Selected Letters of James Joyce Dettmar Et Al, 2023-11 **Joyce's Non-Fiction Writings** Katherine Ebury, James Alexander Fraser, 2018-05-02 This book presents a fundamental shift in the way we approach discuss and evaluate Joyce's non-fictional writings Rather than simply proposing or applying new methodologies it historicises and reconceives the critical assumptions that have shaped scholarly approaches to these works for over half a century showing that non-fiction as a categorical distinction no matter how sensible it appears crumbles under closer inspection Bringing into conversation a group of key Joyce scholars this volume acts not only as a vital reimagining of our critical relationship to Joyce's non-fiction but as a contribution to similar debates being carried out across the broad range of modernist studies **The First Moderns** William R. Putting Modernism Together Daniel Albright, 2015-06-10 A powerful introduction to modernism and the creative arts it inspired How do you rationally connect the diverse literature music and painting of an age Throughout the modernist era which began roughly in 1872 with the Franco Prussian War climaxed with the Great War and ended with a third catastrophe the Great Depression there was a special belligerence to this question It was a cultural period that envisioned many different models of itself to the Cubists it looked like a vast jigsaw puzzle to the Expressionists it resembled a convulsive body to the Dadaists it brought to mind a heap of junk following an explosion In *Putting Modernism Together* Daniel Albright searches for the center of the modernist movement by assessing these various artistic models exploring how they generated a stunning range of creative work that was nonetheless wound together aesthetically and sorting out the cultural assumptions that made each philosophical system attractive Emerging from Albright's lectures for a popular Harvard University course of the same name the book investigates different methodologies for comparing the evolution and congruence of artistic movements by studying simultaneous developments that occurred during particularly key modernist years What does it mean Albright asks that Joseph Conrad's *Heart of Darkness* published in 1899 appeared at the same time as Claude Debussy's *Nocturnes* beyond the fact that the word Impressionist has been used to describe each work Why in 1912 did the composer Arnold Schoenberg and the painter Vassily Kandinsky feel such striking artistic kinship And how can we make sense of a movement fragmented by isms that looked for value in all sorts of under or ill valued places including evil Baudelaire dung heaps Chekhov noise Russolo obscenity Lawrence and triviality Satie Throughout *Putting Modernism Together* Albright argues that human culture can best be understood as a growth pattern or ramifying of artistic intellectual and political action Going beyond merely explaining how the artists in these genres achieved their peculiar effects he presents challenging new analyses of telling craft details which help students and scholars come to know more fully this bold age of aesthetic extremism
