## **Rasputin the Rascal Monk: Disclosing the Secret Scandal of the Betrayal of Russia by the Mock-Monk Grichka and the Consequent Ruin of the Romanoffs With Official Documents Revealed and Recorded for the First Time**

William Le Queux,2020-09-28      *The Squadron* Ardern Arthur Hulme Beaman,1920      **The National Real Estate Journal** ,1924      **New National Real Estate Journal** ,1924      **Popular Science** ,1932-10 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better

*The Astounding, the Amazing, and the Unknown* Paul Malmont,2011-07-05 Based on an incredible true episode of World War II history Paul Malmont s new novel is a rollicking blend of fact and fiction about the men and women who were recruited to defeat the Nazis and ended up creating the future In 1943 when the United States learns that Germany is on the verge of a deadly innovation that could tip the balance of the war the government turns to an unlikely source for help the nation s top science fiction writers Installed at a covert military lab within the Philadelphia Naval Yard are the most brilliant of these young visionaries The unruly band is led by Robert Heinlein the dashing and complicated master of the genre His Kamikaze Group which includes the ambitious genius Isaac Asimov is tasked with transforming the wonders of science fiction into science fact and unlocking the secrets to invisibility death rays force fields weather control and other astounding phenomena and finding it harder than they ever imagined When a German spy washes ashore near the abandoned Long Island ruins of a mysterious energy facility the military begins to fear that the Nazis are a step ahead of Heinlein s group Now the oddball team joined by old friends from the Pulp Era including L Ron Hubbard court martialled for attacking Mexico

must race to catch up The answers they seek may be locked in the legendary War of Currents which was fought decades earlier between Nikola Tesla and Thomas Edison As the threat of an imminent Nazi invasion of America grows more and more possible events are set in motion that just may revolutionize the future or destroy it while forcing the writers to challenge the limits of talent imagination love destiny and even reality itself Blazing at breathtaking speed from forgotten tunnels deep beneath Manhattan to top secret battles in the North Pacific and careening from truth to pulp and back again The Astounding the Amazing and the Unknown is a sweeping romantic epic a page turning rocket ship ride through the history of the future      **Library Journal** ,2001      **Legendary Locals of the Pine Barrens of New Jersey** Karen F. Riley and Andrew Gioulis, Foreword by Peter H. Stemmer,2013 Our country s first national reserve the Pine Barrens harbors a wonderful secret unknown to most outsiders This 1 1 million acre treasure trove of pitch pine and sugar sand is home to many rare species and almost 17 trillion gallons of the purest water on earth It was in this forest that men like Leland Champion logged trees and built sawmills It was along these waterways that craftsmen like Gary Giberson made prized decoys And it was in these woods that Stanley Switlik built a tower from which Amelia Earhart jumped testing his parachute so it could be used in World War II These woods yielded inventors whose products we enjoy today cultivated blueberries cranberry sauce and Welch s grape juice It was here that Bob Buchanan reached for the mooring lines as the Hindenburg ended its final fated voyage And it was here in Buzby s General Store that John McPhee penned his classic book The Pine Barrens setting into motion legislation to preserve this area for future generations      *The Churches and the Third Reich* Klaus Scholder,2018-05-04 This monumental comprehensive controversial study is the first volume of a definitive history of the churches in Germany between the wars It is especially significant in that it is based on a great deal of original research into both religious and political sources and is the first book to work on the presupposition that an accurate picture of the churches in the Third Reich demands that both Protestant and Roman Catholic churches are studied side by side since it was the rivalry between the churches that in some ways contributed to their downfall Contrary to what has often been asserted Professor Scholder argues that Hitler did have a plan for the churches over a long period Crucial to that plan on the Catholic side was his desire for a concordat parallel to that achieved by Mussolini keeping the clergy out of politics which the Vatican was over hasty to meet it was the attempt to treat the Protestant churches in a similar way to the Catholic church which led to the difficulties that ended in the church struggle There is also a realistic analysis of the Jewish question documenting the churches failure in this area with severity and scholarly rigor The first part covers developments up to Hitler s seizure of power the second is devoted to the year 1933 during which all the major issues were in fact decided      *Irish Secrets* Mark M. Hull,2003 Irish Secrets graphically tells the little known history of German military espionage activity in Ireland despite Ireland s neutral stance before and during the Second World War It details illicit contacts between officers of the Abwehr German military intelligence and leaders of the Irish Republican Army with the intent of co ordinating actions against British

targets and the Irish state Irish Secrets also examines the extent of pro German support in Ireland the fledgling Nazi party in Ireland and the activities of Irish civilians and diplomats abroad who offered to serve Hitler s Germany It scrutinises the personalities and mission profiles of the eleven German agents from both the Abwehr and the SD the SS intelligence service who operated with widely varying degrees of success on Irish soil and unearths the stories of previously unknown German operatives and Irish supporters Many of the most compelling scenarios revolve around the use of recruited Irish nationals for espionage work some details of which are still classified by the British and Irish governments This book explores why German intelligence ultimately failed and proposes that the German effort represented a genuine threat to the Irish state and the Allies alike which seriously threatened the official position of Irish neutrality It makes for a gripping account of the intelligence war and highlights the brilliant creative success of Irish military intelligence in waging a counter espionage campaign that effectively neutralized the German threat Drawing from newly released intelligence files in several countries in depth interviews conducted with the participants and on other previously unpublished primary sources Mark Hull conclusively rewrites what is presently known about a fascinating aspect of the Second World War     **Video Source Book** ,2006 A guide to programs currently available on video in the areas of movies entertainment general interest education sports recreation fine arts health science business industry children juvenile how to instruction     *Doctor Todt* Carlos Wigen,2022-05-17 Doctor Todt is the first historical fiction novel in a series of 8 with the collective title After the Flood The Flood is not a Noah s ark thing but the increasingly obvious fact that the human race is less and less capable to manage its habitat Earth As for a reversal experts determined that the point of no return was passed in 1981 then typically classified Few were prepared to listen anyway The greatest enemy of man is man himself I wrote about that in The Spine of Western Culture then started on this epic account of capable and well informed people who work on ultra deep level preparing to survive and be ready to resurface and rebuild the post deluvian remains in a way that makes a repetition of what caused the catastrophe impossible to repeat The storyline stretches from the last fugitives leaving flaming Berlin in 1945 to survival stations orbiting somewhere in the northern hemisphere around 2050     **The Great War** Herbert Wrigley Wilson,Sir John Alexander Hammerton,1916     **The Saturday Evening Post** ,1929     **All Story Weekly** ,1917     **The Lincoln Library of Essential Information** ,1924
