The person is positioned in the lower center of the frame, looking towards the horizon. The landscape is expansive and appears to be a field or a plain. The sky is filled with large, dramatic clouds. Dogs Stephen H. Webb,1998-01-15 Many of us keep pet animals we rely on them for companionship and unconditional love For some people their closest relationships may be with their pets In the wake of the animal rights movement some ethicists have started to re examine this relationship and to question the rights of humans to own other sentient beings in this way In this engaging and thought provoking book Stephen Webb brings a Christian perspective to bear on the subject of our responsibility to animals looked at through the lens of our relations with pets especially dogs Webb argues that the emotional bond with companion animals should play a central role in the way we think about animals in general and against the more extreme animal liberationists defends the intermingling of the human and animal worlds He tries to imagine what it would be like to treat animals as a gift from God and indeed argues that not only are animals a gift for us but they give to us we need to attend to their giving and return their gifts appropriately Throughout the book he insists that what Christians call grace is present in our relations with animals just as it is with other humans Grace is the inclusive and expansive power of God s love to create and sustain relationships of real mutuality and reciprocity and Webb unfolds the implications of the recognition that animals too participate in God s abundant grace Webb s thesis affirms and persuasively defends many of the things that pet lovers feel instinctively that their relationships with their companion animals are meaningful and important and that their pets have value and worth in themselves in the eyes of God His book will appeal to a broad audience of thoughtful Christians and animal lovers

The New Rabbi Stephen Fried, 2003-08-26 From award winning journalist Stephen Fried comes a vividly intimate portrait of American Judaism today in which faith family and community are explored through the dramatic life of a landmark congregation as it seeks to replace its legendary retiring rabbi and reinvent itself for the next generation The New Rabbi The center of this compelling chronicle is Har Zion Temple on Philadelphia s Main Line which for the last seventy five years has been one of the largest and most influential congregations in America For thirty years Rabbi Gerald Wolpe has been its spiritual leader a brilliant sermonizer of wide renown but now he has announced his retirement It is the start of a remarkable nationwide search process largely unknown to the lay world and of much more For at this dramatic moment Wolpe agrees to give extraordinary access to Fried inviting him and the reader into the intense personal and professional life of the clergy and the complex behind the scenes life of a major Conservative congregation These riveting pages bring us a unique view of Judaism in practice from Har Zion s strong willed leaders and influential families to the young bar and bat mitzvahs just beginning their Jewish lives from the three days a year synagogue goers to the hard core of devout attendees We are touched by their times of joy and times of grief intrigued by congregational politics moved by the search for faith We witness the conflicts between generations about issues of belief observance and the pressures of secular life We meet Wolpe s vigorous minded ailing wife and his sons one of whom has become a celebrity rabbi in Los Angeles And we follow the author s own moving search for meaning as he reconnects with the religion of his youth We also have a front row seat at the usually clandestine process of choosing a new rabbi as what was expected to be a simple one year search for Rabbi Wolpe s successor extends to two years and then three Dozens of r sum s are rejected a parade of prospects come to interview the chosen successor changes his mind at the last minute and a confrontation erupts between the synagogue and the New York based Conservative rabbis union that governs the process As the time comes for Wolpe to depart a venerated house of worship is being torn apart And thrust onto the pulpit is Wolpe s young assistant Rabbi Jacob Herber in his first job out of rabbinical school facing the nearly impossible situation of taking over despite being technically ineligible for the position and finding himself on trial with the congregation and at odds with his mentor Rich in anecdote and scenes of wonderful immediacy this is a riveting book about the search for personal faith about the tension between secular concerns and ancient tradition in affluent America and about what Wolpe himself has called the retail business of religion Stephen Fried brings all these elements to vivid life with the passion and energy of a superbly gifted storyteller

Like no volume published to date, it reveals the full richness of religious teachings on love in all its many forms, exploring an extensive range of topics that offer philosophical, psychological, and religious perspectives to guide the quest for the meaning of love. *Encyclopedia of Love in World Religions* features approximately 300 subject entries, as well as insightful biographic sketches of preeminent thinkers, all written by a multidisciplinary team of some of the foremost scholars on the subject. Entries examine both general and culture-specific interpretations of love, not just the dichotomy of spiritual and physical love, but the full emotional spectrum of love in relationships and practices. Collectively, they encompass love's integral and sometimes conflicting role in shaping beliefs and behavior in a vastly diverse world.
