## Seeing Double:

*Seeing Double* Peter Pesic, 2016-06-17 The unknown history of surveillance in relation to changing systems of representation and visual arts practice The separateness and connection of individuals is perhaps the central question of human life What exactly is my individuality To what degree is it unique To what degree can it be shared and how To the many philosophical and literary speculations about these topics over time modern science has added the curious twist of quantum theory which requires that the elementary particles of which everything consists have no individuality at all All aspects of chemistry depend on this lack of individuality as do many branches of physics From where then does our individuality come In *Seeing Double* Peter Pesic invites readers to explore this intriguing set of questions He draws on literary and historical examples that open the mind from Homer to Martin Guerre to Kafka philosophical analyses that have helped to make our thinking and speech more precise and scientific work that has enabled us to characterize the phenomena of nature Though he does not try to be all inclusive Pesic presents a broad range of ideas building toward a specific point of view that the crux of modern quantum theory is its clash with our ordinary concept of individuality This represents a departure from the usual understanding of quantum theory Pesic argues that what is bizarre about quantum theory becomes more intelligible as we reconsider what we mean by individuality and identity in ordinary experience In turn quantum identity opens a new perspective on us

*Seeing Double* Françoise Meltzer, 2011-05-01 The poet Charles Baudelaire 1821 1867 has been labeled the very icon of modernity the scribe of the modern city and an observer of an emerging capitalist culture *Seeing Double* reconsiders this iconic literary figure and his fraught relationship with the nineteenth century world by examining the way in which he viewed the increasing dominance of modern life In doing so it revises some of our most common assumptions about the unresolved tensions that emerged in Baudelaire's writing during a time of political and social upheaval Françoise Meltzer argues that Baudelaire did not simply describe the contradictions of modernity instead his work embodied and recorded them leaving them unresolved and often less than comprehensible Baudelaire's penchant for looking simultaneously backward to an idealized past and forward to an anxious future while suspending the tension between them is part of what Meltzer calls his double vision a way of seeing that produces encounters that are doomed to fail poems that can't advance and communications that always seem to falter In looking again at the poet and his work *Seeing Double* helps to us to understand the prodigious transformations at stake in the writing of modern life

**Seeing Double** Susan A. Stephens, 2003-01-27 Susan Stephens is interested in how the poetry of Callimachus Theocritus and Apollonius reflects the Greek engagement with Egypt and in particular with the traditions of Egyptian kingship and mythology The exciting rediscovery through marine archaeology of Ptolemaic Alexandria means that there is currently great interest in the nature of Alexandrian culture especially in how Greek and Egyptian elements were mixed Stephens brings to notice important but generally neglected Greek texts Hecataeus of Abdera the Alexander Romance and much material previously known only to Egyptologists Modern

writing about colonialism is powerfully applied to the Hellenistic situation This book will attract wide interest and help in the gradual process of changing perceptions about the cultural life of Alexandria Richard Hunter author of *Theocritus and the Archaeology of Greek Poetry* Susan Stephens *Seeing Double* is the first book ever that explores comprehensively and persuasively how in the political social and cultural environment of Ptolemaic Egypt the Alexandrian renewal of classical poetry leads to a new poetry In Stephens view the poetical dialogue between the Alexandrian poets their intertextuality and the differences in their approaches and reactions to the colonial situation resolve the emerging duality of Greek and Egyptian cultures in a deeper intellectual unity that responds to and reflects the political reality Ludwig Koenen author of *Eine agonistische Inschrift aus gypten und fr hptolem ische K nigsfeste* This quietly daring research sets a new standard for the interpretation of poetry in a cultural and most importantly in a bi cultural context Stephens exploration of Alexandrian poetry as a contact zone is a successful example of how literary interpretation can be fertilized by discontent about traditional Classics Alessandro Barchiesi author of *The Poet and the Prince Ovid and Augustan Discourse and Speaking Volumes Narrative and Intertext in Ovid and Other Latin Poets* A brilliant mastery and intersection of comparative history of literature and of theories of intertextuality and intercultural contacts make of this book a most profitable text for a larger readership than classical scholars Marco Fantuzzi coauthor of *Muse e Modelli la poesia ellenistica da Alessandro Magno ad Augusto*

**This Time Next Year We'll Be Laughing** Jacqueline Winspear,2020-11-10 A 2021 Edgar Award Nominee for Best Critical Biographical Jacqueline Winspear has created a memoir of her English childhood that is every bit as engaging as her Maisie Dobbs novels just as rich in character and detail history and humanity Her writing is lovely elegant and welcoming Anne Lamott The New York Times bestselling

author of the Maisie Dobbs series offers a deeply personal memoir of her family's resilience in the face of war and privation. After sixteen novels, Jacqueline Winspear has taken the bold step of turning to memoir, revealing the hardships and joys of her family history. Both shockingly frank and deftly restrained, her story tackles the difficult, poignant and fascinating family accounts of her paternal grandfather's shellshock, her mother's evacuation from London during the Blitz, her soft-spoken animal-loving father's torturous assignment to an explosives team during WWII, her parents' years living with Romany Gypsies, and Winspear's own childhood picking hops and fruit on farms in rural Kent, capturing her ties to the land and her dream of being a writer at its very inception. An eye-opening and heartfelt portrayal of a post-war England we rarely see. *This Time Next Year We'll Be Laughing* chronicles a childhood in the English countryside of working-class indomitability and family secrets of artistic inspiration and the price of memory.
