Seeds of Famine Richard W. Franke, 1992-12-03 SCOTT copy 2 From the John Holmes Library Collection **Seeds of Exchange** Maria Fedorova, 2025-08-15 *Seeds of Exchange* examines the US and Soviet exchange of agricultural knowledge and technology during the interwar period Maria Fedorova challenges the perception of the Soviet Union as a passive recipient of American technology and expertise She reveals the circular nature of this exchange through official government bureaus amid anxious farmers in crowded auditoriums in cramped cars across North Dakota and Montana and by train over the once fertile steppes of the Volga Amid the post World War I food insecurity Soviet and American agricultural experts relied on transnational networks bridging ideological differences As Soviets traveled across the US agricultural regions and Americans plowed steppes in the southern Urals and the lower Volga both groups believed that innovative solutions could be found beyond their own national borders Soviets were avidly interested in American technology and American agricultural experts perceived the Soviet Union to be an ideal setting for experimenting with and refining modern farm systems and organizational practices As *Seeds of Exchange* shows agricultural modernization was not the exclusive domain of Western countries **Censored 2001** Peter Phillips, Project Censored, 2001-04-03 The yearly volumes of *Censored* in continuous publication since 1976 and since 1995 available through Seven Stories Press is dedicated to the stories that ought to be top features on the nightly news but that are missing because of media bias and self censorship The top stories are listed democratically in order of importance according to students faculty and a national panel of judges Each of the top stories is presented at length alongside updates from the investigative reporters who broke the stories Beyond the Top 25 stories additional chapters delve further into timely media topics The *Censored News and Media Analysis* section provides annual updates on Junk Food News and News Abuse *Censored* D j Vu signs of hope in the alternative and news media and the state of media bias and alternative coverage around the world In the *Truth Emergency* section scholars and journalists take a critical look at the US NATO military industrial media empire And in the *Project Censored International* section the meaning of media democracy worldwide is explored in close association with Project Censored affiliates in universities and at media organizations all over the world A perennial favorite of booksellers teachers and readers everywhere *Censored* is one of the strongest life signs of our current collective desire to get the news we citizens need despite what Big Media tells us *The Oxford Companion to Global Change* David J.
