Room For The Summer Adventure Misadven:

A Room for the Summer Fritz Wolff, 2021-07-06 In A Room for the Summer Fritz Wolff takes the reader on a memorable journey into the rough and tumble world of hardrock mining recounting his experiences both above and below ground as an apprentice engineer during the late 1950s In June 1956 at the age of eighteen Wolff went to work for the Bunker Hill Company in Kellogg Idaho in the Coeur d Alene region Arriving in a tired 1939 Chevy coupe with about twenty dollars in his pocket Wolff spent three college summers working for Bunker Hill He learned firsthand the pleasures of camaraderie with fellow workers and the dangers of working underground Today the hardrock mining industry is all but forgotten The Bunker Hill Company is known not because it produced 430 million ounces of silver and not because it provided a living for thousands of families for more than a century but because it is one of the largest EPA superfund sites Wolff does not idealize the mining industry for many workers the conditions were nightmarish But in spare lyrical prose he evokes the intrinsic goodness of a simpler time when hardworking folks went about their business with courage humor and lots of gumption
