Segel, 2003 The Iron Curtain concealed from western eyes a vital group of national and regional writers Marked by not only geographical proximity but also by the shared experience of communism and its collapse the countries of Eastern Europe Poland Hungary Albania Romania Bulgaria and the former states of Yugoslavia Czechoslovakia and East Germany share literatures that reveal many common themes when examined together Compiled by a leading scholar the guide includes an overview of literary trends in historical context a listing of some 700 authors by country and an A to Z section of articles on the most influential writers      **Twentieth-century Eastern European Writers** Steven Serafin, 1999 Essays on writers from Albania Czech Republic Estonia Hungary Latvia Lithuania Poland Romania and Slovakia Discusses authors who played significant roles in the growth development and preservation of their respective literatures during an extraordinarily inventive and creative time period As many of these authors had limited exposure in the West these essays provide a comprehensive understanding and appreciation of Eastern Europe and its literary tradition      *Encyclopedia of the World Novel, 1900 to the Present* Michael David Sollars, Arbolina Llamas Jennings, 2015-04-22 Praise for the print edition a useful and engaging reference to the vast world of the novel in world literature      *Women and Gender in Central and Eastern Europe, Russia, and Eurasia* Mary Zirin, Irina Livezeanu, Christine D. J. Crampton, 2002-04-12 Covering all key Eastern European states and their history right up to the collapse of communism this second edition of *Eastern Europe in the Twentieth Century And After* is a comprehensive political history of Eastern

**Sacred Surrealism, Dissidence and International Avant-Garde Prose** Vivienne Brough-Evans, 2016-05-05 Vivienne Brough Evans proposes a compelling new way of reevaluating aspects of international surrealism by means of the category of *divin fou* and consequently deploys theories of sacred ecstasy as developed by the Collège de Sociologie 1937 39 as a critical tool in shedding new light on the literary oeuvre of non French writers who worked both within and against a surrealist framework The minor surrealist genre of prose literature is considered herein rather than surrealism's mainstay poetry with the intention of fracturing preconceptions regarding the medium of surrealist expression The aim is to explore whether International surrealism can begin to be more fully explained by an occluded strain of dissident surrealist thought that searches outside the self through the affects of ekstasis Bretonian surrealism is widely discussed in the field of surrealist studies and there is a need to consider what is left out of surrealist practice when analysed through this Bretonian lens The Collège de Sociologie and Georges Bataille's theories provide a model of such elements of dissident surrealism which is used to analyse surrealist or surrealist influenced prose by Alejo Carpentier Leonora Carrington and Gellu Naum respectively representing postcolonial feminist and Balkan locutions The Collège and Bataille's dissident surrealism diverges significantly from the concerns and approach towards the subject explored by surrealism Using the concept of ekstasis to organise Bataille's theoretical ideas of excess and inner experience and the Collège's thoughts on the sacred it is possible to propose a new way of reading types of International surrealist literature many of which do not come to the forefront of the surrealist literary oeuvre

*Nationalism and Territory* George W. White, 2000 Why do nations come into conflict What factors lead to the horrors of ethnic cleansing This timely book offers clear eyed answers to these questions by exploring how national identity is shaped by place focusing especially on Serbia Hungary and Romania Moving beyond studies of nationalism that consider only the economic and geostrategic value of territory George W White shows that the very core of national identity is intimately bound to specific places Indeed nations define themselves in terms of spaces that have historical linguistic and religious meaning as Serbs have clearly demonstrated in Kosovo These territories are concrete expressions of a nation's identity both past and present With his detailed analysis of the places that define national identity in Southeastern Europe White convincingly shows why territorial disputes so often escalate into war *Problems of Communism*, 1982 [America and Romania in the Cold War](#) Paschalis Pechlivanis, 2019-03-26 This book examines the US foreign policy of differentiation towards the socialist regimes of Eastern Europe as it was implemented by various administrations towards Ceausescu's Romania from 1969 to 1980 Drawing from multi archival research from both US and Romanian sources this is the first comprehensive analysis of differentiation and shows that Washington's Eastern European policy in the 1970s was more nuanced than the common East vs West narrative suggests By examining systemic Cold War factors such as the rise of détente between the two superpowers and the role of agency the study deals with the dynamics that shaped the evolution of American Romanian relations after Bucharest's opening towards the West and the subsequent embrace of this initiative by Washington as an instrument to undermine the unity of the Soviet bloc Furthermore it revises interpretations about Carter's celebrated human rights policy based on the Romanian case pointing towards a remarkable continuity between the three administrations under examination Nixon Ford and Carter By doing so this study contributes to the field by highlighting a largely neglected aspect of US foreign policy and uncovers the subtleties of Washington's relations with one of the most vigorous actors of the Eastern European bloc This book will be of much interest to students of Cold War Studies US foreign policy Eastern European politics and International Relations in general *Goodbye, Eastern Europe* Jacob Mikanowski, 2024-07-23 In light of Russia's aggressive 2022 invasion of Ukraine Goodbye Eastern Europe is a crucial elucidative read a sweeping epic chronicling a thousand years of strife war and bloodshed from pre Christianity to the fall of Communism illuminating the remarkable cultural significance and richness of a place perpetually lost to the margins of history Eastern Europe has gone out of fashion since the fall of the Soviet Union Ask someone today and they might tell you that Estonia is in the Baltics or Scandinavia that Slovakia is in

Central Europe and that Croatia is in the eastern Adriatic or the Balkans In fact Eastern Europe is a place that barely exists at all except in cultural memory Yet it remains a powerful marker of identity for many with a fragmented and wide ranging history defined by texts myths and memories of centuries of hardship and suffering Goodbye Eastern Europe is a masterful narrative about a place that has survived being forgotten Beginning with long lost accounts of early pagan life Mikanowski offers a kaleidoscopic tour of the various peoples who made Eastern Europe their home over the centuries including the Roma Jews and Muslims the great kingdoms of the medieval period the rise and fall of the Ottoman Habsburg and Russian empires the dawn of the modern era the ravages of fascism and Communism the birth of the modern nation state and beyond A student of literature history and the ghosts of his own family's past Mikanowski paints a magisterial portrait of a place united by diversity and eclecticism and of people with the shared story of being the dominated rather than the dominating The result is a loving and ebullient celebration of the distinctive and vibrant cultures that stubbornly persisted at the margins of Western Europe and Russia and a powerful corrective that re-centers not only our understanding of how the modern Western world took shape but also the ways in which Eastern Europe has evolved throughout history to become what it is today

**In the Most Beautiful Life** Carmen Firan, 2002 A beautiful and poetic celebration through words and photographs of contemporary Romania and its people

**Romania Since 1989** Henry F. Carey, 2004-01-01 The most comprehensive study of Romanian politics ever published abroad this volume represents an effort to collect and analyze data on the complex problems of Romania's journey from sultanistic national communism to a yet unreached democratic government

*Hydraulicians in Europe 1800-2000* Willi Hager, 2014-03-21 More than 850 individuals partly forgotten by name but sometimes found in historical writings together with many well known or recently deceased persons are presented in terms of bio data short career highlights and main advances made to the profession with a short biography of the main writings If available a portrait is also included

**Eastern Europe Bibliography**, 1993 A selective work that documents the formative impact of the region's earlier history Includes reference aids and bibliographies general and descriptive histories of the land peoples and economies and works depicting intellectual and cultural life

Eastern Europe David Turnock, 2002-11

*Romania under Communism* Dennis Deletant, 2018-10-11 Communism has cast a long shadow over Romania The passage of little over a quarter of a century since the overthrow in December 1989 of Romania's last Communist leader Nicolae Ceaușescu offers a symbolic standpoint from which to penetrate that shadow and to throw light upon the entire period of Communist rule in the country An appropriate point of departure is the observation that Romania's trajectory as a Communist state within the Soviet bloc was unlike that of any other That trajectory has its origins in the social structures attitudes and policies in the pre-Communist period The course of that trajectory is the subject of this inquiry
