Secularist Heresy:

The Secularist Heresy Harry Blamires, 1980 Blamires fullest exploration of the phenomenon of secularism and the threat it presents to the Church back cover **Religion of the Field Negro** Vincent W. Lloyd, 2017-11-07 Black theology has lost its direction To reclaim its original power and to advance racial justice struggles today black theology must fully embrace blackness and theology But multiculturalism and religious pluralism have boxed in black theology forcing it to speak in terms dictated by a power structure founded on white supremacy In *Religion of the Field Negro* Vincent W Lloyd advances and develops black theology immodestly privileging the perspective of African Americans and employing a distinctively theological analysis As Lloyd argues secularism is entangled with the disciplining impulses of modernity with neoliberal economics and with Western imperialism but it also contaminates and castrates black theology Inspired by critics of secularism in other fields *Religion of the Field Negro* probes the subtle ways in which religion is excluded and managed in black culture Using Barack Obama Huey Newton and Steve Biko as case studies it shows how the criticism of secularism is the prerequisite of all criticism and it shows how criticism and grassroots organizing must go hand in hand But scholars of secularism too often ignore race and scholars of race too often ignore secularism Scholars of black theology too often ignore the theoretical insights of secular black studies scholars and race theorists too often ignore the critical insights of religious thinkers *Religion of the Field Negro* brings together vibrant scholarly conversations that have remained at a distance from each other until now Weaving theological sources critical theory and cultural analysis this book offers new answers to pressing questions about race and justice love and hope theorizing and organizing and the role of whites in black struggle The insights of James Cone are developed together with those of James Baldwin Sylvia Wynter and Achille Mbembe all in the service of developing a political theological vision that motivates us to challenge the racist paradigms of white supremacy

Empires of Dirt: Secularism, Radical Islam, and the Mere Christendom Alternative Douglas Wilson, 2016-11-08 As it self destructs the strategy of secularism the idea that nations can be religiously neutral is splitting between American exceptionalism and radical Islam American exceptionalism the belief that America is more than a nation is folly Radical Islam is obviously wrong as well but Muslims at least own the nature of the current cultural conflict You must follow somebody whether it s Allah the State or Jesus Christ This important and timely book is an analysis of the changing face of religion and politics and also an extended argument for Christian expression of faith in Jesus Christ This does not mean a withdrawal from politics to our own communities and churches Instead we Christians must take what we have learned from the wreck of secularism and build a Christendom of the New Foundation A network of nations bound together by a formal public civic acknowledgement of the lordship of Jesus Christ and the fundamental truth of the Apostles Creed **The Secularist** , 2003

Beyond Secularism and Jihad? Peter D. Beaulieu,2012-07-13 Peter D Beaulieu examines the challenge posed by and to modernity and historic Islam as they encounter one another He compares the Western separation of Church and state with the unitary Islamic State and explores the proposed cultural and societal principles of the Second Vatican Council as potentially influencing long term events in both arenas Beaulieu s research is comprehensive and richly documented yet offers an accessible triangular inquiry into the mosque the manger and modernity By restoring a place at the table for Trinitarian Christianity alongside the engulfing monotheism of Islam and the alternative skepticism of Western rationalism this inquiry broadens the pallet of inter religious and intercultural contact points Beyond Secularism and Jihad provides balanced attention to the differences as well as the similarities between Christianity Islam and modernity An emerging theme is natural law which is universal and intrinsic to all mankind and not confined to competing theologies Neglected in the West that it helped create natural law might contribute to the needed grammar for dialogue between the citizens in the West and the followers of Islam

Heresy and Borders in the Twentieth Century Karina Jakubowicz,Robert

Dickins,2021-03-10 This book explores the shifting and negotiated boundaries of religion spirituality and secular thinking in Britain and North America during the twentieth century It contributes to a growing scholarship that problematises secularization theory arguing that religion and spirituality increasingly took diverse new forms and identities rather than simply being replaced by a monolithic secularity The volume examines the way that thinkers writers and artists manipulated and reimagined orthodox belief systems in their work using the notion of heresy to delineate the borders of what was considered socially and ethically acceptable It includes topics such as psychospiritual approaches in medicine countercultures and religious experience and the function of blasphemy within supposedly secular politics The book argues that heresy and heretical identities established fluid borderlands These borderlands not only blur simple demarcations of the religious and secular in the twentieth century but also infer new forms of heterodoxy through an exchange of ideas This collection of essays offers a nuanced take on a topic that pervades the study of religion It will be of great use to scholars of Heresy Studies Religious Studies and Comparative Religion Social Anthropology History Literature Philosophy and Cultural Studies *The Shield of faith* ,1880 *Secularism and its Opponents from Augustine to Solzhenitsyn* E.

Kennedy,2015-12-11 In this overview of secularism and its history Kennedy traces through a series of intellectual biographies of leading European thinkers such as Rousseau Kant Hegel Marx Dostoyevsky and Solzhenitsyn just how the Western world changed from religious to secular *Secularism and Cosmopolitanism* Étienne Balibar,2018-06-19 What is the relationship between cosmopolitanism and secularism the worldwide and the worldly While cosmopolitan politics may seem inherently secular existing forms of secularism risk undermining the universality of cosmopolitanism because they privilege the European tradition over all others and transform particular historical norms into enunciations of truth valid for all cultures and all epochs In this book the noted philosopher Étienne Balibar explores the tensions lurking at this troubled nexus in order to advance a truly democratic and emancipatory cosmopolitanism which requires a secularization of secularism itself Balibar argues for the idea of the universal against its particular dominant institutions He questions the assumptions that underlie popular ideas of secularism and religion and outlines the importance of a new critique for the contemporary world Balibar holds that conflicts between religious and secular discourses need to be reframed from a point of view that takes into account the cultural hybridization migration and mobility and transformation of borders that have reshaped the postcolonial age Among the topics discussed are the uses and misuses of the category of religion and the religious the paradoxical genealogy of monotheism French laïcité's identitarian turn and the implications of the responses to the Charlie Hebdo attacks for an extended definition of free speech Going beyond circumscribed notions of religion and the public sphere *Secularism and Cosmopolitanism* is a profound rethinking of identity and difference that seeks to make room for a renewed political imagination *Christian Ethics as Witness* David Haddorff,2011-01-01 Christian ethics is less a system of principles rules or even virtues and more of a free and open ended responsible witness to God's gracious action to be with and for others and

the world Postmodernity has left us with the risky uncertainty of knowing and doing the good It also leaves us with the global risks of political violence and terrorism economic globalization and financial crisis and environmental destruction and global climate change How should Christians respond to these problems This book creatively explores how Christian ethics is best understood a witness to God s action thereby providing the ethical framework for addressing the various problematic social issues that put our world at risk Haddorff develops the notion of witness through a detailed study of Karl Barth s theological ethics Barth he argues provides a language enabling us to know what a Christian ethics of witness actually looks like in both theory and in practice In correspondence to God s gracious action Christians remain free to think and act in faith hope and love in response to their unique circumstances even in a world at risk In their witness Christians remain confident that God has not abandoned the world but loves and cares for its future

Joskowicz,Ethan B. Katz,2015-06-30 For much of the twentieth century most religious and secular Jewish thinkers believed that they were witnessing a steady ongoing movement toward secularization Toward the end of the century however as scholars and pundits began to speak of the global resurgence of religion the normalization of secularism could no longer be considered inevitable Recent decades have seen the strengthening of Orthodox movements in the United States and in Israel religious Zionism has grown and radically changed since the 1960s and new and vibrant nondenominational Jewish movements have emerged Secularism in Question examines the ways these contemporary revivals of religion prompt a reconsideration of many issues concerning Jews and Judaism from the early modern era to the present Bringing together scholars of history religion philosophy and literature this volume illustrates how the categories of religious and secular have frequently proven far more permeable than fixed The contributors challenge the problematic assumptions about the development of secularism that emerge from Protestant European and American perspectives and demonstrate that global Jewish experiences necessitate a reappraisal of conventional narratives of secularism Ultimately Secularism in Question calls for rethinking the very terms that animate many of the most contentious debates in contemporary Jewish life and far beyond Contributors Michal Ben Horin Aryeh Edrei Jonathan Mark Gribetz Ari Joskowicz Ethan B Katz Eva Lezzi Vivian Liska Rachel Manekin David Myers Amnon Raz Krakotzkin Andrea Schatz Christophe Schulte Daniel B Schwartz Galili Shahar Scott Ury
