

ROMARE BEARDEN

Romare Bearden lived and worked during a period of extraordinary ferment in American society and American art. The diversity of his oeuvre—including works in collage and photomontage, watercolor, oil, and monotype; designs for the stage and book illustrations; and edition prints—reflects the excitement and turmoil of his time.

As a humanist and an intellectual, Bearden (1893–1988) was deeply impassioned about the people, events, and ideas that shaped the world. He transformed these passions into a body of work richly textured with visual metaphors from his past and from a variety of literary, musical, and historical sources.

Major museums nationwide feature Bearden's art in their permanent collections. He was awarded the National Medal of Arts in 1986.

Bearden's life is affectionately recalled in the book *Romare Bearden: Photographs by Frank Stewart* (Photogramata, 2004).
