Payne, 2019-03-04 This book critically examines U S attempts to establish a nuclear deterrent against the Soviet Union and offers new approaches to dealing with the changing strategic environment Dr Payne maintains that the most influential theories of nuclear deterrence Assured Vulnerability and Flexible Targeting are unrealistic given Soviet foreign policy and attitudes toward nuclear war and no longer adequately meet the requirements of U S national security Identifying an approach compatible with U S security commitments he argues that future U S policy should focus on defeating the Soviet theory of victory on threatening Soviet military forces and domestic and external political control assets while also defending the U S against nuclear attack The discussion covers recent developments among them the new nuclear strategy of the Carter administration and President Reagan s new weapons program **The Nixon Administration and the Making of U.S. Nuclear Strategy** Terry Terriff, 2018-05-31 In 1974 Richard Nixon s defense secretary James Schlesinger announced that the United States would change its nuclear targeting policy from assured destruction to limited nuclear options In this account of the Schlesinger Doctrine based on newly declassified documents and extensive interviews with key actors Terry Terriff challenges the Nixon administration s official explanation of why and how this policy innovation occurred *Proceedings of the National Security Affairs Conference*, 1980 **Power and Policy in Quest of Law** Myres S. **The Origins of SDI, 1944-1983** Donald R. Baucom, 1992 Most people think Star Wars began with the ideas of Ronald Reagan but its roots reach decades further back In this first scholarly account of the origins of the Strategic Defense Initiative SDI historian Don Baucom traces these roots back to the dawn of the missile age in 1944 He finds SDI emerging after a period of nearly 40 years from forces generated by technological developments changing strategic conditions and the collapse of the SALT arms control negotiations of the 1970s We All Lost the Cold War Richard Ned Lebow, Janice Gross Stein, 1995-07-23 In the 1980s Soviet evidence suggests the Reagan arms buildup delayed rather than hastened the accommodation Gorbachev desired for internal political reasons Both nations the authors argue expended lives

and resources out of all reasonable proportion to their legitimate security interests with destabilizing consequences that persist today      **Special Bibliography Series** United States Air Force Academy. Library,195?      **Moral Principles and Nuclear Weapons** Douglas P. Lackey,1984 Philosophy and science Jacket Bibliography p 242 257 Includes index      World Communism at the Crossroads S.S. Rosefielde,2013-03-09 The collection of essays presented in this volume grew out of a series of lectures given at the University of North Carolina during the academic year 1976 1977 The series was sponsored by the Soviet and East European Studies Program which I chaired at the time and the Curriculum of Peace War and Defense headed by James Leutze In the ensuing years almost all the manuscripts have been redrafted at frequent intervals to reflect the changing state of knowledge in each respective discipline The final version of the text that appears here is therefore the outcome of a long developmental process It is up to date and embodies our individual views on world communism at the present juncture Although the recent Soviet invasion of Afghanistan occurred shortly after this volume was completed that event has not impaired the book's timeliness The findings of Rosefielde Lee Valenta and Leutze all point toward a resurgence of Soviet expansionism and Parker explicitly predicted the Afghan invasion in the first draft of his essay June 1978 see p 32

Deterrence Chris Adams,2009-10 While much has been written about the Cold War from the political diplomatic and overall military perspective very little has been written about the American warriors who fought and won the war In Deterrence Adams tells the story of the U S leaders commanders enlisted men of the U S military strategic nuclear forces that successfully defeated the Soviet war machine This book goes a long way toward telling how and why the United States prevailed in the Cold War Keith D McFarland PhD President Emeritus Texas A M University Commerce In this notable work Chris Adams has not only captured the essence of national security through vigilant deterrence but clearly recognizes and honors the leaders commanders service members and families who played critical roles in the defense of our country Lt General Edgar S Harris Jr USAF Retired Fmr Vice Commander in Chief Strategic Air Command I had the privilege of serving with General Chris Adams in Strategic Air Command During those critical years SAC's charged Cold Warriors and their families were at the center of our deterrent force Herein Adams captures the critical mission and importance of those whose professional service behind the scenes made it possible to win the Cold War Jim McCoy Chief Master Sergeant of the Air Force Retired Few Americans recognized or paid close attention to the outset of the Cold War and thereafter its enduring years mainly because it persisted for so long and few alarming situations intruded their daily lives Only noteworthy events such as SPUTNIK the shooting down of Gary Powers U 2 spy plane and the Cuban Crisis brought the potentially threatening circumstances home and then only briefly until other news items took their place America has never fallen short of heroes when called upon for the common defense of the nation and the Cold War period of uncertainty called upon America's best and brightest to respond national leaders military commanders and an elite force of warriors trained with the most sophisticated war fighting equipment U S technology could provide to create the strategy and deterrent force that endured
