

Why do we love? A philosophical inquiry

Ah, romantic love - beautiful and intoxicating, heartbreaking and soulcrushing, often all at the same time. Why do we choose to put ourselves through its emotional wringer? Does love make our lives meaningful, or is it an escape from our loneliness and suffering? Is love a disguise for our sexual desire, or a trick of biology to make us procreate? Is it all we need? Do we need it at all?

If romantic love has a purpose, neither science nor psychology has discovered it yet. But over the course of history, some of our most respected philosophers have put forward some intriguing theories. Love makes us whole, again. The ancient Greek philosopher Plato explored the idea that we love in order to become complete.

Ồi tình yêu - đẹp đẽ và say đắm, làm đau lòng và tan nát cả tâm hồn, những cảm xúc ấy thường luôn cùng tồn tại. Tại sao con người lại muốn đẩy chính mình vào vòng xoáy tâm trạng ấy? Phải chăng tình yêu khiến cuộc sống có ý nghĩa, hay đó chỉ là lối thoát cho sự cô đơn và đau khổ? Có phải tình yêu chỉ là nguy trang cho dục vọng hay chỉ là một mảnh lời của sinh học để con người phải sinh nó? Đó là tất cả những gì chúng ta cần? Thực sự ta có cần điều này không?

Nếu tình yêu có một mục đích nào đó, thì cả ngành khoa học và tâm lý học vẫn chưa khám phá ra. Nhưng qua tiến trình lịch sử, một số triết gia đáng kính đã đưa ra một số giả thuyết hấp dẫn. Một lần nữa, tình yêu giúp chúng ta trở nên trọn vẹn hơn. Nhà triết học Hi Lạp cổ Plato khám phá ý tưởng cho rằng ta yêu thương ai đó là để trở nên trọn vẹn hơn.

Romantic Love A Philosophical Inquiry:

Romantic Love, a Philosophical Inquiry Dwight Van de Vate, 1981 Romantic love is subject to the same philosophical analysis this book shows as any other human experience such as selfhood good and evil or justice even though most philosophers have neglected it An appropriate method of inquiry here the author holds must be an ontological theory it must evaluate the reality of love in comparison to the other things we think are real Part I examines the layman's conception of romantic love as a mysterious unanalyzable feeling It also examines the psychologist's conception of romantic love as an unmysterious natural phenomenon a drive Part II turns to the sociologist's conception of romantic love as a social institution an interpersonal transaction with a social function Part III concludes that romantic love is an objective social process which society makes possible by granting the individual a private inner being which escapes typification by being literally unspeakable Written with clarity wit and charm *Romantic Love* will appeal to all intellectually curious readers including philosophers and social scientists

Sex and Love in the Home, Second Edition David M. McCarthy, 2011-01-01 This book inaugurates a completely new way of thinking about the ethics of marriage and sex I know of no book on the subject more promising than what McCarthy has achieved here Stanley Hauerwas Gilbert T Rowe Professor of Theological Ethics Duke University Much has been written in Christian theology about sex love and procreation but their social meanings and contributions are much more rarely addressed McCarthy now takes this greatly neglected task eloquently connecting the Christian household to the common good All those who want to realize the social vocation of the Christian family will find in this work a rich and challenging resource for understanding and for life Lisa Sowle Cahill J Donald Monan Professor of Theology Boston College Drawing on his own experience of learning how to be a husband and father David Matzko McCarthy offers wonderfully incisive and readable reflections on the habits of the household a neighborly space which resists consumerism and enables sexual relationships to be ordinary meaningful and passionate If you think that all that Christian theology has to say about sex and relationships is twaddle about complementarity and family values then this is the book for you Gerard Loughlin Senior Lecturer in Religious Studies University of Newcastle upon Tyne

Double Vision Tzachi Zamir, 2012-06-24 Hamlet tells Horatio that there are more things in heaven and earth than are dreamt of in his philosophy In Double Vision philosopher and literary critic Tzachi Zamir argues that there are more things in Hamlet than are dreamt of or at least conceded by most philosophers Making an original and persuasive case for the philosophical value of literature Zamir suggests that certain important philosophical insights can be gained only through literature But such insights cannot be reached if literature is deployed merely as an aesthetic sugaring of a conceptual pill Philosophical knowledge is not opposed to but is consonant with the literariness of literature By focusing on the experience of reading literature as literature and not philosophy Zamir sets a theoretical framework for a philosophically oriented literary criticism that will appeal both to philosophers and literary critics Double Vision is concerned with the philosophical understanding induced by the aesthetic experience of literature Literary works can function as credible philosophical arguments not ones in which claims are conclusively demonstrated but in which claims are made plausible Such claims Zamir argues are embedded within an experiential structure that is itself a crucial dimension of knowing Developing an account of literature's relation to knowledge morality and rhetoric and advancing philosophical literary readings of Richard III Macbeth Romeo and Juliet Othello Antony and Cleopatra Hamlet and King Lear Zamir shows how his approach can open up familiar texts in surprising and rewarding ways

Screen Love Tom Roach, 2021-02-01 In work play education and even healthcare we are using social media during COVID 19 to approximate normal life before the pandemic In *Screen Love* Tom Roach urges us to do the opposite Rather than highlight the ways that social media might help reproduce the pre pandemic status quo Roach explores how Grindr and other dating hookup apps can help us envision a radically new normal specifically antinormative conceptions of selfhood and community Although these media are steeped in neoliberal relational and communicative norms they offer opportunities to reconceive subjectivity and ethics in ways that defy normative psychological and sexual paradigms In the virtual cruise Roach argues we might experience a queer sociability in which participants are formally interchangeable avatar objects On Grindr and other m4m platforms a model of selfhood championed in liberal humanist traditions an intelligent altruistic eloquent and emotionally expressive self is often a liability By teasing out the queer ethical and political potential of an antisocial virtual fungibility Roach compels readers to think twice about media typically dismissed as sordid superficial and narcissistic

Brümmer on Meaning and the Christian Faith Vincent Brümmer, 2006 This volume presents a

wide ranging selection from the writings of a leading contemporary philosophical theologian Vincent Brummer In his many books and articles Brummer has demonstrated how the tools of philosophical analysis are not only fruitful but also essential for dealing with the central issues of systematic theology The title of this volume *Meaning and the Christian Faith* highlights two characteristic themes that recur throughout the many writings of Vincent Brummer Much of his work has been devoted to exploring the meaning of the Christian faith and especially of its central claim that God is a personal being whose fellowship believers may enjoy On the other hand Brummer has also shown that religious belief should not be understood as an explanatory theory but rather as a way in which believers understand the meaning of their lives and their experience of the world and direct their lives accordingly
