Rome Solo Motets From The Seventeenth Century Vol 10:

Rome Anne Schnoebelen, 2020-10-07 The appearance of the solo voice in church music in 1602 in Lodovico da Viadana's *Cento concerti ecclesiastici* initiated a development that would soon parallel secular solo song This series of Italian solo motets makes available for the first time many of these rich sources of seventeenth century sacred music The series spans the major part of the seventeenth century from 1621 to 1695 It includes works by composers from major cities and provincial towns Three composers are represented by multiple collections Maurizio Cazzati 6 Bonifazio Graziani 6 and Isabella Leonarda 5 In each case the solo motet forms a major component in that composer's oeuvre their collections provide comprehensive textbooks for the study of the genre

Sacred Music as Public Image for Holy Roman Emperor

Ferdinand III Andrew H. Weaver, 2016-04-08 Ferdinand III played a crucial role both in helping to end the Thirty Years War and in re-establishing Habsburg sovereignty within his hereditary lands and yet he remains one of the most neglected of all Habsburg emperors The underlying premise of *Sacred Music as Public Image for Holy Roman Emperor Ferdinand III* is that Ferdinand's accomplishments came not through diplomacy or strong leadership but primarily through a skillful manipulation of the arts through which he communicated important messages to his subjects and secured their allegiance to the Catholic Church An important locus for cultural activity at court especially as related to the Habsburgs' political power was the Emperor's public image Ferdinand III offers a fascinating case study in monarchical representation for the war necessitated that he revise the image he had cultivated at the beginning of his reign that of a powerful victorious warrior Weaver argues that by focusing on the patronage of sacred music rather than the more traditional visual and theatrical means of representation Ferdinand III was able to uphold his reputation as a pious Catholic reformer and subtly revise his triumphant martial image without sacrificing his power while also achieving his Counter Reformation goal of unifying his hereditary lands under the Catholic church Drawing upon recent methodological approaches to the representation of other early modern monarchs as well as upon the theory of confessionalization this book places the sacred vocal music composed by imperial musicians into the rich cultural political and religious contexts of mid-seventeenth century Central Europe The book incorporates dramatic productions such as opera oratorio and Jesuit drama as well as works in other media but the primary focus is the more numerous and more frequently performed Latin-texted paraliturgical genre of the motet which has generally not been considered by scholars as a vehicle for monarchical representation By examining the representation of this little-studied emperor during a crucial time in European history this book opens a window into the unique world view of the Habsburgs allowing for a previously untold narrative of the end of the Thirty Years War as seen through the eyes of this important ruling family

Graziani Anne Schnoebelen, 2014-02-04 The purpose of this series is to provide a large repertoire of 17th century Italian sacred music in clear modern editions that are both practical and faithful to the original sources *The Monteverdi Vespers*

of 1610 : Music, Context, Performance Jeffrey Kurtzman, 2000-01-06 This is a thorough going study of Monteverdi's Vespers the single most significant and most widely known musical print from before the time of J S Bach The author examines Monteverdi's Vespers from multiple perspectives combining his own research with all that is known and thought of the Vespers by other scholars The historical origin as well as the musical and liturgical context of the Vespers are surveyed similarly the controversial historiography of the Vespers in the nineteenth and twentieth centuries is scrutinized and evaluated A series of analytical chapters attempt to clarify Monteverdi's compositional process and the relationship between music and text in the light of recent research on modal and tonal aspects of early seventeenth century music The final section is devoted to thirteen chapters investigating performance practice issues of the early seventeenth century and their application to the Vespers including general and specific recommendations for performance where appropriate The book concludes with a series of informational appendices including the psalm cursus for Vespers of all major feasts in the liturgical calendar texts and structural outlines for the Vespers compositions based on a cantus firmus an analytical discography and bibliographies of seventeenth century musical and theoretical sources *The British Catalogue of Music*, 1990 Subject

Guide to Books in Print, 1996 **Masses** Francesco Foggia, 2017-01-01 Francesco Foggia 1603-88 was one of the leading composers of liturgical music in seventeenth century Rome and was identified both during his own time and in later generations as a historically significant and gifted composer His almost two dozen extant masses represent the most fruitful engagement with this genre by a Roman composer between the time of Giovanni Pierluigi da Palestrina in the preceding century and Giuseppe Ottavio Pitoni in the subsequent one This edition provides representative examples of most of the types of masses that Foggia composed including a small scale mass a pastoral mass a missa brevis imitation masses concerted masses and the grand Missa Tu es Petrus a work that combines veneration for Palestrina whose motet serves as the model with the distinctive nine voice scoring cherished by Roman composers for their most distinctively Roman compositions

Through the Centuries, Volume 2 Susan Gillingham, 2020-05-18 *Psalms Through the Centuries Volume Two* provides the

first ever extensive commentary on the Jewish and Christian reception history of the first two books of the Psalter Psalms 1 41 and 42 72 It explores the various uses of the Psalms over two millennia in translation and commentary liturgy and prayer study and preaching musical composition and artistic illustration poetic and dramatic imitation and contemporary discourse With lavish illustrations using examples from both music and art Psalms Through the Centuries Volume Two offers a detailed commentary on each psalm with an extensive bibliography a large glossary of terms and helpful indices It is an ideal resource both for students and scholars in the academy and for lay people and ministers in church and synagogue Psalms Through the Centuries is published within the Wiley Blackwell Commentary series Further information about this innovative reception history series is available at www.bbibcomm.info [Motets by Emperor Ferdinand III and other musicians from the Habsburg court, 1637-1657](#) Ferdinand III (Holy Roman Emperor), 2012-01-01 [The Oxford Handbook of Early Modern European History, 1350-1750](#) Hamish Scott, 2015-07-23 This Handbook re-examines the concept of early modern history in a European and global context The term early modern has been familiar especially in Anglophone scholarship for four decades and is securely established in teaching research and scholarly publishing More recently however the unity implied in the notion has fragmented while the usefulness and even the validity of the term and the historical periodisation which it incorporates have been questioned The Oxford Handbook of Early Modern European History 1350 1750 provides an account of the development of the subject during the past half century but primarily offers an integrated and comprehensive survey of present knowledge together with some suggestions as to how the field is developing It aims both to interrogate the notion of early modernity itself and to survey early modern Europe as an established field of study The overriding aim will be to establish that early modern is not simply a chronological label but possesses a substantive integrity Volume II is devoted to Cultures and Power opening with chapters on philosophy science art and architecture music and the Enlightenment Subsequent sections examine Europe beyond Europe with the transformation of contact with other continents during the first global age and military and political developments notably the expansion of state power **Dictionary of music** Hugo Riemann, 1897 *Psalms Through the Centuries, Volume 3* Susan Gillingham, 2022-06-28 This third volume completes the set of a groundbreaking reception history of the Psalter the culmination of two decades work In Volume Three of Psalms Through the Centuries A Reception History Commentary on Psalms 73 151 the internationally recognized biblical scholar Professor Susan Gillingham examines the Jewish and Christian cultural and reception history of Books Three to Five of the Psalter She examines the changing ways in which psalms have been understood in translations and commentaries liturgy and prayer study and preaching music and art poetic and dramatic performance and political and ethical discourse Lavishly illustrated with thirty colour plates several black and white images and a number of musical scores this volume also includes a comprehensive glossary of terms for readers less familiar with the subject and a full selective bibliography complete with footnote references for each psalm Numerous links to website resources also allow readers to pursue topics at greater depth

and three clearly organized indices facilitate searches by specific psalms or authors or types of reception for selected psalms. This structure makes the commentary easy to use whether for private study, teaching, or preaching. The book also offers a one-of-a-kind treatment of the reception history of the psalms that starts where most commentaries end, beginning with the trajectory of the Psalter's multi-faceted reception over two millennia. Specific discussions of both Jewish and Christian responses to individual psalms. *Psalms Through the Centuries: A Reception History Commentary on Psalms 73-151* like the previous two volumes will earn a distinctive place in the libraries of faculties, colleges, seminaries, and religious communities as well as in private collections of students and scholars of biblical studies, theology, and religion. *Bookseller and the Stationery Trades' Journal*, 1910
