Selected Czech Tales, Translated by Marie Busch and Otto Pick ,1928 A World Apart and Other Stories Kathleen Hayes,2022-12-01 It grew dark and a mist spread over the countryside like a curtain We were at the Bohemian border Customs control shouting the din of the station and finally the train moved on with a monotonous drone It was right here that I met Teresa Elinson Marta said in the corner of the cozy compartment I replied Who is Teresa Elinson I don t remember you ever mentioning her No never It was a kind of adventure That time too the train hurtled into the dark where red sparks flew and lights flashed scattering in the mist Thus begins the story by R ena Jesensk that gives this book its name In this anthology Kathleen Hayes has selected and translated eight stories by Czech female authors at the turn of the 19th and 20th century a period of female political emancipation and impressive literary development All of the writers included in the present volume were recognized in their own day and constitute a cross section of the literary styles of the period Tilschov s A Sad Time is written in a Naturalist style Jesensk s A World Apart presents themes and motifs that appealed to the Decadents Mal ov s The Sylph is both diaristic and satirical while Svobodov s ironical A Great Passion with its rural setting and folklore motifs reminds one of the writings of Karel Jarom r Erben Preisso v s short story may be read as a celebration of folk culture Bene ov s Friends is interesting for its psychological presentation of a child s point of view and its implicit criticism of anti-Semitism The book is accompanied by the biographies of each author and an introduction by Kathleen Hayes

The Palgrave Handbook of Infertility in History Gayle Davis,Tracey Loughran,2017-09-01 This ground breaking interdisciplinary volume provides an overdue assessment of how infertility has been understood treated and experienced in different times and places It brings together scholars from disciplines including history literature psychology philosophy and the social sciences to create the first large scale review of recent research on the history of infertility Through exploring an unparalleled range of chronological periods and geographical regions it develops historical perspectives on an apparently transhistorical experience It shows how experiences of infertility access to treatment and medical perspectives on this condition have been mediated by social political and cultural discourses The handbook reflects on and interrogates different approaches to the history of infertility including the potential of cross disciplinary perspectives and the uses of different kinds of historical source material and includes lists of research resources to aid teachers and researchers It is an essential
