Foreignness and Selfhood Mengmeng Yan,2022-05-08 In inviting a rethinking of ideas of foreignness and selfhood this book explores Sino British encounters in eighteenth century English literature providing detailed critical and literary analysis of individual texts pertaining to China from this period The author provides a synthesis of approaches to China in eighteenth century English literature involving fictional writing related to China adaptations of Chinese source texts and translations of Chinese literary works By discussing various writings about tea and tea drinking Arthur Murphy's *The Orphan of China* 1759 Oliver Goldsmith's *The Citizen of the World* 1760 62 and Thomas Percy's *Hau Kiou Chooan* 1761 she highlights the significance of reading these texts not simply as documents of a historical kind but as texts that are worthy of literary and artistic attention on the basis of their rich variety in genre style and themes The author proposes that Chinese and British cultures are not antithetical entities they exist in relation to one another and create possibilities in the continuing appreciation of diversity amidst a drive to universality This study will be primarily helpful to university students and professors of English literature comparative literature and history worldwide **Nicene & Post-Nicene Series 2 Vol 7**

Philip Schaff,1980-05-01 *The Existence and Attributes of God, Volume 7 of 50 Greatest Christian Classics, 2 Volumes in 1*
Stephen Charnock,2008-09 *The Existence and Attributes of God* comprises the first two volumes of the works of Stephen Charnock 1628 1680 an English puritan divine who was highly skilled in philosophy patristics Reformed theology and Biblical languages These volumes are his abiding monument They are worthy of being compared with the finest in theology When the existence and attributes of God are called into question to whom else can we better go than to Stephen Charnock those things revealed belong to us and to our children forever The material that Charnock discusses is firmly founded in the Word of God Both the Old Testament and the New emphasize these two things First we should study the whole revelation not just some easy or favorite parts of it secondly the study of God's attributes is not dry as dust theology but is practical that is it leads to righteousness Dr Gordon H Clark from a preface to this great work in a Sovereign Grace edition 1958 One of the greatest tragedies in these spiritually starved times is the sad fact that most Christians know so very little about their God It is often said that this is simply because these volumes are exhaustive on the subject Yet it is clearly filled with sublime expositions of the truth regarding God's existence and attributes Charnock displays God's attributes not as impersonal abstractions for the mind to juggle with but as qualities observable in the concrete actions of the living God of which the

Bible speaks The technical terms and sometimes arguments of scholastic theology are employed but always with a Biblical orientation Charnock has no desire to speculate but only to declare the works and ways the nature and character of the God of the Bible The substance of his doctrine is characteristically Puritan and representatively Reformed Dr James I Packer in The Encyclopedia of Christianity Volume II p 410 The possessor of these rare volumes will be blessed by getting acquainted with the incomparable God and thereby will reach a higher plane of spiritual enjoyment never attained before To know Him better is to love Him more The East-West Dichotomy Thorsten J. Pattberg,2009-08-18 The East West dichotomy is a philosophical concept of ancient origin which claims that the two cultural hemispheres East and West developed diametrically opposed one from the particular to the universal and the other from the universal to the particular the East is more inductive while the West is more deductive Together they form an equilibrium **Dragon in Ambush** Jeremy Ingalls,2013-05-16 Dragon in Ambush by Jeremy Ingalls is a critique and new translation of the first twenty poems of Mao Zedong's published poetry This seminal work stands out from previous translations of Mao's poems in seeing them as an expression of his core political beliefs rather than for their poetic effect Instead Dr Ingalls shows in consummate detail that Mao was careful and deliberate in employing imagery in his poetry to lay out procedures for political supremacy in which the central drive was his will to psychological domination That is domination of the minds of others is the unifying theme of Mao's verse sequence The crux of Prof Ingalls' work lies in her focus on the symbolism in the poems The poems are in Mao's use of them as a means of communication meaningless on their surface No image however seemingly commonplace is ever employed for merely lyrical or aesthetic description Every image functions as a factor in an entirely political calculus According to Dr Ingalls When Mao mentions streams or mountains suns or moons clouds or winds or icicles horses elephants snakes tigers leopards or bears specifies kinds of trees or birds or fish flies brooms mats or bridges these and all his other images have as their primary function neither happenstance descriptions nor whimsical metaphor They all have politically symbolic functions in Mao's algebra of versified political discourse Furthermore in her analysis Prof Ingalls downplays the significance of Marxism Leninism in the Thought of Mao Zedong She shows that throughout his career Mao regarded Marxism Leninism as a political convenience not as a doctrine permanently essential to his master plan Just as Mao used the Nationalists of Chiang Kai-shek and Stalin's Soviet Union as means to further his own political ambitions so did he manipulate Marxist Leninist ideology to hoodwink and attract at home and abroad professional revolutionaries to help do his bidding Mao's aims express in their worldviews an entirely Chinese tradition In his poems Mao's dialectics his materialism and his authoritarianism all take their points of reference from within the Chinese cultural order Dragon in Ambush is a thoroughly unique and revolutionary approach to understanding the Mind of Mao Zedong Publishers' Circular and Booksellers' Record of British and Foreign Literature ,1881 **Mao's Road to Power** Stuart Schram,2018-10-24 By 1939 Mao Zedong was a leader in the Chinese Communist Party through his political acumen his organizing energy and his

executive ability At the same time his abilities to shift register to maintain a sense of the whole and also of the particular and to absorb seemingly contradictory realities in the social political and military arenas he **The Mahabharata, Volume 7** James L. Fitzgerald, 2020-07-10 What is found in this epic may be elsewhere What is not in this epic is nowhere else from The Mahabharata The second longest poem in world literature The Mahabharata is an epic tale replete with legends romances theology and metaphysical doctrine written in Sanskrit One of the foundational elements in Hindu culture this great work consists of nearly 75 000 stanzas in eighteen books and this volume marks the much anticipated resumption of its first complete modern English translation With the first three volumes the late J A B van Buitenen had taken his translation up to the threshold of the great war that is central to the epic Now James Fitzgerald resumes this work with translations of the books that chronicle the wars aftermath The Book of Women and part one of The Book of Peace These books constitute volume 7 of the projected ten volume edition Volumes 4 5 6 8 9 and 10 of the series will be published over the next several years In his introductions to these books Fitzgerald examines the rhetoric of The Mahabharatas representations of the wars aftermath Indeed the theme of The Book of Women is the grief of the women left by warriors slain in battle The book details the keening of palace ladies as they see their dead husbands and sons and it culminates in a mass cremation where the womens tears turn into soothing libations that help wash the deaths away Fitzgerald shows that the portrayal of the womens grief is much more than a sympathetic portrait of the sufferings of war The scenes of mourning in The Book of Women lead into a crisis of conscience that is central to The Book of Peace and Fitzgerald argues the entire Mahabharata In this book the man who has won power in the great war is torn between his own sense of guilt and remorse and the obligation to rule which ultimately he is persuaded to embrace The Mahabharata is a powerful work that has inspired awe and wonder for centuries With a penetrating glimpse into the trauma of war this volume offers two of its most timely and unforgettable chapters
