*Masterworks of the Orchestral Repertoire* Donald N. Ferguson, 1968-03-04 Masterworks of the Orchestral Repertoire was first published in 1968 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions The fullest enjoyment of an orchestral performance or a record concert comes with a background of knowledge about the music itself This handbook is designed to help music lovers get the ultimate pleasure from their listening by providing them with that background about a large portion of the orchestral repertoire Professor Ferguson analyzes and interprets the most important classical symphonies overtures and concertos as well as selected orchestral works of modern composers He goes beyond a conventional analysis of structure since he believes with a majority of the music loving public that great music is actually a communication that it expresses significant emotions The great composers on their own testimony have striven not merely to create perfect forms but to interpret human experience Mingled with the analyses then the reader will find comments on the expressive purport of the music For twenty five years Professor Ferguson has supplied the program notes for the subscription concerts of the Minneapolis Symphony Orchestra and this volume is an outgrowth of that activity In preparing the material for book publication however he studied

*Heinrich Wilhelm Ernst: Virtuoso Violinist* Mark Rowe,2017-07-05 From 1840 57 Heinrich Ernst was one of the most famous and significant European musicians and performed on stage often many times with Berlioz Mendelssohn Chopin Liszt Wagner Alkan Clara Schumann and Joachim It is a sign of his importance that in 1863 Brahms gave two public performances

in Vienna of his own and Ernst's music to raise money for the now mortally ill violinist Berlioz described Ernst as one of the artists whom I love the most and with whose talent I am most sympathetic while Joachim was in no doubt that Ernst was the greatest violinist I ever heard he towered above the others Many felt that he surpassed the expressive and technical achievements of Paganini but Ernst unlike his great predecessor was also a tireless champion of public chamber music and did more than any other early nineteenth century violinist to make Beethoven's late quartets widely known and appreciated Ernst was not only a great virtuoso but also an accomplished composer He wrote two of the most popular pieces of the nineteenth century the Elegy and the Carnival of Venice and he is best known today for two solo pieces which represent the ne plus ultra of technical difficulty the transcription of Schubert's Erlking and the sixth of his Polyphonic Studies the variations on The Last Rose of Summer Perhaps he made his greatest contribution to music through his influence on Liszt's outstanding masterpiece the B minor piano sonata In 1849 Liszt conducted Ernst playing his own Concerto Pathétique a substantial single movement work in altered sonata form using thematic transformation Soon after this performance Liszt wrote his Grosses Konzertsolo 1849-50 his first extended single movement work using altered sonata form and thematic transformation This is now universally acknowledged to be the immediate forerunner of the sonata which refines and develops all these techniques Liszt made his debt clear when three years after completing

Bechstein later Wigmore Hall He was also a fervent champion of the music of non Austro German composers such as the Russian Pyotr Ilyich Tchaikovsky and the Englishman Edward Elgar This book considers Nikisch s role and influence as a leading musical executant within the declining Habsburg monarchy and the ascendant German Empire It also examines how the newly established phenomenon of the virtuoso conductor reached across international boundaries at a time when hardening ideologies and shifting political allegiances were leading towards the disintegration of the old Europe in the carnage of the First World War It considers Nikisch as a primary link between the later nineteenth century performance practice and aesthetics of Wagner and the twentieth century phenomenon of the all powerful superstar conductor who came to surpass even the composer in importance      *Biennial Music Festival at Cincinnati* ,1890      *Western Magazine* ,1923
