Romantic Fairy Tale Seeds Of Surrealism

Dwight Klett

Romantic Fairy Tale Seeds Of Surrealism:

Romantic Fairy Tale Marianne Thalmann, 1964 **The romantic Fairy Tale** Marianne Thalmann, 1964 **Louisa May Alcott's Fairy Tales and Fantasy Stories** Louisa May Alcott, 1992 While these stories can make no claim to being great art they are an important segment of Alcott's canon They demonstrate that while she was exploring new territory with some of her work she was also working within the existing tradition of the didactic fairy tale **Das Märchen und Die Moderne. The Romantic Fairy Tale. Seeds of Surrealism ... Translated by Mary B. Corcoran** Marianne THALMANN, Mary B. CORCORAN, 1964 *The Oxford Companion to Fairy Tales* Jack Zipes, 2015-09-10 In over 1 000 entries this acclaimed Companion covers all aspects of the Western fairy tale tradition from medieval to modern under the guidance of Professor Jack Zipes It provides an authoritative reference source for this complex and captivating genre exploring the tales themselves the writers who wrote and reworked them and the artists who illustrated them It also covers numerous related topics such as the fairy tale and film television art opera ballet the oral tradition music advertising cartoons fantasy literature feminism and stamps First published in 2000 130 new entries have been added to account for recent developments in the field including J K Rowling and Suzanne Collins and new articles on topics such as cognitive criticism and fairy tales digital fairy tales fairy tale blogs and websites and pornography and fairy tales The remaining entries have been revised and updated in consultation with expert contributors This second edition contains beautifully designed feature articles highlighting countries with a strong fairy tale tradition covering Britain and Ireland France Germany Italy Japan North America and Canada Portugal Scandinavian countries Slavic and Baltic countries and Spain It also includes an informative and engaging introduction by the editor which sets the subject in its historical and literary context A detailed and updated bibliography provides information about background literature and further reading material In addition the A to Z entries are accompanied by over 60 beautiful and carefully selected black and white illustrations Already renowned in its field the second edition of this unique work is an essential companion for anyone interested in fairy tales in literature film and art and for anyone who values the tradition of storytelling **Sacred Surrealism, Dissidence and International Avant-Garde Prose** Vivienne Brough-Evans, 2016-05-05 Vivienne Brough Evans proposes a compelling new way of reevaluating aspects of international surrealism by means of the category of *divin fou* and consequently deploys theories of sacred ecstasy as developed by the Collège de Sociologie 1937-39 as a critical tool in shedding new light on the literary oeuvre of non French writers who worked both within and against a surrealist framework The minor surrealist genre of prose literature is considered herein rather than surrealism's mainstay poetry with the intention of fracturing preconceptions regarding the medium of surrealist expression The aim is to explore whether International surrealism can begin to be more fully explained by an occluded strain of dissident surrealist thought that searches outside the self through the affects of ekstasis Bretonian surrealism is widely discussed in the field of surrealist studies and there is a need to consider what is left

out of surrealist practice when analysed through this Bretonian lens The Coll ge de Sociologie and Georges Bataille s theories provide a model of such elements of dissident surrealism which is used to analyse surrealist or surrealist influenced prose by Alejo Carpentier Leonora Carrington and Gellu Naum respectively representing postcolonial feminist and Balkan locutions The Coll ge and Bataille s dissident surrealism diverges significantly from the concerns and approach towards the subject explored by surrealism Using the concept of ekstasis to organise Bataille s theoretical ideas of excess and inner experience and the Coll ge s thoughts on the sacred it is possible to propose a new way of reading types of International surrealist literature many of which do not come to the forefront of the surrealist literary oeuvre **The Short Story** Ian

Reid,2017-07-20 First published in 1977 this book examines the short story which is one of the most widely read of all modern genres The study begins by examining some preliminary problems of definition before going on to trace the emergence of what is usually meant by the modern short story and examine the various kinds of narrative from which it derives such as the sketch the yarn M rchen parable and fable The final chapter considers the possibility that there are certain structural properties belonging distinctively to the short story This book will be of interest to those studying literature and creative writing **Ludwig Tieck** Dwight Klett,2020-02-04 When originally published in 1993 this was the first

bibliography of the secondary literature on Tieck Given as much secondary literature surrounding Tieck s life and works has been generated outside of his native Germany as within this bibliography focuses particularly on his life and work from an international perspective In order to make the information surrounding Tieck accessible the book provides a detailed table of contents with corresponding text divisions rather than a subject index It therefore highlights Tieck s achievements in their various national contexts so that not only students of German can get an accurate feel for Tieck s versatility and range

Fantasy Rosemary Jackson,2013-10-08 First Published in 2002 It is easy to see that we are living in a time of rapid and radical social change It is much less easy to grasp the fact that such change will inevitably affect the nature of those disciplines that both reflect our society and help to shape it Yet this is nowhere more apparent than in the central field of what may in general terms be called literary studies New Accents is intended as a positive response to the initiative offered by such a situation Each volume in the series will seek to encourage rather than resist the process of change To stretch rather than reinforce the boundaries that currently define literature and its academic study Children's Literature in Hitler's Germany Christa Kamenetsky,2019-06-17 Between 1933 and 1945 National Socialists enacted a focused effort to propagandize children s literature by distorting existing German values and traditions with the aim of creating a homogenous folk community A vast censorship committee in Berlin oversaw the publication revision and distribution of books and textbooks for young readers exercising its control over library and bookstore content as well as over new manuscripts so as to redirect the cultural consumption of the nation s children In particular the Nazis emphasized Nordic myths and legends with a focus on the fighting spirit of the saga heroes their community loyalty and a fierce spirit of revenge elements that were

then applied to the concepts of loyalty to and sacrifice for the Father and the fatherland They also tolerated select popular series even though these were meant to be replaced by modern Hitler Youth camping stories In this important book first published in 1984 and now back in print Christa Kamenetsky demonstrates how Nazis used children's literature to selectively shape a Nordic Germanic worldview that was intended to strengthen the German folk community the Father and the fatherland by imposing a racial perspective on mankind Their efforts corroded the last remnants of the Weimar Republic's liberal education while promoting an enthusiastic following for Hitler The Crises of "Language and Dead Signs" in Ludwig Tieck's Prose Fiction William Crisman, 1996 Critical account of the works of Ludwig Tieck the German Romantic writer from a linguistic viewpoint Although twentieth century literary criticism has focused on language as a topic of discussion critical evaluations of Romanticism and Romantic writers rarely deal with it in terms derived from the philosophy of language This book evaluates the most prolific German Romanticist Ludwig Tieck 1773-1853 from such a linguistic viewpoint arguing that concerns in his work can be seen as forerunners of later language analysis from speech act theory to theories of reference It covers Tieck's whole career from his youth to his final novel *Vittoria Accorombona* providing a comprehensive analysis of this major author's work it will also be of interest to those interested in the linguistic aspects of Romanticism

The Romantic Fairy Tale, Seeds of Surrealism Marianne Thalmann, 1964 *Emily Dickinson and Her Culture* Barton Levi St. Armand, 1986-06-27 Attempts to place Dickinson's works in their cultural context by exploring her attitudes toward death romance the afterlife art and nature *Book Review Digest*, 1980 University of Michigan Official Publication, 1964 **Worlds Apart** Alexander Levitsky, 2008-07-29 Discover some curiosities and some genuinely fascinating powerfully resonant works in this Book Riot 50 Must Reads of Slavic Literature selection Kirkus Reviews A constant thread woven throughout the history of Russian literature is that of fantasy and an escape from the bounds of realism *Worlds Apart* is the first single volume anthology that explores this fascinating and dominant theme of Russian literature from its origins in the provincial folk tale through its emergence in the Romantic period in the tales of Pushkin Lermontov and Turgenev to its contemporary incarnation under the clouds of authoritarianism revolution mechanization and modernization with all new translations of the key literary masterpieces that reveal the depth and ingenuity of the Russian imagination as it evolved over a period of tumultuous political social and technological upheaval Alexander Levitsky perhaps the world's foremost expert on this genre has selected and provided engaging and informative introductions to the selections that simultaneously represent the works of Russia's best authors and reveal the dominant themes of her history The authors range from familiar figures Pushkin Lermontov Turgenev Gogol Dostoevsky Bulgakov and Bely to writers practically unknown outside the Slavic world such as Derzhavin Bulgarin Kuprin and Pilniak *Worlds Apart* is an awe provoking anthology with a compelling appeal both to the fantasy enthusiast and anyone with an abiding interest in Russian history and culture *Nineteenth-century Literature Criticism* Laurie Lanzen Harris, 1981 Excerpts from criticism of the works of novelists poets playwrights short story writers

and other creative writers who lived between 1800 and 1900 from the first published critical appraisals to current evaluations

Building a City Sheila E. Jelen, Jeffrey Saks, Wendy Zierler, 2023-08-15 The fiction of Nobel Laureate Shmuel Yosef Agnon is the foundation of the array of scholarly essays as seen through the career of Alan Mintz visionary scholar and professor of Jewish literature at the Jewish Theological Seminary of America Mintz introduced Agnon's posthumously published *Ir Umeloah A City in Its Fullness* a series of linked stories set in the 17th century and focused on Agnon's hometown Buczacz a town in what is currently western Ukraine to an English reading audience and argued that Agnon's unique treatment of Buczacz in *A City in its Fullness* navigating the sometimes tenuous boundary of the modernist and the mythical was a full throated self conscious literary response to the Holocaust This volume is an extension of a memorial dedicated to Mintz's memory who died suddenly in 2017 which combines selections of Alan's work from the beginning middle and end of his career with autobiographical tributes from older and younger scholars alike The essays dealing with Agnon and Buczacz remember the career of Alan Mintz and his contribution to the world of Jewish studies and within the world of Jewish communal life

Aspects of Fantasy William Coyle, 1986-01-22 This anthology of twenty five essays on fantasy in literature and film gives a striking view of the decline of realism and the penetration of the fantastic mode into the mainstream of fiction Introduced by William Coyle's illuminating discussion of the nature of fantasy the essays offer a wide range of perspectives They include discussions of the creators of fantasy fantastic creatures fantasy and the media the relationship of fantasy to literary tradition and the relevance of fantasy to contemporary concerns Among the literary subjects considered are Mary Shelley's *Frankenstein* Meyrink's *Der Golem* Artaud's *Theatre of Cruelty* vampire tales horror films modern fantasy epics extraterrestrial civilizations superheroes and jesters together with writers ranging from Ursula Le Guin Arthur C Clarke and Tolkien to Mark Twain Lewis Carroll and Shakespeare

Mythology and Nation Building Sophie Bønding, Lone Kølle Martinsen, Pierre-Brice Stahl, 2021-07-30 Stories of gods heroes and monsters permeated discourses of national selfhood in the nineteenth century During this tumultuous time Europe's modern nations arose from the misty waters of long forgotten national pasts or so was the perception at the time Each embedded in their particular national and political contexts towering cultural figures N F S Grundtvig Jacob Grimm Jon's Halgr msson William Morris Adam Oehlenschläger and many more were catalysts for the formation of national discourses of belonging built upon the mythological story worlds of Europe's non classical vernacular pasts This interdisciplinary book offers new perspectives on the uses of pre Christian mythologies in the formation of national communities in nineteenth century Northern and Western Europe Through theoretical articles and case studies it puts forth new understandings of how cultural thinkers across Europe utilized pre Christian mythologies as symbolic resources in the forging of national communities Perceptions of national identity were thus shaped many of which are still at play today
