Silence Is A Lethal Weapon Surviving Childhood With A Sadistic Pedophile:

Silence is a Lethal Weapon D. A. Chadwick, 2001-08-23 SILENCE IS A LETHAL WEAPON is a book that tells child sexual abuse the way it really is and offers suggestions to those still living with an abuser A tale the reader will not soon forget

Boys Don't Tell Randy Ellison, 2011-08-01 A fiercely honest memoir a difficult story of healing to help others find the strength to tell their own stories and heal themselves National Association of Adult Survivors of Child Abuse American society is in the midst of a crisis an epidemic of violence secrets and shame The victims reside in every town on every street Finding it easier to remain in denial than to confront this reality the public minimizes the emotional aftermath of sexual abuse of children and provides few programs to help heal those afflicted Recounting the author s journey through a minefield based on his own denial Boys Don t Tell takes a subjective look back at a life distorted by the effects of child sexual abuse and offers insight as to why victims find it so difficult to just get over it and move on Through the eyes and emotions of the author it reveals his abuse as a teenager by a trusted minister and mentor then recounts years of therapy a formal complaint to the Church and a lawsuit settled in mediation Boys Don t Tell covers the nature of addictions their impact and the difficulty and reward in defeating them Excruciatingly honest it creates an openness that can facilitate healing in others Boys Don t Tell gives voice to an estimated 20 million male survivors and offers loved ones professionals church and organizational leaders the opportunity to understand the impact of child sexual abuse Through his public speaking and advocacy work on behalf of survivors in Oregon and across the country and through his book Boys Don t Tell Randy embodies the transformation of childhood trauma The Good Men Project *Breaking Free from the Chains of Silence* Lorraine Nilon, 2017-11-11 Abuse is never contained to a present moment it lingers across a person s lifetime and has pervasive long term ramifications Breaking Free from the Chains of Silence is a respectful exploration of the emotional ramifications of paedophilic abuse It brings out of the shadows the hidden visceral feelings entwined within the intricacies of abuse and gives voice to the silenced This books aids survivors to clarify their own understanding and to reconcile with the significance of their soul Breaking Free from the Chains of Silence illuminates the many facets of indifference connected with abuse and explains why the permeating effects of indifference are so destructive to a victim s sense of self The intent of this book is to Explain the layers of trauma resulting from abuse Illuminate the emotional and energetic impact of abuse Broaden awareness of the true ramifications of indifference Educate those who support survivors Expose the arrogance of pedophiles who choose to victimize innocent children while relying on the trauma to keep them silent Abuse is a traumatic experience that leaves a residue of indifference one that is difficult to comprehend through the lens of intrusive fear and beliefs of not being good enough that are left in the wake of abuse Breaking Free from the Chains of Silence explains how fear develops into a victim mentality impeding the survivor s ability to unshackle the emotional chains that oppress the truth of their souls This book was written for survivors of paedophilic abuse but those who have experienced any type of abuse will gain insight into the

reality of indifference It also addresses being stuck in an emotional prison from a soul perspective and reveals how we are always more than just what we have experienced and the emotions we feel engulfed by Abuse is never deserved It is an exploitation of innocence and physical disadvantage which is perceived as an opportunity by the abuser **Because I Love You** Joyce Allan,2002 Confronted in midlife with a devastation discovery about her father s most secret life as a paedophile Joyce Allan a psychiatric nurse therapist traces the history of sexual abuse across five generations of her family Providing the unique insight into the value systems that perpetuate child sexual abuse within families churches and society this memoir describes how silence itself creates the ecology of sexual abuse Compassionately and skilfully written it is particularly useful for victims of sexual abuse family and friends of a victim or even the family and friends of the perpetrator **Breaking the Chains of Silence** Marie Schaeller,2016-07-26 Would you want to know Child abuse is an abhorrent crime often going undetected for decades due to the age of the victims The lasting legacy of such deeds can have an impact far beyond the initial contact and can devastate the lives of more than just the survivor Would you want to know if the person you trust your child with has hurt other children In **Breaking the Chains of Silence** we follow the story of Marie as she struggles to cope with the aftermath of what happened to her At the age of three she suffered sexual abuse while in day care However the perpetrator was never charged Since then she has fought a decades long battle to heal and uncover the truth Marie is presently arguing against the statute of limitations which has protected the perpetrator Does it matter to you how many years ago a coach a day care owner s husband a church member or anyone else abused a child Would you still want to know Follow her touching journey as she continues to seek the justice she needs to be able to move on from the abuse inflicted on her and protect other children in the community she lives in and beyond It is a book which will shock you make you mad and ultimately have you cheering her on to victory **Breaking the Cycle of Silence** Daniel Pearse,2020-10-13 The latest statistics tell us that one out of three girls and one out of six boys will be sexually abused before the age of eighteen destroying their lives in ways we can t even imagine We also know that 90 percent of the time victims know their abuser Daniel Pearse is living proof of both these statistics He and his brother were sent to live with a pedophile after their mother died For nine years Daniel suffered sexual physical emotional mental and verbal abuse at the hands of his tormentor Like many abused children Daniel then suffered in silence for decades as an adult Now he s committed to stopping the cycle of abuse that causes so much pain **Breaking the Cycle of Silence** proposes age appropriate sexual abuse training and education in schools It teaches children what is appropriate shows adults the signs of abuse to look for and offers sources of support for victims With such training and education we can identify and stop abusers preventing them from claiming victim after victim for years
