**Jane Rowlandson, Roger S. Bagnall**

## **Roman Woman:**

**Dress and the Roman Woman** Kelly Olson, 2012-08-06 In ancient Rome the subtlest details in dress helped to distinguish between levels of social and moral hierarchy. Clothes were a key part of the sign systems of Roman civilization, a central aspect of its visual language for women as well as men. This engaging book collects and examines artistic evidence and literary references to female clothing, cosmetics, and ornament in Roman antiquity, deciphering their meaning and revealing what it meant to be an adorned woman in Roman society. Cosmetics, ornaments, and fashion were often considered frivolous, wasteful, or deceptive, which reflects ancient views about the nature of women. However, Kelly Olson uses literary evidence to argue that women often took pleasure in fashioning themselves, and many treated adornment as a significant activity, enjoying the social status, influence, and power that it signified. This study makes an important contribution to our knowledge of Roman women and is essential reading for anyone interested in ancient Roman life. *Women in Roman Law and Society* Jane F. Gardner, 2008-03-07 The legal situation of the women of ancient Rome was extremely complex, and since there was no sharp distinction between free woman, freedwoman, and slave, the definition of their legal position is often heard. Basing her lively analysis on detailed study of literary and epigraphic material, Jane F. Gardner explores the provisions of the Roman laws as they related to women. Dr. Gardner describes the ways in which the laws affected women throughout their lives in families as daughters, wives, and parents; as heiresses and testators; as owners and controllers of property; and as workers. She looks with particular attention at the ways in which the strict letter of the law came to be modified, softened, circumvented, and even changed, pointing out that the laws themselves tell us as much about the economic situation of women and the range of opportunities available to them outside the home. *Roman Wives, Roman Widows* Bruce W. Winter, 2003 During the late Republic and early Empire, the new woman made her appearance. This was a wife or widow of means who took part in life outside the walls of her house, including wider society, business, and extra-marital affairs.

*Ancient Roman Women* Brian Williams, 2002-12-05 Looks at how women lived in ancient Roman times, discussing marriage, fashion, and religion. **Roman Women** Eve D'Ambra, 2007 Publisher description *Roman Women* Augusta Frascchetti, 2001 This collection of essays features important Roman women who were active in politics, theater, cultural life, and religion from the first through the fourth centuries. The contributors draw on rare documents in an attempt to reconstruct in detail the lives and accomplishments of these exceptional women, a difficult task considering that the Romans recorded very little about women. They thought it improper for a woman's virtues to be praised outside the home. Moreover, they believed that a feeble intellect, a weakness in character, and a general incompetence prevented a woman from participating in public life. Through this investigation, we encounter a number of idiosyncratic personalities. They include the vestal virgin Claudia Cornelia, a matron, the passionate Fulvia, a mime known as Lycoris, the politician Livia, the martyr and writer Vibia Perpetua, a hostess named Helena Augusta, the intellectual Hypatia, and the saint Melania the Younger. Unlike

their silent female counterparts these women stood out in a culture where it was terribly difficult and odd to do so **A to Z of Ancient Greek and Roman Women** Marjorie Lightman,Benjamin Lightman,2008 Presents a biographical dictionary profiling more than 500 important ancient Greek and Roman women including when and where they lived and notable accomplishments *The Roman Gaze* David Fredrick,2002-11-18 Sharrock William C Fitzgerald University of California Berkeley American Historical Review *Roman Women* Alfred Brittain,1908 **Roman Women** Paul Chrystal,2017-05-17 Roman Women John Percy Vyvian Dacre Balsdon,1963 Om historiske og mytologiske kvindeskikkelser i romerriget fra Romulus amme til Constantins mor samt om kvindens liv i familie og samfund *A Roman Women Reader* Sheila K. Dickison,Judith P. Hallett,2014-12-14 This selection of Latin readings drawn from texts in a variety of genres across four centuries aims to provide a comprehensive and accurate picture of the images and realities of women in Roman antiquity Depicted in the readings are both historical and fictional women of varying ages and at different stages of life from a range of social classes and from different locales We see them dramatized sometimes in their own words in the roles the women actually played as wives and mothers friends and lovers This Reader differs from others in showing women in explicitly erotic roles in drawing some of its passages from archaic Latin and in encouraging a variety of critical approaches all suitable for its intended college level audience *The Roman Wedding* Karen K. Hersch,2010-05-24 This is the first book length examination of Roman wedding ritual **Women in the Ancient World** John Peradotto,John Patrick Sullivan,1984-01-01 One of the reasons for the study of the Greek and Roman classics is their perpetual relevance In no area can this position be more clearly defended than in the investigation of the feminine condition for it was here that basic attitudes derogatory to the sex were molded by legal and social systems by philosophers and poets and by the thinking of men long since gone *Women in the Ancient World* brings together essays that examine philosophy social history literature and art and that extend from the early Greek period through the Roman Empire Their wide range of critical perspectives throws new light on the personal political socio economic and cultural position of women Women and Society in Greek and Roman Egypt Jane Rowlandson,Roger S. Bagnall,1998-11-26 The period of Egyptian history from its rule by the Macedonian Ptolemaic dynasty to its incorporation into the Roman and Byzantine empires has left a wealth of evidence for the lives of ordinary men and women Texts often personal letters written on papyrus and other materials objects of everyday use and funerary portraits have survived from the Graeco Roman period of Egyptian history But much of this unparalleled resource has been available only to specialists because of the difficulty of reading and interpreting it Now eleven leading scholars in this field have collaborated to make available to students and other non specialists a selection of over three hundred texts translated from Greek and Egyptian as well as more than fifty illustrations documenting the lives of women within this society from queens to priestesses property owners to slave girls from birth through motherhood to death Each item is accompanied by full explanatory notes and bibliographical references **The 'cursus laborum' of Roman Women** Anna

Tatarkiewicz,2023-03-09 This book assesses a narrow but vital and so far understudied part of Roman women's lives: puberty preparation for pregnancy, pregnancy and childbirth. Bringing together for the first time the material and textual sources for this key life stage, it describes the scientific, educational, medical and emotional aspects of the journey towards motherhood. The first half of the book considers the situation a Roman girl would find herself in when it came to preparing for children. Sources document the elementary sexual education offered at the time and society's knowledge of reproductive health. We see how Roman women had recourse to medical advice but also turned to religion and magic in their preparations for childbirth. The second half of the book follows the different stages of pregnancy and labour. As well as the often documented examples of joyous expectation and realisation of progeny, there are also family tragedies: young girls dying prematurely, stillbirth, death in childbirth and death during confinement. Finally, the book considers the social change that childbirth wrought on the mother, not just the new baby in many ways, it was also a mother who was in the process of being conceived and brought into the world.

**A History of Women in the West** Georges Duby, Michelle Perrot, Pauline Schmitt

Pantel,1992 Volume 3 has some references to homosexuality and lesbianism in the index.

**Ephesian Women in Greco-Roman and Early Christian Perspective** Elif Hilal Karaman,2018-10-16 In this volume Elif Hilal Karaman examines the lives of Ephesian women in their historical and social contexts, considering in particular their roles as mothers, wives, teachers and individuals in the private and public spheres. She presents Greco-Roman and early Christian sources relevant to Ephesus and relating to women, including more than 300 Ephesian inscriptions and analyses them comparatively. By doing this, she illuminates the impact of early Christianity upon the roles of women. The evidence presented demonstrates the extent to which early Christian authors utilized Greco-Roman cultural elements to construct a social background for the nascent Christian communities for whom they wrote. Elif Hilal Karaman's work thus advocates for the interpretation of early Christian texts in conversation with local archaeological and literary evidence in order to develop more nuanced understandings of the social and historical contexts of these important works.

**Daily Life of Women in Ancient Rome** Sara Elise

Phang,2022-03-22 This book provides an invaluable introduction to the social, economic and legal status of women in ancient Rome. *Daily Life of Women in Ancient Rome* is an invaluable introduction to the lives of women in the late Roman Republic and first three centuries of the Roman Empire. Arranged chronologically and thematically, it examines how Roman women were born, educated, married and active in economic, social, public and religious life, as well as how they were commemorated and honored after death. Though they were excluded from formal public and military offices, wealthy Roman women participated in public life as benefactors and in religious life as priestesses. The book also acknowledges the status and occupations of women taking part in public life as textile producers, retail workers and agricultural laborers, as well as enslaved women. The book provides a thorough introduction to the social history of women in the Roman world and gives students and aspiring scholars references to current scholarship and to primary literary and documentary sources, including

collected sources in translation     The Marriage of Roman Soldiers (13 B.C.-A.D. 235) Sara Elise Phang, 2001 Roman soldiers were forbidden to marry during service many formed de facto families This book analyzes the evidence for this ban the social and legal history of the soldiers families and the marriage ban as policy and as cultural formation
