**Lyman's Standard Catalogue of Canada-BNA Postage Stamps** Robert W. Lyman (Canada) Company, 1984

*Lyman's Standard Catalogue of Canada-BNA Postage Stamps*, 1981      The Lyman Standard Catalogue of Canada-BNA Postage Stamps,      *Specialized Catalogue of Canadian Stamps: 1998 Edition* Bill Boynton, 1997-05-01      **Standard Catalogue of Canadian Booklet Stamps** Bill McCann, 1996      The Handy Net Price Catalogue of the Postage Stamps, Stamped Envelopes, and Wrappers of British North America, 1900 CANADA STAMP COMPANY., 1899      **Catalogue of the Postage Stamps of Canada and British North America**, 1939      *The Stamps of Canada* Bertram W. H. Poole, 2022-11-22

In *The Stamps of Canada* Bertram W H Poole presents a meticulous exploration of philatelic history anchored in the cultural and political narrative of Canada. The 1912 edition offers an exhaustive review of commemorative postage from issues celebrating the Diamond Jubilee to the King Edward and King George issues. Poole's work is characterized by its detailed analytical approach, not merely cataloging the stamps but also providing insight into their significance within Canada's evolution. Beyond the mainstream issues, he delves into specialized varieties like special delivery registration and postage due stamps, thus weaving a tapestry of Canada's postal heritage with its broader history. Bertram W H Poole's scholarship reflects a profound engagement with philately and Canadian history. Poole's approach to chronicling the nation's stamps suggests a lifetime of study and passion for both philatelic detail and the historical context that gave birth to these miniature canvases of culture. This work is perhaps the culmination of years spent carefully researching, collecting, and understanding the saga of Canada's postal issues and the stories they encapsulate. *The Stamps of Canada* is indispensable for scholars of philately, historians of Canadian culture, and collectors worldwide. The book provides a crucial lens through which to view the tapestry of a nation's history presented through its postal issues. Poole's scholarly detail and engaging prose make it an authoritative reference and a captivating read, bridging the gap between academic research and the allure of stamp collecting. For those intrigued by how history imprints itself on the everyday artifacts of communication, Poole's work is an essential addition to their library.
