Seek and Find Christian Dubose, 2024-04-03 Christian Dubose provides a good starting point for those seeking the truth of Christianity and its evidence In the introduction he introduces Pascal's Wager and explains why one's heart should be open to the possibility of a God existing He then starts with science going through several scientific findings that suggest a God is real Following this he delves into philosophy explaining that through philosophical reasoning one can know that God exists After this he explores history specifically as laid out in the Bible He explains how prophecies not only show that a God exists but that the God of the Bible is that God He discusses how Jesus's miracles and resurrection are so well attested that they should be believed Dubose also addresses objections to God in each category and provides responses to these challenges Lastly he examines phenomena such as near death experiences prayer studies and modern day miracle reports to argue for the existence of the supernatural At the end of each section on the evidence for God he offers a short list of recommended books for readers interested in furthering their studies
