

Romanico Romanesque Art

Gloria Fossi

Romanico Romanesque Art:

Arte románico - Romanesque art - Art roman - Kunst der Romanik José Miguel Ruiz Morales, 1961 *Carolingian and Romanesque Architecture, 800 to 1200* Kenneth John Conant, 1993-01-01 Professor Conant's detailed studies of Santiago de Compostela and of the abbey church at Cluny fit him for this account of building in the period of the round arch which preceeded Gothic In this volume he shows how at the instigation of the monasteries during the little renaissance of Charlemagne Roman methods of construction were revived and fused with local traditions to produce a distinctive Carolingian manner and how such monuments as the Palatine Chapel at Aachen already contained hints of the nobler and more mature Romanesque style which was to become international professor Conant extends his survey to cover the regions of medieval France Spain Portugal the Holy Land Italy Germany Northern Europe and Britain **A Companion to Medieval Art** Conrad Rudolph, 2019-02-08 A fully updated and comprehensive companion to Romanesque and Gothic art history This definitive reference brings together cutting edge scholarship devoted to the Romanesque and Gothic traditions in Northern Europe and provides a clear analytical survey of what is happening in this major area of Western art history The volume comprises original theoretical historical and historiographic essays written by renowned and emergent scholars who discuss the vibrancy of medieval art from both thematic and sub disciplinary perspectives Part of the Blackwell Companions to Art History A Companion to Medieval Art Second Edition features an international and ambitious range of contributions covering reception formalism Gregory the Great pilgrimage art gender patronage marginalized images the concept of spolia manuscript illumination stained glass Cistercian architecture art of the crusader states and more Newly revised edition of a highly successful companion including 11 new articles Comprehensive coverage ranging from vision materiality and the artist through to architecture sculpture and painting Contains full color illustrations throughout plus notes on the book's many distinguished contributors A Companion to Medieval Art Romanesque and Gothic in Northern Europe Second Edition is an exciting and varied study that provides essential reading for students and teachers of Medieval art **Romanesque Art** Meyer Schapiro, 1977 This long awaited volume which includes much valuable material on Romanesque Art that has been unavailable for many years will be of interest not only to students of the history of art or of medieval history and culture in general but also to all readers concerned with the broadest problems of aesthetics the history of ideas and the sociology of art and religion The first in a four volume series of Meyer Schapiro's Selected Papers future volumes will range from Modern Art to Early Christian and Byzantine art forms and will include papers on the Theory and Philosophy of Art this publication embodies a number of Professor Schapiro's seminal studies of Romanesque sculptures together with articles on manuscript art linked to those sculptures Of particular relevance is the richly illustrated study of the sculptures of the cloister and portal in the French abbey of Moissac which was one of the first approaches to those master works from an artistic point of view This classic analysis is complemented by a consideration of Mozarabic and Romanesque styles in manuscript paintings and

some sculptures from the Castilian abbey of Silos a study of artistic innovation as an historical process in the context of changes in religious social and political life Still another chapter treats the aesthetic response of individuals during the eleventh and twelfth centuries to Romanesque Art through a series of translated texts of that period which have an extraordinarily modern flavor These papers are wide ranging studies of many aspects of Romanesque Art the forms the expressive character the content the social roots the historical moment and situation all investigated in a searching but also imaginative way Artistic structures are approached with the same objectivity as the documents and the archaeological data With that graceful scholarship for which he is justly honored and admired the author applies evidence from literature religious texts folklore social and political history epigraphy and paleography in reconstructing and interpreting the contents of the works of art

Romanico Uwe Geese, 2004-02 The titles Romanesque and Baroque represent the inauguration of a series of comprehensive depictions of individual epochs in art Significant works of architecture sculpture and painting come alive through abundant and carefully chosen illustrations complemented by concise historical introductions Numerous plans and sketches essays treating individual topics at greater length on bronze pages and an extensive glossary complement the informative and scholarly based text Geographically Romanesque covers the countries France England Spain Italy and Germany focusing especially on secular architecture and sculpture as well as frescoes and book illuminations This work is not only suitable for aficionados and those with extensive and profound knowledge of the period but is also intended to serve as an introduction for lay people

Romanesque and the Past John McNeill, Richard Plant, 2004-11-01 The nineteen papers collected in this volume explore a notable phenomenon that of retrospection in the art and architecture of Romanesque Europe They arise from a conference organized by the British Archaeological Association in 2010 and reflect its interest in how and why the past manifested itself in the visual culture of the 11th and 12th centuries This took many forms from the casual re use of ancient material to a specific desire to re present or emulate earlier objects and buildings Central to it is a concern for the revival of Roman and early medieval forms spolia selective quotation archaism and the construction of histories The individual essays presented here cover a wide range of topics and media the significance of consecration ceremonies in the creation of architectural memory the rise of pictorial concepts in 12th century chronicles the creation of history in the Paris of Hugh of St Victor and the appeal of the works of Bernward of Hildesheim and of Hrabanus Maurus in the centuries after their deaths There are studies of buildings and the ideological purpose behind them at Tarragona Ripoll Cluny Pannonhalma Hungary La Roccelletta Calabria and Old St Peter s comparative studies of Trier Villeneuve and Glastonbury and of Bury St Edmunds Rievaulx and Canterbury and wide ranging papers on the tantalizing evidence for an engagement with an overseas past in Ireland an Anglo Saxon past in England and a Milanese past among the aisleless cruciform churches of Augustinian Europe The volume concludes with an assessment of the very concept of Romanesque

Romanesque Architecture Hans Erich Kubach, 1988

Archaeology and the Pan-European Romanesque T.

O'Keefe,2015-03-02 Romanesque is the style name given to the art and architecture of Europe in the eleventh and twelfth centuries First used in the early nineteenth century to express the perceived indebtedness of the visual artistic and architectural cultures of this period to their Classical antecedents the term has survived two centuries of increasingly sophisticated readings of the relevant medieval buildings and objet d art The study of Romanesque as a stylistic phenomenon is now almost exclusively the preserve of art historians particularly in the English speaking world Here the Romanesque is subjected to a long overdue theoretically informed archaeological inquiry The ideological foundations and epistemological boundaries of Romanesque scholarship are critiqued and the constructs of Romanesque and Europe are deconstructed and alternative strategies for interpreting Romanesque s constituent material are mapped out This book should at the very least illuminate the need for debate *Romanesque Art in Poland* Zygmunt Świechowski,1983 **Romanesque Art and**

Thought in the Twelfth Century Colum Hourihane,2008 A collection of essays examining Romanesque art and thought in the twelfth century Issues of reception innovation nationalism iconography technology dating and geographic coverage are explored as well as larger issues relating to Gothic and medieval art history *Romanesque Art* Andrea S.

Petzold,1998-06-01 Examines medieval European art between 1050 1200 in the context of its relationship to the art of Byzantium Islam tracing these influences through trade the Crusades Views Romanesque art in terms of the social structures that organized the medieval world church princely court peasant society discovering the important role of women as artists patrons the complex relationships among religious secular institutions the ways that sculpture architecture painting other forms developed in style technique to express a world no longer Classical but not yet Gothic Splendid color illustrations

The Origins of the Romanesque V. I. Atroshenko,Judith Collins,1985 **Romanesque Architecture and Its Sculptural Decoration in Christian Spain, 1000-1120** Janice Mann,2009-01-01 Mann examines how the financial patronage of newly empowered local rulers allowed Romanesque architecture and sculptural decoration to significantly redefine the cultural identities of those who lived in the frontier kingdoms of Christian Spain **Romanesque art** Henri Focillon,1963 **The Romanesque** Xavier Barral i Altet,1998 Originated by art theorists in the Nineteenth Century the term Romanesque refers to a school of religious architecture and design from the early medieval period As with all terms that attempt to summarise an epoch Romanesque artificially constructs the notion of one unified style but as this book makes clear the Romanesque tendency consisted of many different eclectic characteristics The investigation back through time leads us across the ancient pilgrim routes of the Pyrenees and then into a vast range of devotional structures churches tombs monuments cathedrals and basilicas Each one carries its own regional imprint and spiritual iconography Containing rigorously detailed and comprehensive insights into all aspects of Romanesque symbolism and ritual this book includes analysis of liturgical equipment and explores the significance of many features of the buildings A fascinating mystical quest that forms the second volume in this acclaimed series on Medieval architecture *Romanesque Art* Andreas Petzold,1995 Andreas Petzold

examines medieval European art in the broader context of its relationship to the art of Byzantium and Islam tracing the influences among these cultures through trade and the Crusades He views Romanesque art in terms of the social structures that organized the medieval world church princely court peasant society discovering on the way the important role of women as artists and patrons the complex relationships among religious and secular institutions and the ways that sculpture architecture painting and other art forms developed in style and technique to express a world no longer Classical but not yet Gothic

Romanesque & Gothic Gloria Fossi, 2008 Too often overshadowed by the Renaissance the High Middle Ages were a time of vibrant innovation and incredible achievement in European art and architecture Gloria Fossi provides comprehensive surveys of the period s two major art movements or styles highlighting the diversity of expression that both movements accommodated

Romanesque Patrons and Processes Jordi Camps, Manuel Castiñeiras, John McNeill, Richard Plant, 2018-03-09 The twenty five papers in this volume arise from a conference jointly organised by the British Archaeological Association and the Museu Nacional d Art de Catalunya in Barcelona They explore the making of art and architecture in Latin Europe and the Mediterranean between c 1000 and c 1250 with a particular focus on questions of patronage design and instrumentality No previous studies of patterns of artistic production during the Romanesque period rival the breadth of coverage encompassed by this volume both in terms of geographical origin and media and in terms of historical approach Topics range from case studies on Santiago de Compostela the Armenian Cathedral in Jerusalem and the Winchester Bible to reflections on textuality and donor literacy the culture of abbatial patronage at Saint Michel de Cuxa and the re invention of slab relief sculpture around 1100 The volume also includes papers that attempt to recover the procedures that coloured interaction between artists and patrons a serious theme in a collection that opens with Function condition and process in eleventh century Anglo Norman church architecture and ends with a consideration of The death of the patron

Architecture of the World Raymond Oursel, 1995

Romanesque Sculpture Millard Fillmore Hearn, 1985
