What has happened in recent years is merely a continuation of a long process that has been going on for over five hundred years Who are the good guys Who are the bad guys The lines are usually blurred There are true good guys because they believe in what they are doing though many times they do not understand they are merely puppets in a game that has been being played for a very long time William Frick is one such good guy who believes in the fight to keep the world a safer place Working for the CIA he looks for the terrorists with his able team not knowing that even his boss has blurred the good and the evil All thats on Fricks mind however is to catch Omar Zaki a master terrorist a CIA trained one at that All the families of Charlemagne have one thing in mind control of the worldspiritually intellectually and economically Can they the real masterminds ever be stopped **The Seeds of Destruction** E.E. Seeds of Destruction Elizabeth Abbott Green,2017-10-13 Elizabeth Abbott Green has written a compelling narrative of the life of a family lived well but not without struggle a life that spans the last half of the 20th Century and into the Millenium a life of equal parts of joy heartache and faith Even though the rigors of a military life impose unique requirements on the family the added pressures of a foreign war extended absence from the family unit by the military member unexpected and frequent family moves and changes of schools our family seemed to adapt well and for a time to thrive The catalyst for the book *Seeds of Destruction* was a major incident that almost took the life of our second son Greg The book should be interesting to many audiences young military families trying to cope with the almost constant overseas demands placed on them in today s military people of all ages who love travel and are willing and able to accept the challenge and Christians everywhere who are interested in Bible prophecy *Seeds of Destruction* is the work of a lifetime not only of the entire family who lived it but especially a work of total commitment for over 30 years by the author and the focused study of Christianity and the signs of our times Elizabeth Abbott Green s analysis of the true path to God s will for us is exemplary and I believe it should be read by all who feel that much of today s world is taking us in the opposite direction

Assimilation Tom Young,2021-06-22 Jawane Hanlee and Persha stepped off the saucers lift onto planet Earth They were terrified There was no ceramic bubble to protect them from the cosmo here There was no turning back They saw Emily waving from a stand of trees Due to environmental concerns the future of the Earth looked grim The Andrians calculated that the ability of the Earth to sustain life as we know it to be 500 years They also believed that the introduction of the Human Andrian Hybrids and their resultant offspring should help resolve the debilitating issues plaguing the Earth With the Hybrids in place on the Earth The Council of Yield the Andrians governing body approved the exchange program Jawane Hanlee and Persha were the first of many Andrians to experience life on Earth thus the Assimilation began There were also military and

scientific exchanges made all in secret not to upset the populous The Andrians were very much aware of their own advanced intellectual abilities over the Humans However they were surprised with the Human s cunning and ability to deceive their traitorous military personnel The Human Andrian Hybrids only accentuated this trait And even more disturbing to the Andrians was the discovery of a chemical molecule in the brains of Humans which the Andrians did not have It appeared that this chemical matrix of molecules was required for their next level of exponential mental growth The abundant appearance of this molecular chemical matrix in Human Andrian Hybrids seems to be an introduction to the new evolution of specie development It was postulated by some scientist that the ability to access full cerebral capacity would continue until the new specie could use 100% of their mental capacities However none of this mattered to 12 year old Sara who went aboard an intergalactic carrier to accompany her friend Muscula one of the few of her species saved from extinction by Emily Being in three months of decontamination was required but she woke up at age 21 Sara had to come to terms of being an adult with a 12 year old mind She had a lot of learning to accomplish as she was a Protector in the Military Space Corps Not only that but a deadly enemy was coming to destroy the Earth They must all work together to prevent this from happening UAP Unidentified Aerial Phenomenon
