## **Sex Politics And Science In The Nineteenth Century Novel:**

Sex, Politics, and Science in the Nineteenth-century Novel Ruth Bernard Yeazell, 1986 This collection is a lesson to editors about how different types of subjects may profitably be brought together in one volume And though the feminist orientation is provocative there is a complete absence of any tone of vindictiveness and an obvious determination to get at the truth Eugene Kraft English Literature in Transition

**Sex, Politics, and Science in the Nineteenth-Century Novel** Ruth Bernard Yeazell, 1986 *Sexualities in Victorian Britain* Andrew H. Miller, 1996-12-22 Presents an introduction to Victorian sexualities This book contains essays that will energize reflection on the complexity of human sexuality and on the many different arrays of meaning that it has generated *The Nineteenth-Century Novel and the Pre-Cinematic Imagination* Alberto Gabriele, 2024-11-14 This book fills a gap in existing scholarship on the history of the novel in relation to visual culture by discussing the visual fascination that novelists such as Nathaniel Hawthorne Herman Melville Honor de Balzac and George Eliot show for several types of pre cinematic spectacle It also identifies a so far neglected aspect of novel theory that nineteenth century authors elaborated by incorporating suggestions from pre cinematic visual spectacles By shedding light on forms of visibility that were not entertained by the dominant aesthetic modes of painting and photography The Nineteenth Century Novel and the Pre Cinematic Imagination argues that the presence of nineteenth century pre cinematic optical illusions in works of fiction redefines the notion of mimesis as animated movement and points to a continuity between pre cinema the literary imagination and the structures of knowledge production of the modern episteme

**Sexual Politics and the Romantic Author** Sonia Hofkosh, 1998-06-18 Exploring a range of early nineteenth century cultural materials from canonical poetry and critical prose to women s magazines and gift book engravings Sexual Politics and the Romantic Author offers new perspectives on the role of gender in Romanticism s defining paradigms of authorship The Romantic author s claim to individual agency is complicated by its articulation in a market system perceived to be impelled in large part by fantasies of female desire by what women read and write what they buy and sell how they look and where they look for pleasure These studies in the contested public spaces of literary labour elaborate the fundamental if invisible function of the woman as embodiment of authorial ambivalence in writing by Austen Byron Coleridge William Hazlitt Sarah Hazlitt Leigh Hunt Keats Mary Shelley William Wordsworth and others *Daniel Deronda* George Eliot, 2014 Daniel Deronda George Eliot s last great novel charts the intertwined lives of spirited Gwendolen Harleth and the idealistic Deronda Both are damaged by their pasts and alienated from the society around them in a story set against the backdrop of economic crisis political uncertainty and proto Zionism *Degeneration, Culture and the Novel* William M. Greenslade, 1994-04-28 An exploration of the impact of degeneration theories on British culture and fiction

**Somatic Fictions** Athena Vrettos, 1995 This book focuses on the centrality of illness particularly psychosomatic illness as an imaginative construct in Victorian culture It shows how illness shaped the terms through which people perceived relationships between body and mind self and other private

and public and how Victorians tried to understand and control their world through a process of physiological and pathological definition

**The Ashgate Research Companion to Thomas Hardy** Rosemarie Morgan, 2016-03-23 In The Ashgate Research Companion to Thomas Hardy some of the most prominent Hardy specialists working today offer an overview of Hardy scholarship and suggest new directions in Hardy studies The contributors cover virtually every area relevant to Hardy's fiction and poetry including philosophy palaeontology biography science film popular culture beliefs gender music masculinity tragedy topography psychology metaphysics illustration bibliographical studies and contemporary response While several collections have surveyed the Hardy landscape no previous volume has been composed especially for scholars and advanced graduate students This companion is specially designed to aid original research on Hardy and serve as the critical basis for Hardy studies in the new millennium Among the features are a comprehensive bibliography that includes not only works in English but in acknowledgment of Hardy's explosion in popularity around the world also works in languages other than English

**The Life of George Eliot** Nancy Henry, 2014-09-15 The life story of the Victorian novelist George Eliot is as dramatic and complex as her best plots This new assessment of her life and work combines recent biographical research with penetrating literary criticism resulting in revealing new interpretations of her literary work A fresh look at George Eliot's captivating life story Includes original new analysis of her writing Deploys the latest biographical research Combines literary criticism with biographical narrative to offer a rounded perspective

*The Mother / Daughter Plot* Marianne Hirsch, 1989-10-22 Mothers and daughters the female figures neglected by classic psychoanalysis and submerged in traditional narrative are at the center of this book The novels of nineteenth and twentieth century women writers from the Western European and North American traditions reveal that the story of motherhood remains the unspeakable plot of Western culture Focusing on the feminine and more controversially on the maternal this book alters our perception of both the familial structures basic to traditional narrative the Oedipus story and the narrative structures basic to traditional representations of the family Freud's family romance Confronting psychoanalytic theories of subject formation with narrative theories Marianne Hirsch traces the emergence and transformation of female family romance patterns from Jane Austen to Marguerite Duras

*The Anthology and the Rise of the Novel* Leah Price, 2003-07-17 The Anthology and the Rise of the Novel first published in 2000 brings together two traditionally antagonistic fields book history and narrative theory to challenge established theories of the rise of the novel Leah Price shows that far from leveling class or gender distinctions as has long been claimed the novel has consistently located them within its own audience Shedding new light on Richardson and Radcliffe Scott and George Eliot this book asks why the epistolary novel disappeared how the book review emerged why eighteenth century abridgers designed their books for women while Victorian publishers marketed them to men and how editors reproduction of old texts has shaped authors production of new ones This innovative study will change the way we think not just about the history of reading but about the genealogy of the canon wars the future of intellectual

property and the role that anthologies play in our own classrooms      *The Ends of History* Christina Crosby, 2012 Annotation

Why were the Victorians so passionate about history How did this passion relate to another Victorian obsession the woman question Christina Crosby investigates the links between the Victorians fascination with history and with the nature of women      **Impossible Purities** Jennifer De Vere Brody, 1998 Uses work from African American studies to rethink the status of race in Victorian England      *Bram Stoker's Dracula* Carol Margaret Davison, 1997-11-01 Winner of the 1997 International Association of the Fantastic in the Arts Best Non fiction Book In 1897 Archibald Constable Company published a novel by the unheralded Bram Stoker That novel Dracula has gone on to become perhaps the most influential novel of all time To commemorate the centennial of that great novel Carol Margaret Davison has brought together this collection of essays by some of the world's leading scholars The essays analyze Stoker's original novel and celebrate its legacy in popular culture The continuing presence of Dracula and vampire fiction and films provides proof that as Davison writes Dracula is alive and sucking Dracula is a Gothic mandala a vast design in which multiple reflections of the elements of the genre are configured in elegant sets of symmetries It is also a sort of lens bringing focus and compression to diverse Gothic motifs including not only vampirism but madness the night spoiled innocence disorder in nature sacrilege cannibalism necrophilia psychic projection the succubus the incubus the ruin and the tomb Gathering up and unifying all that came before it and casting its great shadow over all that came and continues to come after its influence on twentieth century Gothic fiction and film is unique and irresistible from the Preface by Patrick McGrath      **Stanley Cavell** Stephen Mulhall, 1999-01-07 Stephen Mulhall presents the first full length philosophical study of the work of Stanley Cavell best known for his highly influential contributions to the fields of film studies Shakespearian literary criticism and the confluence of psychoanalysis and literary theory It is not properly appreciated that Cavell's project originated in his interpretation of Austin's and Wittgenstein's philosophical interest in the criteria governing ordinary language and is given unity by an abiding concern with the nature and the varying cultural manifestations of the sceptical impulse in modernity This book elucidates the essentially philosophical roots and trajectory of Cavell's work traces its links with Romanticism and its recent turn towards a species of moral perfectionism associated with Thoreau and Emerson and concludes with an assessment of its relations to liberal democratic political theory Christian religious thought and feminist literary studies It will be of interest to anyone concerned with the relationships between Anglo American and Continental philosophy and between philosophy and other disciplines in the humanities an excellent presentation and discussion of Cavell's thought very timely Political Studies Learning to read Mulhall is both a suitable and a worthy first step to learning to read Cavell British Journal of Aesthetics there can be no doubt as to the depth of Mulhall's knowledge of Cavell's writings or to his ability as an advocate The book is also very well written Mulhall's prose is capable of registering the fine grain in a subtle and elusive thinker and while more conventional than Cavell's is no less supple or eloquent Times Literary Supplement Mulhall's explication is careful enough to explain the

importance of Cavell's work clarify the subtleties of Cavell's ideas provide a complete overview of Cavell's thought and show the coherence in Cavell's diverse writings invaluable Harvard Review      **Freedom's Empire** Laura Anne Doyle, 2008-01-11 A sweeping argument that from the mid-seventeenth century until the mid-twentieth the English language novel encoded ideas equating race with liberty      **Amnesiac Selves** Nicholas Dames, 2001-06-14 With Joyce Proust and Faulkner in mind we have come to understand the novel as a form with intimate ties to the impulses and processes of memory This study contends that this common perception is an anachronism that distorts our view of the novel Based on an investigation of representative novels Amnesiac Selves shows that the Victorian novel bears no such secure relation to memory and in fact it tries to hide evade and eliminate remembering Dames argues that the notable scarcity and distinct unease of representations of remembrance in the nineteenth-century British novel signal an art form struggling to define and construct new concepts of memory By placing nineteenth-century British fiction from Jane Austen to Wilkie Collins alongside a wide variety of Victorian psychologies and theories of mind Nicholas Dames evokes a novelistic world and a culture before modern memory one dedicated to a nostalgic evasion of detailed recollection which our time has largely forgotten      **History of the Gothic: Gothic Literature 1825-1914** Jarlath Killeen, 2009-06-01 This volume in this exciting new series provides a detailed yet accessible study of Gothic literature in the nineteenth century It examines how themes and trends associated with the early Gothic novels were diffused widely in many different genres in the Victorian period including the ghost story the detective story and the adventure story It looks in particular how the Gothic attempted to resolve the psychological and theological problems thrown up by the modernisation and secularisation of British society The author argues that the fetishized figure of the child came to stand for what many believed was being lost by the headlong rush into a technological and industrial future The relationship between the child and horror is examined and the book demonstrates that far from a simple rejection or acceptance of secularisation the Gothic attempts to articulate an entirely different way of being modern      **American Claimants** Sarah Meer, 2020-05-14 This book recovers a major nineteenth-century literary figure the American Claimant For over a century claimants offered a compelling way to understand cultural difference across the Anglophone Atlantic especially between Britain and the United States They also formed a political talisman invoked against slavery and segregation or privileges of gender and class Later claimants were exported to South Africa becoming the fictional form for explaining black students who acquired American degrees American Claimants traces the figure back to lost heir romance and explores its uses These encompassed real imagined and textual ideas of inheritance for writers and editors and also for missionaries artists and students The claimant dramatized tensions between tradition and change or questions of exclusion and power it offered ways of seeing activism education sculpture and dress The premise for dozens of novels and plays a trope a joke even the basis for real claims claimants matter in theatre history and periodical studies they touch on literary marketing and reprinting and they illuminate some unexpected texts These range from *Our American Cousin* to *Bleak House*

Little Lord Fauntleroy to Frederick Douglass Paper writers discussed include Frances Trollope Julia Griffiths Alexander Crummell John Dube James McCune Smith Nathaniel Hawthorne and Mark Twain The focus on claimants yields remarkable finds new faces fresh angles a lost column and a forgotten theatrical genre It reveals the pervasiveness of this form and its centrality in imagining cultural contact and exchange
