding the Caesars* is the story of the survival of the Flavian emperors in Rome The dynasty produced three of the most famous and productive rulers in the Roman Empire Vespasian built the Colosseum Titus won the Great Jewish War of 66-70 and his men were responsible for the destruction of the Temple in Jerusalem Domitian perhaps Rome's greatest builder is responsible for many of the buildings we connect with Rome today He was without a doubt among the most controversial of all Roman rulers and the subject of much debate still today The Flavian dynasty begins with the death of the four successors to the Julio Claudians and ends with the dramatic assassination of Domitian in his own palace In between there are numerous attempts to kill the sitting emperor Seventy five percent of all Roman emperors died of assassination the highest rate of any monarchy in the world This is the story of how the emperors security services tried to keep three of them alive

**The Image of Political Power in the Reign of Nerva, AD 96-98** Nathan T. Elkins, 2017 At age 65 Nerva assumed the role of emperor of Rome just sixteen months later his reign ended with his death Nerva's short reign robbed his regime of the opportunity for the emperor's imperial image to be defined in building or monumental art leaving seemingly little for the art historian or archaeologist to consider In view of this paucity studies of Nerva primarily focus on the historical circumstances governing his reign with respect to the few relevant literary sources *The Image of Political Power in the Reign of Nerva AD 96-98* by contrast takes the entire imperial coinage program issued by the mint of Rome to examine the self representation and by extension the policies and ideals of Nerva's regime The brevity of Nerva's reign and the problems of retrospection caused by privileging posthumous literary sources make coinage one of the only ways of reconstructing anything of his image and ideology as it was disseminated and developed at the end of the first

century during the emperor's lifetime. The iconography of this coinage and the popularity and spread of different iconographic types as determined by study of hoards and finds and as targeted towards different ancient constituencies offers a more positive take on a little studied emperor. Across three chapters Elkins traces the different reverse types and how they would have resonated with their intended audiences concluding with an examination of the parallels between text and coin iconography with previous and subsequent emperors. *The Image of Political Power in the Reign of Nerva AD 96-98* thus offers significant new perspectives on the agents behind the selection and formulation of iconography in the late first and early second century showing how coinage can act as a visual panegyric similar to contemporary laudatory texts by tapping into how the inner circle of Nerva's regime wished the emperor to be seen. **Lucius Verus and the Roman**

**Defence of the East** M.C. Bishop, 2018-03-30 The first biography of Marcus Aurelius adopted brother and co-emperor a valuable read for anyone with an interest in Roman history. *The NYMAS Review* Lucius Verus is one of the least regarded Roman emperors despite the fact that he was co-ruler with his adoptive brother Marcus Aurelius for nine years until his untimely death. The later sources were strangely hostile to him and modern writers tend to dismiss him but contemporary writings shine a more favorable light on his accomplishments. His handling of military affairs particularly the conflict with Parthia after their invasions of Armenia and Syria deserves a new consideration in the light of a careful reassessment of all the available source material. This volume looks at the upbringing of the boy who lost two fathers acquired a brother had his name changed twice became a general overnight and commanded the army that defeated one of Rome's greatest foes in the 2nd century AD. His rise to power is placed in the context of Rome's campaigns in the East and the part played by all from the ordinary soldiers up to the aristocracy who commanded them in making Lucius Verus's Parthian Wars a success. Bishop's background is in Roman military archaeology and where the details of Roman warfare are concerned he knows his subject matter backwards and forwards. For those who wish to understand how the Roman commanders fighting under Verus achieved success in the East Bishop's book can be heartily recommended. *Bryn Mawr Classical Review* **The Tacitus**

great maxims of history is that it is written by the victors and nowhere does this find greater support than in the later Roman Empire Between 284 and 395 AD no fewer than 37 men claimed imperial power though today we recognize barely half of these men as legitimate rulers and more than two thirds died at their subjects hands Once established in power a new ruler needed to publicly legitimate himself and to discredit his predecessor overt criticism of the new regime became high treason with historians suppressing their accounts for fear of reprisals and the very names of defeated emperors chiselled from public inscriptions and deleted from official records In a period of such chaos how can we ever hope to record in any fair or objective way the history of the Roman state Emperors and Usurpers in the Later Roman Empire is the first history of civil war in the later Roman Empire to be written in English and aims to address this question by focusing on the various ways in which successive imperial dynasties attempted to legitimate themselves and to counter the threat of almost perpetual internal challenge to their rule Panegyric in particular emerges as a crucial tool for understanding the rapidly changing political world of the third and fourth centuries providing direct evidence of how in the wake of civil wars emperors attempted to publish their legitimacy and to delegitimize their enemies The ceremony and oratory surrounding imperial courts too was of great significance used aggressively to dramatize and constantly recall the events of recent civil wars the narratives produced by the court in this context also went on to have enormous influence on the messages and narratives found within contemporary historical texts In its exploration of the ways in which successive imperial courts sought to communicate with their subjects this volume offers a thoroughly original reworking of late Roman domestic politics and demonstrates not only how history could be erased rewritten and repurposed but also how civil war and indeed usurpation became endemic to the later Empire **Syrian Influences in the Roman Empire to AD 300** John D. Grainger, 2017-09-01

The study of Syria as a Roman province has been neglected by comparison with equivalent geographical regions such as Italy Egypt Greece and even Gaul It was however one of the economic powerhouses of the empire from its annexation until after the empire s dissolution As such it clearly deserves some particular consideration but at the same time it was a major contributor to the military strength of the empire notably in the form of the recruitment of auxiliary regiments several dozens of which were formed from Syrians Many pagan gods such as Jupiter Dolichenus and Jupiter Heliopolitanus Dea Syra and also Judaism originated in Syria and reached the far bounds of the empire This book is a consideration based on original sources of the means by which Syrians whose country was only annexed to the empire in 64 BC saw their influence penetrate into all levels of society from private soldiers and ordinary citizens to priests and to imperial families Character Studies in the Gospel of Matthew Matthew Ryan Hauge, Craig Evan Anderson, 2024-02-08 This volume examines a multitude of characters in Matthew s gospel and provides an in depth look at the different approaches currently employed by scholars working with literary and reader oriented methods Beginning with an introduction on the properties of character and the several aspects involved in the creation of person the contributors provide a close reading of numerous characters and

character types in the Gospel of Matthew Including Mary King Herod John the Baptist Jesus the Preacher Jesus the Teacher God the Father the Roman Centurion Peter Women Gentiles Scribes and Pharisees and Romans Such close studies aid the understanding of different issues in Matthean characterization while also charting the development of hermeneutical vistas that have developed in contemporary scholarship resulting in a collection of exegetical character studies that are self consciously working from a literary narrative critical reader oriented or related methodology

**Into All the World** Mark Harding,Alanna Nobbs,2017 Into All the World the third volume from editors Mark Harding and Alanna Nobbs on the content and social setting of the New Testament brings together a team of eminent Australian scholars in ancient history New Testament and the early church to take the story of Christianity into the Jewish and Greco Roman world of the first century In thirteen chapters the contributors discuss all the post Pauline New Testament writings devoting attention to both their content and their context They examine the impact of the growth of the church on both Jews and Gentiles exploring issues such as the diaspora minorities the Book of Acts and the Fourth Gospel The book then proceeds to a discussion of the impact of Christianity on the Roman state including consideration of the book of Revelation and the imperial cult A final chapter investigates how the church was perceived by Clement of Rome at the end of the first century

**Nero Caesar Augustus** David Shotter,2014-06-03

Propelled to power by the age of 17 by an ambitious mother self indulgent to the point of criminality inadequate paranoid and the perpetrator of heinous crimes including matricide and fratricide and deposed and killed by 31 Nero is one of Rome s most infamous Emperors But has history treated him fairly Or is the popular view of Nero as a capricious and depraved individual a travesty of the truth and a gross injustice to Rome s fifth emperor This new biography will look at Nero s life with fresh eyes While showing the manwarts and all it also casts a critical eye on the libels which were perpetrated on him such as claiming he was a madman many of which were most probably made up to suit the needs of the Flavians who had overthrown

his dynasty     *The Roman World 44 BC-AD 180* Martin Goodman,2013-06-17 The Roman World 44 BC AD 180 deals with the transformation of the Mediterranean regions northern Europe and the Near East by the military autocrats who ruled Rome during this period The book traces the impact of imperial politics on life in the city of Rome itself and in the rest of the empire arguing that despite long periods of apparent peace this was a society controlled as much by fear of state violence as by consent Martin Goodman examines the reliance of Roman emperors on a huge military establishment and the threat of force He analyses the extent to which the empire functioned as a single political economic and cultural unit and discusses region by region how much the various indigenous cultures and societies were affected by Roman rule The book has a long section devoted to the momentous religious changes in this period which witnessed the popularity and spread of a series of elective cults and the emergence of rabbinic Judaism and Christianity from the complex world of first century Judaea This book provides a critical assessment of the significance of Roman rule for inhabitants of the empire and introduces readers to many of the main issues currently faced by historians of the early empire This new edition incorporating the finds of recent scholarship includes a fuller narrative history expanded sections on the history of women and slaves and on cultural life in the city of Rome many new illustrations an updated section of bibliographical notes and other improvements designed to make the volume as useful as possible to students as well as the general reader     *The Papers of Thomas Jefferson, Volume 33* Thomas Jefferson,2018-06-05 Under normal circumstances Thomas Jefferson would have had more than two months to prepare for his presidency However since the House of Representatives finally settled a tied electoral vote only on 17 February 1801 he had two weeks This book which covers the two and a half month period from that day through April 30 is the first of some twenty volumes that will document Jefferson s two terms as President of the United States Here Jefferson drafts his Inaugural Address one of the landmark documents of American history In this famous speech delivered before a packed audience in the Senate Chamber on March 4 he condemns political intolerance and asserts that we are all republicans we are all federalists while invoking a policy of friendship with all nations entangling alliances with none Jefferson appoints his Cabinet members and deals with the time consuming process of sifting through the countless appeals and supporting letters of recommendation for government jobs as he seeks to reward loyal Republicans and maintain bipartisan harmony at the same time Among these letters is one from Catharine Church who remarks that only women excluded as they are from political favor or government employment can be free of ignorant affectation and address the president honestly Jefferson also initiates preparations for a long cruise by a squadron of American warships with an unstated expectation that their destination will probably be the Barbary Coast of the Mediterranean
