Kane,2017-10-10 Kane explores the role of religious identity in Boston in the years 1900 1920 arguing that Catholicism was a central integrating force among different class and ethnic groups She traces the effect of changing class status on religious identity and solidarity and she delineates the social and cultural meaning of Catholicism in a city where Yankee Protestant nativism persisted even as its hegemony was in decline Some Wore Bobby Sox K. Schrum,2019-06-12 Images of teenage girls in poodle skirts dominated American popular culture on the 1950 s But as Kelly Schrum shows teenage girls were swooning over pop idols and using their allowances to buy the latest fashions well beforehand After World War I a teenage identity arose in the US as well as a consumer culture geared toward it From fashion and beauty to music and movies high school girls both consumed and influenced what manufacturers marketers and retailers offered to them Examining both national trends and individual lives Schrum looks at the relationship between the power of consumer culture and the ability of girls to selectively accept reject and appropriate consumer goods Lavishly illustrated with images from advertisements catalogs and high school year books **Some Wore Bobby Sox** is a unique and fascinating cultural history of teenage girl culture in the middle of the century **The Millionaire's Secret Wish** Leanne Banks,2001-05-25 The Millionaire s Secret Wish by Leanne Banks released on May 25 2001 is available now for purchase Hard-Headed Texan Candace Camp,2009-08-01 Okay maybe Antonia Campbell hadn t exactly found heaven in Angel Eye Texas But even if she did get mysterious midnight phone calls and her only bed warmer was a cat named Mitzi her life as a country vet was a lot better than what she d left behind a stifling Virginia upbringing and an abusive ex husband Then a call to Daniel Sutton s ranch changed everything Sparks flew the minute they met and in his arms she felt petite protected and every inch a woman But Daniel s heart might not be as free as it first seemed and her mysterious caller appeared to have ideas of his own for her future Was everything about to fall apart just when heaven had seemed within reach *The Poem and the Garden in Early Modern England* Deborah Solomon,2022-12-30 This book draws attention to the pervasive artistic rivalry between Elizabethan poetry and gardens in order to illustrate the benefits of a trans media approach to the literary culture of the period In its blending of textual studies with discussions of specific historical patches of earth *The Poem and the Garden* demonstrates how the fashions that drove poetic invention were as likely to be influenced by a popular print convention or a particular garden experience as they were by the formal genres of the classical poets By moving beyond a strictly verbal

approach in its analysis of creative imitation this volume offers new ways of appreciating the kinds of comparative and competitive methods that shaped early modern poetics Noting shared patterns both conceptual and material in these two areas not only helps explain the persistence of botanical metaphors in sixteenth century books of poetry but also offers a new perspective on the types of contrastive illusions that distinguish the Elizabethan aesthetic With its interdisciplinary approach *The Poem and the Garden* is of interest to all students and scholars who study early modern poetics book history and garden studies
