Root Of Deception:

Dynamics of Spiritual Deception Daniel C. Juster Th.D.,2016-01-19 Years ago my wife and I were part of a congregation that fell into the depths of spiritual deception and became cultic The events of those days led to the ruin of many lives Most shocking was the number of students from evangelical backgrounds who were so easily deceived How did this happen What were the spiritual principles involved that led to such a great tragedy It is my conviction that the account of this congregation and the review of the principles involved in their deception will prevent the same thing from occurring elsewhere May those who read this learn to guard themselves against the Dynamics of Spiritual Deception **Are You Saved Or Deceived?** Terry Fagre,2008-10 **The Root of Deception** Carl Patterson,2010-08 Self and Deception Roger T. Ames,Wimal Dissanayake,1996-07-03 This volume contains essays by a range of distinguished philosophers on the problem of self deception or rather self and deception The work proceeds from the assumption that changing constructions of self within Western cultures and alternative notions of self in other cultures requires that we rethink traditional strategies for explaining the phenomenon of self deception The concept of self is central to any sustained inquiry into self deception the pertinent issue being what sort of self is victim or beneficiary of self deception Several of the authors here base their thinking on the model of other deception and include discussion of the notions of double selves multiple selves and subsystems of the self to address this troubling problem Other authors argue that other deception is not an adequate or reliable model to guide our thinking on this issue The psychological and moral dimensions of self deception generate a rich discussion as do its epistemic implications The concept of emotionality also receives sustained attention *Corruption in Plain Sight* Joseph Hurts, Corruption is often imagined as a shadowy transaction behind closed doors a bribe slid under the table a whisper in the corridor of power But in truth some of the most egregious acts of corruption are not hidden at all They unfold in full view of the public wrapped in layers of bureaucracy legal jargon and polished press releases This is corruption in plain sight subtle systemic and scandalously tolerated Public figures elected officials corporate leaders even heads of nonprofit organizations are often entrusted with enormous power and responsibility Yet time and again these individuals are found exploiting that trust for personal gain The tragedy lies not just in their actions but in the systems that protect them the narratives that excuse them and the public apathy that allows them to continue When corruption becomes normalized it ceases to shock It becomes just another headline in the daily news cycle This book explores the intricate web of corruption that spans governments corporations and institutions It peels back the layers of influence and deception to reveal how corruption operates who benefits and who pays the price Through real life case studies and careful analysis we examine the mechanics of cover ups the role of the media in shaping public perception and the silent complicity of those who choose to look the other way Freedom! from Past Hurts Marilyn Adams,J. Marilyn Adams,2005 Nearly everyone has painful events from the past that adversely affect their present behavior This book helps identify the buried emotional pains and reveal
