Feminist Revolution in Literacy Junko Onosaka, 2013-10-14 This book examines the history of women's bookstores in the US from the 1970s to the 1990s. It establishes that women's bookstores played an important role in feminism by enabling the dissemination of women's voices and thereby helping to sustain and enrich the women's movement. They improved women's literacy, their abilities to read, write, publish, and distribute women's voices and visions, and helped women to instigate a feminist revolution in literacy.

The Everyday World As Problematic Dorothy E. Smith, 2012-01-15 In this collection of essays, sociologist Dorothy E. Smith develops a method for analyzing how women and men view contemporary society from specific gendered points of view. She shows how social relations and the theories that describe them must express the concrete historical and geographical details of everyday lives. A vital sociology from the standpoint of women, the volume is applicable to a variety of subjects and will be especially useful in courses in sociological theory and methods.

Media United States. National Commission on the Observance of International Women's Year, 1977 **The Gender and Psychology Reader** Blythe Clinchy, Julie K. Norem, 1998-04 In The Gender and Psychology Reader, Blythe McVicker Clinchy and Julie K. Norem have culled through a diverse group of readings to provide a wide-ranging exploration of both progress made and problems encountered as psychologists grapple with gender. The volume includes both classic and contemporary readings drawn from all branches of psychology: social, developmental, personality, cognitive, history, physiological, biological, as well as from other disciplines including sociology, philosophy, and anthropology. The essays cover a gamut of subjects including epistemological issues, the study of difference, the embodiment of gender, autonomy, and connection in relationships and clinical implications. A concluding chapter by the editors considers themes that can be traced through the different sections: gaps in current perspectives and future directions. The Gender and Psychology Reader includes contributions from an array of distinguished scholars from varying methodological and disciplinary backgrounds. Among the contributors are Laurel Furumoto, Jeanne Marecek, Laura S. Brown, Anne Fausto-Sterling, Sandra Lipsitz Bem, Michelle Fine, Joseph H. Pleck, J. G. Morawski, Daniel A. Hart, Barrie Thorne, and Aida Hurtado. Organized for easy use as either a primary or supplementary text for upper-level undergraduate and graduate courses in psychology, The Gender and Psychology Reader will also serve as the essential reference for those in clinical practice interested in gender issues.
