Theology and Survival Movies Ioan Buteanu,2023-03-03 This book provides an innovative analysis of the survival movie genre from an Orthodox Christian anthropological perspective Grounded in the Orthodox tradition the approach builds from the first chapter of Genesis where man is described as made in the image and after the likeness of God It offers a nuanced theological exploration of the concept of the survival movie and examines a number of significant cinematic creations illustrating how issues of survival intersect romantic Western science fiction and war films The author reflects on

how survival movies offer a path for the study of human nature given they depict people in crisis situations where they may reveal their true characters As well as discussing the role of a limit situation as a narrative element the book highlights the spiritual aspect of survival and points to the common hope in survival movies for something more than biological survival It is valuable reading for scholars working in the field of religion and film

Film as Religion John C. Lyden, 2003-06-01 Choice Outstanding Academic Title 2003 Film as Religion argues that popular films perform a religious function in our culture Like more formal religious institutions films can provide us with ways to view the world and values to confront it Lyden contends that approaches which interpret films only ideologically or theologically miss the mark in understanding their appeal to viewers He develops an alternative method which shows how films can be understood as representing a religious worldview in their own right Lyden surveys the state of the study of religion and film offering an overview of previous methods before presenting his own Rather than seeking to uncover hidden meanings in film detectable only to scholars Lyden emphasizes how film functions for its audiences the beliefs and values it conveys and its ritual power to provide emotional catharsis He includes a number of brief cases studies in which he applies this method to the study of film genres including westerns and action movies children's films and romantic comedies and individual films from The Godfather to E T showing how films can function religiously

The Sacred and the Cinema Sheila J. Nayar,2012-03-29 For more than half a century now scholars have debated over what comprises a genuinely religious film one that evinces an authentic manifestation of the sacred Often these scholars do so by pitting the successful films against those which propagate an inauthentic spiritual experience with the biblical spectacular serving as their most notorious candidate This book argues that what makes a filmic manifestation of the sacred true or authentic may say more about a spectator or critic s particular way of knowing as

influenced by alphabetic literacy than it does about the aesthetic or philosophical and sometimes even faith based dimensions of the sacred onscreen Engaging with everything from Hollywood religious spectaculars Hindu mythologicals and an international array of films revered for their transcendental style *The Sacred and the Cinema* unveils the epistemic pressures at the heart of engaging with the sacred onscreen The book also provides a valuable summation of the history of the sacred as a field of study particularly as that field intersects with film

Jesus of Hollywood Adele Reinhartz, 2009-04-01 Since the advent of the cinema Jesus has frequently appeared in our movie houses and on our television screens Indeed it may well be that

more people worldwide know about Jesus and his life story from the movies than from any other medium. Indeed, Jesus' story has been adapted dozens of times throughout the history of commercial cinema from the 1912 silent *From the Manger to the Cross* to Mel Gibson's 2004 *The Passion of the Christ*. No doubt there are more to come. Drawing on a broad range of movies, biblical scholar Adele Reinhartz traces the way in which Jesus of Nazareth has become Jesus of Hollywood. She argues that Jesus films both reflect and influence cultural perceptions of Jesus and the other figures in his story. She focuses on the cinematic interpretation of Jesus' relationships with the key people in his life: his family, his friends, and his foes. She examines how these films address theological issues such as Jesus' identity as both human and divine, political issues such as the role of the individual in society and the possibility of freedom under political oppression, social issues such as gender roles and hierarchies, and personal issues such as the nature of friendship and human sexuality. Reinhartz's study of Jesus' celluloid incarnations shows how Jesus movies reshape the past in the image of the present. Despite society's profound interest in Jesus as a religious and historical figure, Jesus movies are fascinating not as history but as mirrors of the concerns, anxieties, and values of our own era. As the story of Jesus continues to capture the imagination of filmmakers and moviegoers, he remains as significant a cultural figure today as he was 2000 years ago.

In this collection of essays, he reflects on the task and purpose of theology in a postmodern age. From the enterprise of teaching to a critical engagement with popular culture and an exploration of the meaning of Christian life, Beaudoin explores his own vocation and the struggle to keep the faith.

Japanese Mythology in Film Yoshiko Okuyama, 2015-04-09 A cyborg detective hunts for a malfunctioning sex doll that turns itself into a killing machine. A Heian era Taoist slays evil spirits with magic spells from yin yang philosophy. A young mortician carefully prepares bodies for their journey to the afterlife. A teenage girl drinks a cup of life-giving sake not knowing its irreversible transformative power. These are scenes from the visually enticing, spiritually eclectic media of Japanese movies and anime. The narratives of courageous heroes and heroines and the myths and legends of deities and their abodes are not just recurring motifs of the cinematic fantasy world. They are pop culture's representations of sacred subtexts in Japan. *Japanese Mythology in Film* takes a semiotic approach to uncovering such religious and folkloric tropes and subtexts embedded in popular Japanese movies and anime. Part I introduces film semiotics with plain definitions of terminology. Through familiar cinematic examples, it emphasizes the myth-making nature of modern-day film and argues that semiotics can be used as a theoretical tool for reading film. Part II presents case studies of

eight popular Japanese films as models of semiotic analysis While discussing each film s use of common mythological motifs such as death and rebirth its case study also unveils more covert cultural signifiers and folktale motifs including jizo a savior of sentient beings and kori bewitching foxes and raccoon dogs hidden in the Japanese filmic text
