The Road Not Taken: Edward Lansdale and the American Tragedy in Vietnam Max Boot, 2018-01-09. Finalist for the Pulitzer Prize Biography. A New York Times bestseller, this epic and elegant biography Wall Street Journal profoundly recasts our understanding of the Vietnam War. Praised as a superb scholarly achievement, Foreign Policy The Road Not Taken confirms Max Boot's role as a master chronicler. Washington Times of American military affairs. Through dozens of interviews and never before seen documents, Boot rescues Edward Lansdale, 1908-1987, from historical ignominy to restore a sense of proportion to this political Svengali or Lawrence of Asia. The New Yorker Boot demonstrates how Lansdale, the man said to be the fictional model for Graham Greene's *The Quiet American*, pioneered a hearts and minds diplomacy first in the Philippines and then in Vietnam. Bringing a tragic complexity to Lansdale and a nuanced analysis to his visionary foreign policy, Boot suggests Vietnam could have been different had we only listened. With contemporary reverberations in Iraq, Afghanistan, and Syria, *The Road Not Taken* is a judicious and absorbing New York Times Book Review biography of lasting historical consequence.

Rooster Town Evelyn Peters, Matthew Stock, Adrian Werner, 2018-10-16. Melonville, Smokey Hollow, Bannock Town, Fort Tuyau, Little Chicago, Mud Flats, Pumpville, Tintown, La Coule. These were some of the names given to Métis communities at the edges of urban areas in Manitoba. Rooster Town, which was on the outskirts of southwest Winnipeg, endured from 1901 to 1961. Those years in Winnipeg were characterized by the twin pressures of depression and inflation, chronic housing shortages, and a spotty social support network. At the city's edge, Rooster Town grew without city services as rural Métis arrived to participate in the urban economy and build their own houses while keeping Métis culture and community as a central part of their lives. In other growing settler cities, the Indigenous experience was largely characterized by removal and confinement. But the continuing presence of Métis living and working in the city and the establishment of Rooster Town itself made the Winnipeg experience unique. *Rooster Town* documents the story of a community rooted in kinship culture and historical circumstance, whose residents existed unofficially in the cracks of municipal bureaucracy while navigating the legacy of settler colonialism and the demands of modernity and urbanization.

Theodore Dreiser: An American Tragedy (LOA #140) Theodore Dreiser, 2003-03-10. This novel tracks the process by which an ordinary young man is capable of committing a ruthless murder and the further process by which social and political forces come into play after his arrest. In *Clyde Griffiths*, the impoverished, restless offspring of a family of street preachers, we see a portrait of a man whose circumstances and dreams of self-betterment conspire to pull him toward an act of unforgivable violence.

Peckinpah's Tragic Westerns John L. Simons, Robert Merrill, 2014-01-10. The work of Sam Peckinpah represents a high point in American cinema. This text is the first theoretical and critical attempt to place Peckinpah within the 2,000-year-old tradition of western tragedy. The tradition enfolding the Greeks, Shakespeare, and modern

tragedians is represented in Peckinpah's art in numerous ways and the fact that he worked in the mode throughout his career distinguishes him from most American film directors. Films covered include *Ride the High Country*, *Noon Wine*, *The Wild Bunch*, *Pat Garrett and Billy the Kid*, and *Bring Me the Head of Alfredo Garcia*. [American Cipher](#) Matt Farwell, Michael Ames, 2019-03-12 The explosive narrative of the life, captivity and trial of Bowe Bergdahl, the soldier who was abducted by the Taliban and whose story has served as a symbol for America's foundering war in Afghanistan. An unsettling and riveting book filled with the mysteries of human nature. Kirkus Private First Class Bowe Bergdahl left his platoon's base in eastern Afghanistan in the early hours of June 30, 2009. Since that day, easy answers to the many questions surrounding his case—why did he leave his post? What kinds of efforts were made to recover him from the Taliban? And why, facing a court martial, did he plead guilty to the serious charges against him?—have proved elusive. Taut in its pacing but sweeping in its scope, *American Cipher* is the riveting and deeply sourced account of the nearly decade-old Bergdahl quagmire, which, as journalists Matt Farwell and Michael Ames persuasively argue, is as illuminating an episode as we have as we seek the larger truths of how the United States lost its way in Afghanistan. The book tells the parallel stories of a young man's halting coming of age and a nation stalled in an unwinnable war, revealing the fallout that ensued when the two collided: a fumbling recovery effort that suppressed intelligence on Bergdahl's true location and bungled multiple opportunities to bring him back sooner; a homecoming that served to deepen the nation's already vast political fissure; a trial that cast judgment on not only the defendant but most everyone involved. The book's beating heart is Bergdahl himself, an idealistic, misguided soldier onto whom a nation projected the political and emotional complications of service. Based on years of exclusive reporting, drawing on dozens of sources throughout the military, government, and Bergdahl's family, friends, and fellow soldiers, *American Cipher* is at once a meticulous investigation of government dysfunction and political posturing, a blistering commentary on America's presence in Afghanistan, and a heartbreaking story of a naïve young man who thought he could fix the world and wound up the tool of forces far beyond his understanding. [American Book Publishing Record](#), 2000-07 **America Alienation**

Nation Edward R. Ingram BA, MA Credentialed Teacher, 2022-07-20 *America Alienation: Nation Alienation Machination Poetry* By Edward R. Ingram BA, MA Credentialed Teacher. *America Alienation: Nation Alienation Machination Poetry* is about the horror good patriotic Americans face as a result of the utter chaos caused to this great country by the disaster that is Donald Trump: spoon-fed lies, hatred, deception, negligence, corruption. He was impeached twice, causing the worst attack on the American government since the Civil War. Our lives, freedoms, right to vote, to work, and to prosper are under assault from within our union. We now see democracy is fragile and needs a booster shot: more people talking truth to power. Edward R. Ingram's message to his readers is to speak out against GOP Authoritarianism as unsustainable and destructive.
