The story takes place amidst actual historical events during the Italian Renaissance and includes in its plot several notable figures from Florentine history. ***Romola, Vol. 1 of 3 (Classic Reprint)*** George Eliot, 2016-12-03. Excerpt from *Romola* Vol 1 of 3. Even if instead of following the dim daybreak, our imagination pauses on a certain historical spot and awaits the fuller morning, we may see a world-famous city which has hardly changed its outline since the days of Columbus, seeming to stand as an almost unviolated symbol amidst the flux of human things to remind us that we still resemble the men of the past more than we differ from them as the great mechanical principles on which those domes and towers were raised must make a likeness in human building that will be broader and deeper than all possible change. And doubtless if the spirit of a Florentine citizen whose eyes were closed for the last time while Columbus was still waiting and arguing for the three poor vessels with which he was to set sail from the port of Palos could return from the shades and pause where our thought is pausing, he would believe that there must still be fellowship and understanding for him among the inheritors of his birthplace. Let us suppose that such a Shade has been permitted to revisit the glimpses of the golden morning and is standing once more on the famous hill of San Miniato which overlooks Florence from the south.
