here introduce and elaborate his theory of communication influenced by thinkers as diverse as Martin Buber Edmund Husserl and Thomas Kuhn While taking dystopian posthuman visions of communication technologies into account Flusser celebrates their liberatory and humanizing aspects For Flusser existence was akin to being thrown into an abyss of absurd experience or bottomlessness becoming human required creating meaning out of this painful event by consciously connecting with others in part through such technologies Other essays present Flusser s thoughts on the future of writing the revolutionary nature of photography the relationship between exile and creativity and his unconventional concept of posthistory Taken together these essays confirm Flusser s importance and prescience within contemporary philosophy
