The History of the Ancient Britons and Their Descendants Thomas Watkins Powell, 1882      **The Roman Villa in Britain** A.L.F. Rivet, 2024-08-28 The Roman Villa in Britain 1969 is a comprehensive examination of Roman villas in Romano Britain in a series of essays by six specialists H C Bowen well known for his work on early field systems examines the evidence for the native Celtic agriculture which was practised in pre Roman Britain and continued to form the basis of the country's economy after the conquest The ground plans of the villas and their implications are discussed by Sir Ian Richmond while David Smith considers the mosaic pavements both as implications of the wealth of their owners and as evidence for the existence of distinct local schools of mosaicists Joan Liversidge deals with internal decoration and furnishing A L F Rivet reflects on the social and economic implications of the changing fortunes of the villas and Graham Webster discusses the future of villa studies from the standpoint of the modern excavator      *A History of the British Isles* Kenneth L. Campbell, 2017-01-26 CHOICE Outstanding Academic Title 2017 A History of the British Isles is a balanced and integrated political social cultural and religious history of the British Isles in all its complexity exploring the constantly evolving dialogue and relationship between the past and the present A wide range of topics and questions are addressed for each period and territory discussed including England's Wars of the Roses of the 15th century and their influence on court politics during the 16th century Ireland's Rebellion of 1798 the Potato Famine of the 1840s and the Easter Rising of 1916 the two World Wars and the Great Depression British cultural and social change during the 1960s and the history and future of the British Isles in the present day Kenneth Campbell integrates the histories of England Ireland Scotland and Wales by exploring common themes and drawing on comparative examples while also demonstrating how those histories are different making this a genuinely integrated text Campbell's approach allows readers to appreciate the history of the British Isles not just for its own sake but for the purposes of understanding our current political divisions our world and ourselves      **Roman Villas** J.T. Smith, 2012-10-12 Roman Villas explores the social structures of the Roman world by analysing the plans of buildings of all sizes from slightly Romanized farms to palaces The ways in which the rooms are grouped together how they intercommunicate and the ways in which individual rooms and the house are approached reveal various social patterns which question traditional ideas about the Roman family and household J T Smith argues that virtually all houses were occupied by groups of varying composition challenging the received wisdom that they were single family houses whose size reflected only the owner's wealth and number of servants Roman Villas provides a meticulously documented and scholarly examination of the relationship between the living quarters of the Roman and their social and economic development which introduces a new area in Roman studies and a corpus of material for further analysis The inclusion of almost 500 ground plans drawn to a uniform scale allows the reader to compare the similarities and differences between house structure as well as effectively illustrating the arguments      **Imagining Roman Britain** Virginia Hoselitz, 2015 An examination of how the Roman past

was perceived and used by Victorian Britain The authority of classical texts was challenged in the mid Victorian era through the unearthing of a very different Rome in the material remains under British soil Developments in archaeology created a new picture of Roman Britain as wealthy and civilized an image which sat more comfortably with the Victorians own changing view of empire as they themselves became an imperial power Changing intellectual ideas ensured that the Roman heritage could no longer be seen solely as the preserve of the classically educated upper class excavating with a spade allowed a larger audience to participate and own the Roman past This book explores the whole phenomena using archaeological activity in four British provincial towns Caerleon Cirencester Colchester and Chester to offer an explanation of how and why it happened and providing authoritative and fresh insights into the way in which Victorian archaeology emerged developed and altered how the modern world understood the ancient In the process it brings to the fore the frequently contradictory and confused ideas about Roman Britain in the Victorian imagination VIRGINIA HOSELITZ gained her PhD at the Department of Classics and Ancient History University of Bristol *Literature Connections to World History* K6 Lynda G. **The English Peasantry and the Growth of Lordship** Rosamond Faith, 1999-04-01 This account of the changing relationship between lords and peasants in medieval England challenges many received ideas about the origins of the manor the status of the Anglo Saxon peasantry the 12th century economy and the origins of villeinage The author covers the period from the end of the Roman empire to the late 12th century tracing in post Conquest society the continuing influence of developments which originated in Anglo Saxon England Drawing on work in archaeology and landscape studies as well as on documentary sources the book describes a fundamental division within the peasantry that between the very dependent tenants and agricultural workers on the inland of the estates of ministers

kinds and lords and the more independent peasantry of the warland The study leads to the expression of views on many aspects of the development of society in the period      **Garden History** John Dixon Hunt,1992 This collection of essays explores the issues methods and approaches that students in landscape architecture have developed during that period to cope with the expanding subject of gardens and their history The volume will serve as a bench mark in the field with its range of approaches and wealth of illustrative material Each contributor focuses upon a specific piece of his or her research and uses this as a basis to discuss the wider implications of the study of gardens within such contexts as botanical horticultural agrarian literary technological social culture political and art history Provided by publisher

**The Roman Villa in South-West England** Keith Branigan,1976      *The Eagle in Green Man's Clearing* A. L. O'Connor,2019-11-19 The

Romans come to Britannia with one mission settle their people and add Britannia to their ever expanding empire In first century AD centurion Quintus Agricola travels to Gosbecks Power hungry Rome seeks to make Gosbecks a colonia for retiring soldiers but must first clear out its current occupants To achieve this they enter into treaties with local Celtic tribes but these treaties are heavily slanted toward the Roman government and levy unrealistic taxes on the indigenous people Beyond the Celts the Romans must also deal with the Druids of Britannia religious leaders that act in judicial roles The Druids are a serious source of potential problems so the Romans strive to stamp out this priestly class However they do not manage to kill all of them as some Druids escape to spread word of these horrors The Romans hope to establish their colony by changing the native people but will they end up changed instead      **Gender and the Representation of Evil** Lynne Fallwell,Keira V. Williams,2016-07-28 This edited collection examines gendered representations of evil in history the arts and literature Scholars often explore the relationships between gender sex and violence through theories of inequality violence against women and female victimization but what happens when women are the perpetrators of violent or harmful behavior How do we define evil What makes evil men seem different from evil women When women commit acts of violence or harmful behavior how are they represented differently from men How do perceptions of class race and age influence these representations How have these representations changed over time and why What purposes have gendered representations of evil served in culture and history What is the relationship between gender punishment of evil behavior and equality
