## **Romanticism And The Twentieth Century:**

*Romantic Presences in the Twentieth-century* Mark Sandy, 2012 Concerned with the intermingled thematic and formal preoccupations of romantic thought and literary practice in works by twentieth century British Irish and American artists this collection examines the complicated legacy of Romanticism in twentieth century novels poetry and film Essays on authors such as Virginia Woolf F Scott Fitzgerald Doris Lessing Seamus Heaney William Faulkner and Don DeLillo show the persistence and variety of the Romantic period's influence on the twentieth century

**Romanticism and the Twentieth Century (From 1800)** Wilfrid Mellers, 2008-10 Romanticism and the 20th Century, from 1800 Wilfrid Mellers, 1957

Romanticism Against the Tide of Modernity Michael Löwy, Robert Sayre, 2002-01-01 A translation from the French of Michael Lowy and Robert Sayre's attempt to unify discussion of the diverse manifestations of of Romanticism

**Romanticism and the 20th Century** Wilfrid Mellers, 1969 **The New Romanticism** Eberhard Alsen, 2014-02-04 The New Romanticism is an overview of the romantic trend taken up by American novelists in the twentieth century Includes three classic essays by Saul bellow Thomas Pynchon and Toni Morrison **Romanticism and the Twentieth Century** Wilfrid Mellers, 1957 *A Concise Companion to Twentieth-Century American Poetry* Stephen Fredman, 2008-04-15 This

Concise Companion gives readers a rich sense of how the poetry produced in the United States during the twentieth century is connected to the country's intellectual life more broadly Helps readers to fully appreciate the poetry of the period by tracing its historical and cultural contexts Written by prominent specialists in the field Places the poetry of the period within contexts such as war feminism and the female poet poetries of immigration and migration communism and anti communism philosophy and theory Each chapter ranges across the entire century comparing poets from one part of the century to those of another New syntheses make the volume of interest to scholars as well as students and general readers **Romanticism and the Twentieth Century** Wilfrid Howard Mellers, 1988 The Romanticism Handbook Sue Chaplin, Joel Faflak, 2011-03-10 A one

stop resource containing introductory material through to practical case studies in reading primary and secondary texts to introducing criticism and new directions in research **Romanticism and the Rise of the Mass Public** Andrew Franta, 2007-02-01 Dramatic changes in the reading public and literary market in early nineteenth century England not only altered the relationship between poet and reader these changes prompted marked changes in conceptions of the poetic text literary reception and authorship With the decline of patronage the rise of the novel and the periodical press and the emergence of the mass reading public poets could no longer assume the existence of an audience for poetry Andrew Franta examines how the reconfigurations of the literary market and the publishing context transformed the ways poets conceived of their audience and the forms of poetry itself Through readings of Wordsworth Byron Shelley Keats Hemans and Tennyson and with close attention to key literary political and legal debates Franta proposes a unique reading of Romanticism and its contribution to modern conceptions of politics and publicity *English Literature Advancing Through History 5 - The*

*Romantic Period* Petru Golban, 2024-11-26 It appears that literary work possesses eternal temporal validity due to its autonomous aesthetic value whereas criticism provides points of view having temporary and transitory significance Despite such claims the vector of methodology in our series of books dealing with the history of English literature relies on Viktor Shklovsky T S Eliot Mikhail Bakhtin and especially Yuri Tynyanov whose main reasoning would be that literature is a system of dominant central and peripheral marginalized elements to us tradition centre versus innovation margin engaged in a battle for supremacy demarginalization and the right to form a new literary system and the development or historical advancement of literature is the substitution of systems Roman Jakobson and French structuralism on the whole later Linda Hutcheon with her system and constant and Bran Nicol with the dominant to say nothing about Itamar Even Zohar and his theory of polysystem to a certain extent Julia Kristeva and even Homi Bhabha as well as our humble contribution we would like to believe maintain Tynyanov's line of thinking and concepts alive which have developed and emerged nowadays more like a kind of neo formalism Focusing on literary practice applying critical theory and emerging from within our own teaching experience the books in the present series are theoretical and surveyistic like a monograph whereas their more practical and text oriented aspect should appeal as a student handbook for didactic purposes in which certain literary works belonging to various writers of different trends movements and periods are analysed and compared with regard to their source form thematic arrangements ideas motifs character representation strategies intertextual perspectives structural or narrative techniques and other aspects

**Romantic Prose Fiction** Gerald Gillespie, Manfred Engel, Bernard Dieterle, 2008-02-14 In this volume a team of three dozen international experts presents a fresh picture of literary prose fiction in the Romantic age seen from cross cultural and interdisciplinary perspectives The work treats the appearance of major themes in characteristically Romantic versions the power of Romantic discourse to reshape imaginative writing and a series of crucial reactions to the impact of Romanticism on cultural life down to the present both in Europe and in the New World Through its combination of chapters on thematic generic and discursive features *Romantic Prose Fiction* achieves a unique theoretical stance by considering the opinions of primary Romantics and their successors not as guiding truths by which to define the permanent meaning of Romanticism but as data of cultural history that shed important light on an evolving civilization

**SPECIAL OFFER 30% discount for a complete set order 5 vols** The *Romanticism* series in the *Comparative History of Literatures in European Languages* is the result of a remarkable international collaboration The editorial team coordinated the efforts of over 100 experts from more than two dozen countries to produce five independently conceived yet interrelated volumes that show not only how Romanticism developed and spread in its principal European homelands and throughout the New World but also the ways in which the affected literatures in reaction to Romanticism have redefined themselves on into Modernism A glance at the index of each volume quickly reveals the extraordinary richness of the series total contents

*Romantic Irony* sets the broader experimental parameters of comparison by concentrating on the myriad expressions of irony

as one of the major impulses in the Romantic philosophical and artistic revolution and by combining cross cultural and interdisciplinary studies with special attention also to literatures in less widely diffused language streams Romantic Drama traces creative innovations that deeply altered the understanding of genre at large fed popular imagination through vehicles like the opera and laid the foundations for a modernist theater of the absurd Romantic Poetry demonstrates deep patterns and a sharing of crucial themes of the revolutionary age which underlie the lyrical expression that flourished in so many languages and environments Nonfictional Romantic Prose assists us in coping with the vast array of writings from the personal and intimate sphere to modes of public discourse including Romanticism's own self commentary in theoretical statements on the arts society life the sciences and more Nor are the discursive dimensions of imaginative literature neglected in the closing volume Romantic Prose Fiction where the basic Romantic themes and story types the romance novel novella short story and other narrative forms are considered throughout Europe and the New World This enormous realm is seen not just in terms of Romantic theorizing but in the light of the impact of Romantic ideas and narration on later generations As an aid to readers the introduction to Romantic Prose Fiction explains the relationships among the volumes in the series and carries a listing of their tables of contents in an appendix No other series exists comparable to these volumes which treat the entirety of Romanticism as a cultural happening across the whole breadth of the Old and New Worlds and thus render a complex picture of European spiritual strivings in the late eighteenth and the nineteenth centuries a heritage still very close to our age

*The Romantic Performative* Angela Esterhammer, 2001 *The Romantic Performative* develops a new context and methodology for reading Romantic literature by exploring philosophies of language from the period 1785-1835 It reveals that the concept of the performative debated by twentieth century theorists from J L Austin to Judith Butler has a much greater relevance for Romantic literature than has been realized since Romantic philosophy of language was dominated by the idea that something happens when words are spoken By presenting Romantic philosophy as a theory of the performative and Romantic literature in terms of that theory this book uncovers the historical roots of twentieth century ideas about speech acts and performativity Romantic linguistic philosophy already focused on the relationship between speaker and hearer describing speech as an act that establishes both subjectivity and intersubjective relations and theorizing reality as a verbal construct But Romantic theorists considered utterance the context of utterance and the positions and identities of speaker and hearer to be much more fluid and less stable than modern analytic philosophers tend to make them Romantic theories of language therefore yield a definition of the Romantic performative as an utterance that creates an object in the world instantiates the relationship between speaker and hearer and even founds the subjectivity of the speaker in the moment when the utterance occurs The author traces the Romantic performative through its diverse development in the moral political and legal philosophy of Reid Bentham Kant and the German Idealists Humboldt and Coleridge then explores its significance in literary texts by Coleridge Godwin Holderlin and Kleist These readings demonstrate that

Romantic writers mounted a deeper investigation than previously realized into the way the act of speaking generates subjective identity intersubjective relations and even objective reality The project of the book is to read the language of Romanticism as performative and to recognize among its achievements the historical founding of the discourse of performativity itself

**Romantic Love in Cultural Contexts** Victor Karandashev, 2016-12-24 This volume presents a conceptual historical anthropological and sociological review of how culture affects our experience and expression of romantic love What is romantic love and how is it different from and similar to other kinds of love How is romantic love related to sex and marriage in human history and across contemporary cultures What cultural factors mediate attraction in love These are some of the questions the volume explores through its interdisciplinary yet focused lens Much of the current research evidence suggests that love is a universal emotion experienced by a majority of people in various historical eras and in all the world's cultures Yet love displays in different ways because culture has an impact on people's conceptions of love and the ways they feel think and behave in romantic relationships This volume summarizes classical knowledge on love and culture while at the same time focusing sharply on recent studies and cutting edge research that has advanced the field Divided into three parts the volume begins by defining and analyzing the concept of romantic love and interdisciplinary approach to its study in cultural context Part II traces the origin and evolution of romantic love both in various places throughout the world and various time periods throughout history Part III presents the revolutionary expansion of romantic love ideas and practices in the late 20th and early 21st centuries in various parts of the world focusing particularly on the development of romantic love as a cultural ideal of the modern cultures Finally the book concludes by summarizing the major achievements in this field of study and predicts future development A timely and thoughtful addition to the literature *Romantic Love in Cultural Contexts* delivers thought provoking insights to researchers in relationship scholarship sociology anthropology and cultural studies and all those interested in the universal human concept of love Overall I find Dr Victor Karandashev is an excellent and fine scholar who has a firm grasp of both the fundamental principles of cross cultural research and of anthropology In our increasingly connected world *Romantic Love in Cultural Contexts* updates and adds to the descriptions and explanations of similarities and differences in romantic love across generations and cultures Romantic love encompasses the life span rather than being a phenomenon largely confined to youthful years The topic of this project concerns the deepest of our sentiments and pervades life from birth to death This book contributes to better knowledge of this phenomenon across generations
