Lunar Park:

Lunar Park Bret Easton Ellis, 2006 Gothic-postmodernism Maria Beville, 2009 Being the first to outline the literary genre Gothic postmodernism this book articulates the psychological and philosophical implications of terror in postmodernist literature analogous to the terror of the Gothic novel uncovering the significance of postmodern recurrences of the Gothic and identifying new historical and philosophical aspects of the genre While many critics propose that the Gothic has been exhausted and that its significance is depleted by consumer society's obsession with instantaneous horror analyses of a number of terror based postmodernist novels here suggest that the Gothic is still very much animated in Gothic postmodernism These analyses observe the spectral characters doppelgangers hellish waste lands and the demonised or possessed that inhabit texts such as Paul Auster's City of Glass Salman Rushdie's The Satanic Verses and Bret Easton Ellis's Lunar Park However it is the deeper issue of the lingering emotion of terror as it relates to loss of reality and self and to death that is central to the study a notion of terror formulated from the theories of continental philosophers and contemporary cultural theorists With a firm emphasis on the sublime and the unrepresentable as fundamental to this experience of terror vital to the Gothic genre and central to the postmodern experience this study offers an insightful and concise definition of Gothic postmodernism It firmly argues that terror with all that it involves remains a connecting and potent link between the Gothic and postmodernism two modes of literature that together offer a unique voicing of the unspeakable terrors of postmodernity *Bret Easton Ellis's Controversial Fiction* Sonia Baelo-Allué, 2011-06-23 **The Themed Space** Scott A. Lukas, 2007-10-07 The Themed Space Locating Culture Nation and Self is the first edited collection focused on the significance of the theme space The first section of the text discusses the ways in which theming acts as a form of authenticity Included are articles on the theme park Dollywood the historic Coney Island the uses of theming in Flagstaff Arizona and the Las Vegas Strip Section two considers theming as a reflection of nation and its authors focus on Chinese theme parks and shopping malls the Lost City theme park in South Africa and the Ain Diab resort district in Casablanca The third section of the book illustrates how theming often targets the person whether famous or everyday The authors look at spaces ranging from the Liverpool John Lennon Airport love hotels in Japan and the Houston Texas theme park AstroWorld The final section emphasizes theming as a projection of the mind and psychology The authors focus on behind the scenes tourism at Universal Studios and the Ford Rouge Factory Tour the use of theming in unexpected spaces like Florida themed clinics theming in virtual reality spaces of video games and the social controversies related to theming in various parts of the world The book includes a comprehensive bibliography on theming and a list of key terms The Themed Space is of great interest to students of all levels and scholars of anthropology urban studies and sociology Bret Easton Ellis Naomi Mandel, 2010-11-18 This collection of critical essays on the American novelist Bret Easton Ellis examines the novels of his mature period American Psycho 1991 Glamorama 1999 and Lunar Park 2005 Taking as its starting point

American Psycho's seismic impact on contemporary literature and culture the volume establishes Ellis' centrality to the scholarship and teaching of contemporary American literature in the U S and in Europe Contributors examine the alchemy of acclaim and disdain that accrues to this controversial writer provide an overview of growing critical material on Ellis and review the literary and artistic significance of his recent work Exploring key issues including violence literature reality reading identity genre and gender the contributors together provide a critical re evaluation of Ellis exploring how he has impacted challenged and transformed contemporary literature in the U S and abroad *Hungarian Perspectives on the Western Canon* László Bengi, Gábor Mezei, Ernő Kulcsár Szabó, 2017-05-11 In this collection Hungarian literature is read together with canonical works of the Western literary tradition The book studies the distinction between major and minor literatures showing that such parallel readings may highlight previously unknown components of the literary tradition The book does not hold traditional comparative methods based on verifiable mediations or transactions between national philologies and national literary narratives to be the exclusive standard of interpretation readings can concentrate on common surfaces and textual events instead This is what is meant by post comparative perspectives a term to indicate that the conditions of a comparative reading never precede the reading itself On this basis the present volume points at several possibilities of how a common ground between texts can be created especially because the chapters within it perform parallel readings in highly different ways **Traumatic Imprints: Performance, Art, Literature and Theoretical Practice**, 2020-09-25 This ebook presents conference proceedings from the 1st Global Conference Trauma theory and practice held in Prague Czech Republic in March 2011 **A Companion to American Gothic** Charles L. Crow, 2013-09-10 A Companion to American Gothic features a collection of original essays that explore America's gothic literary tradition The largest collection of essays in the field of American Gothic Contributions from a wide variety of scholars from around the world The most complete coverage of theory major authors popular culture and non print media available *Geniuses, Addicts, and Scribbling Women* Cynthia Cravens, 2023-01-15 Through a critical discussion of an array of written and visual texts that feature a writer as a main character *Geniuses Addicts and Scribbling Women* Portraits of the Writer in Popular Culture argues for a more nuanced conception of the role of writers in society their relationships with their reading publics the portrayals and realities of their labor and the construction of a writing identity Expounding upon the critical genre of authorship studies the contributors take on complex issues such as economics professionalization gender politics and writing pedagogy to shape the dialogue around the nature of representation and the practice of narrative Ultimately contributors consider the ways in which debates over art craft authorial celebrity and the literary marketplace define the parameters of culture in a given period and influence the work of culture producers The implications of such an analysis reveal much about the status and value of creative writers and their work This collection covers a wide range of historical periods offering a complex understanding of representations of writers from the medieval period to the Netflix era Such an evolution challenges

the perception of the writer as a monolithic presence in society and highlights its multiplicity diversity and its transformations through cultural and political movements

Encyclopedia of Contemporary Writers and Their Work Geoff Hamilton, Brian Jones, 2015-04-22 Presents an alphabetical reference guide detailing the lives and works of

authors associated with the English language fiction of the twentieth and twenty first centuries *Bret Easton Ellis G. Colby*, 2011-08-15 This book reads the whole of Bret Easton Ellis's oeuvre to date from *Less Than Zero* to *Imperial Bedrooms* and asks to what extent Ellis's novels can be read as critiquing the cultural moments of which they are a part Ellis's work can be thought of as an enactment of a process of underwriting contemporary culture which offers new paths of understanding and ways of critiquing the contemporary author's place in the relations of production Philip Roth David Brauner, 2013-07-19 This is a groundbreaking study of the most important contemporary American novelist Philip Roth Reading the author alongside a number of his contemporaries and focusing particularly on his later fiction this book offers a highly accessible informative and persuasive view of Roth as an intellectually adventurous and stylistically brilliant writer who constantly reinvents himself in surprising ways At the heart of this book are a number of detailed and nuanced readings of Roth's works both in terms of their relationships with each other and with fiction by Nathaniel Hawthorne Thomas Pynchon Tim O'Brien Brett Easton Ellis Stanley Elkin Howard Jacobson and Jonathan Safran Foer Brauner identifies as a thread running through all of Roth's work the use of paradox both as a rhetorical device and as an organising intellectual and ideological principle **The Poetics of Genre in the Contemporary Novel** Tim Lanzendörfer, 2015-11-19 The Poetics of Genre in the Contemporary Novel investigates the role of genre in the contemporary novel taking its departure from the observation that numerous contemporary novelists make use of popular genre influences in what are still widely considered to be literary novels it sketches the uses of the work and the value of genre It suggests the value of a critical look at texts genre use for an analysis of the contemporary moment From this it develops a broader perspective suggesting the value of genre criticism and taking into view traditional genres such as the bildungsroman and the metafictional novel as well as the kinds of amalgamated forms which have recently come to prominence In essays discussing a wide range of authors from Steven Hall to Bret Easton Ellis to Colson Whitehead the contributors to the volume develop their own readings of genre's work and valence in the contemporary novel **Ethics and Desire in the Wake of Postmodernism** Graham Matthews, 2012-04-26 What is the significance of writing in the wake of postmodernism The previous decade has seen a growing interest in criticism of postmodern ethics and aesthetics from theorists and writers This book begins to answer what art form or critical methodology might take its place Exploring the work of six contemporary novelists Bret Easton Ellis J.G. Ballard Will Self Michel Houellebecq Tama Janowitz and Chuck Palahniuk *Ethics and Desire in the Wake of Postmodernism* delivers a series of interventions into six key areas of contemporary debate fear nihilism revolution ethics enjoyment and feminism The book goes on to develop an innovative critical methodology which reinvigorates the ability of art and literature to engage in ideological critique Rather than valorising separatism plurality or indeterminacy this approach delivers a critical framework which enacts a radical de-centering of the fundamental coordinates of contemporary society **The Story Of "Me"** Marjorie Worthington, 2018-11 Autofiction or works in which the eponymous author appears as a fictionalized character

represents a significant trend in postwar American literature when it proliferated to become a kind of postmodern cliché. The *Story of Me* charts the history and development of this genre analyzing its narratological effects and discussing its cultural implications. By tracing autofiction's conceptual issues through case studies and an array of texts, Marjorie Worthington sheds light on a number of issues for postwar American writing: the maleness of the postmodern canon and anxieties created by the supposed waning of male privilege; the relationship between celebrity and authorship; the influence of theory; the angst stemming from claims of the death of the author; and the rise of memoir culture. Worthington constructs and contextualizes a bridge between the French literary context from which the term originated and the rise of autofiction among various American literary movements from modernism to New Criticism to New Journalism. The *Story of Me* demonstrates that the burgeoning of autofiction serves as a barometer of American literature from modernist authorial effacement to postmodern literary self-consciousness.

Walking Shadows Ib Johansen, 2015-08-25

Walking Shadows focuses on the American fantastic and the American grotesque attempting in this manner for the first time to establish an overview of and a theoretical approach to two literary modes that have often been regarded as essential to an understanding of the American cultural canon. The central importance of these two literary forms has been pointed out earlier by important theorists such as Stanley Cavell, David Reynolds, and William Van O'Connor. A number of literary works from the beginning of the nineteenth to the end of the twentieth centuries are taken up in order to illustrate the inherent links or family resemblances between the two modes with special reference to the way in which a Bakhtinian reading may facilitate our appreciation of their status within the canon. These excursions into the House of Fantastic and Grotesque Fiction may be of interest not only to hardcore aficionados but also to philosophically minded readers in general, in particular perhaps to those who have paid acute attention to debates on late twentieth and early twenty-first century post-structuralism and deconstruction where the classic positions of Foucault, Derrida et al. still appear to be relevant.
