Lyndon B Johnson A Memoir:

Lyndon B. Johnson, a Memoir George E. Reedy, 1982 **Lyndon Johnson and the American Dream** Doris Kearns Goodwin, 2015-08-04 With a new foreword The New York Times bestselling biography of President Lyndon Johnson from the Pulitzer Prize winning author of *Team of Rivals* Featuring a 2018 foreword by the Pulitzer Prize winning political historian that celebrates a reappraisal of Lyndon Johnson's legacy five decades after his presidency from the vantage point of our current profoundly altered political culture and climate Doris Kearns Goodwin's extraordinary and insightful biography draws from meticulous research in addition to the author's time spent working at the White House from 1967 to 1969 After Johnson's term ended Goodwin remained his confidante and assisted in the preparation of his memoir In *Lyndon Johnson and the American Dream* she traces the 36th president's life from childhood to his early days in politics and from his leadership of the Senate to his presidency analyzing his dramatic years in the White House including both his historic domestic triumphs and his failures in Vietnam Drawing on personal anecdotes and candid conversation with Johnson Goodwin paints a rich and complicated portrait of one of our nation's most compelling politicians in the most penetrating fascinating political biography I have ever read The New York Times [The Triumph & Tragedy of Lyndon Johnson](#), 2015 **A Political Education** Harry McPherson, 2010-05-20 This classic political memoir offers an insider's view of Washington in the 50s and 60s with a preface by the author reflecting on the Clinton era A Texas native Harry McPherson went to Washington in 1956 as an assistant to Senate Majority Leader Lyndon Johnson He served in key posts under Presidents Kennedy and Johnson including as Johnson's special counsel and speechwriter In *Political Education* McPherson offers a vividly evocative portrait of Johnson's tumultuous presidency and of the conflicts and factions of the president's staff Long regarded as a political classic it is essential reading for anyone seeking to understand national politics of the period In 1995 McPherson added a preface discussing how Washington had changed since the Johnson era In it he suggests what lessons Bill Clinton could have learn from Johnson's time in the Oval Office **LBJ's 1968** Kyle Longley, 2018-02-22 1968 was an unprecedented year in terms of upheaval on numerous scales political military economic social cultural In the United States perhaps no one was more undone by the events of 1968 than President Lyndon Baines Johnson Kyle Longley leads his readers on a behind the scenes tour of what Johnson characterized as the year of a continuous nightmare Longley explores how LBJ perceived the most significant events of 1968 including the Vietnam War the assassinations of Martin Luther King Jr and Robert Kennedy and the violent Democratic National Convention in Chicago His responses to the crises were sometimes effective but often tragic and LBJ's refusal to seek re-election underscores his recognition of the challenges facing the country in 1968 As much a biography of a single year as it is of LBJ LBJ's 1968 vividly captures the tumult that dominated the headlines on a local and global level **The Real Making of the President** W. J. Rorabaugh, 2009-03-05 When John Kennedy won the presidency in 1960 he also won the right to put his own spin on the victory whether as an underdog's heroic triumph or a liberal crusader's

overcoming special interests Now W J Rorabaugh cuts through the mythology of this famous election to explain the nuts and bolts operations of the campaign and offer a corrective to Theodore White s flawed classic *The Making of the President* War hero champion of labor and Pulitzer Prize winning author JFK was long on charisma Despite a less than liberal record he assumed the image of liberal hero thanks to White and other journalists who were shamelessly manipulated by the Kennedy campaign Rorabaugh instead paints JFK as the ideological twin of Nixon and his equal as a bare knuckled politician showing that Kennedy s hard won razor thin victory was attributable less to charisma than to an enormous amount of money an effective campaign organization and television image making The 1960 election Rorabaugh argues reflects the transition from the dominance of old style boss and convention politics to the growing significance of primaries race and especially TV without which Kennedy would have been neither nominated nor elected He recounts how JFK cultivated delegates to the 1960 Democratic convention quietly wooed the still important party bosses and used a large personal organization polls and TV advertising to win primaries JFK s master stroke however was choosing as a running mate Lyndon Johnson whose campaigning in the South carried enough southern states to win the election On the other side Rorabaugh draws on Nixon s often ignored files to take a close look at his dysfunctional campaign which reflected the oddities of a dark and brooding candidate trapped into defending the Eisenhower administration Yet the widely detested Nixon won almost as many votes as the charismatic Kennedy even though Democrats outnumbered Republicans by three to two This leads Rorabaugh to reexamine the darker side of the election the Republicans charges of vote fraud in Illinois and Texas the use of money to prod or intimidate manipulation of the media and the bulldozing of opponents White and others helped shape persisting impressions of both candidates influencing the way Nixon conducted subsequent campaigns and the Democrats nurtured the Kennedy legacy *The Real Making of the President* gives us a more sobering look at all of that fundamentally reshaping our understanding of one of the nation s most memorable elections

The Fall of the House of Roosevelt Michael Janeway, 2006

In the 1930s a band of smart and able young men some still in their twenties helped Franklin D Roosevelt transform an American nation in crisis They were the junior officers of the New Deal Thomas G Corcoran Benjamin V Cohen William O Douglas Abe Fortas and James Rowe helped FDR build the modern Democratic Party into a progressive coalition whose command over power and ideas during the next three decades seemed politically invincible This is the first book about this group of Rooseveltians and their linkage to Lyndon Johnson s Great Society and the Vietnam War debacle Michael Janeway grew up inside this world His father Eliot Janeway business editor of *Time* and a star writer for *Fortune* and *Life* magazines was part of this circle strategizing and practicing politics as well as reporting on these men Drawing on his intimate knowledge of events and previously unavailable private letters and other documents Janeway crafts a riveting account of the exercise of power during the New Deal and its aftermath He shows how these men were at the nexus of reform impulses at the electoral level with reform thinking in the social sciences and the law and explains how this potent fusion helped build

the contemporary American state Since that time efforts to reinvent government by brains trust have largely failed in the U S In the last quarter of the twentieth century American politics ceased to function as a blend of broad coalition building and reform agenda setting rooted in a consensus of belief in the efficacy of modern government Can a progressive coalition of ideas and power come together again The Fall of the House of Roosevelt makes such a prospect both alluring and daunting

The Presidents vs. the Press Harold Holzer, 2021-08-24 An award winning presidential historian offers an authoritative account of American presidents attacks on our freedom of the press including a new foreword chronicling the end of the Trump presidency The FAKE NEWS media Donald Trump has tweeted is not my enemy it is the enemy of the American People Has our free press ever faced as great a threat Perhaps not but the tension between presidents and journalists is as old as the republic itself Every president has been convinced of his own honesty and transparency every reporter who has covered the White House beat has believed with equal fervency that his or her journalistic rigor protects the country from danger Our first president George Washington was also the first to grouse about his treatment in the newspapers although he kept his complaints private Subsequent chiefs like John Adams Abraham Lincoln Woodrow Wilson and Barack Obama were not so reticent going so far as to wield executive power to overturn press freedoms and even to prosecute journalists Theodore Roosevelt was the first president to actively manage the stable of reporters who followed him doling out information steering coverage and squashing stories that interfered with his agenda It was a strategy that galvanized TR s public support but the lesson was lost on Woodrow Wilson who never accepted reporters into his inner circle Franklin Roosevelt transformed media relations forever holding more than a thousand presidential press conferences and harnessing the new power of radio at times bypassing the press altogether John F Kennedy excelled on television and charmed reporters to hide his personal life while Richard Nixon was the first to cast the press as a public enemy From the days of newsprint and pamphlets to the rise of Facebook and Twitter each president has harnessed the media whether intentional or not to imprint his own character on the office In this remarkable new history acclaimed scholar Harold Holzer examines the dual rise of the American presidency and the media that shaped it From Washington to Trump he chronicles the disputes and distrust between these core institutions that define the United States of America revealing that the essence of their confrontation is built into the fabric of the nation *The Johnson Years: Vietnam, the environment, and science* Robert A. Divine, 1987

The Presidency of Lyndon B. Johnson Vaughn Davis Bornet, 1983 Presents an assessment of the Johnson administration including the Vietnam issue **Fighting for Space** Amy Shira Teitel, 2020-02-18 Spaceflight historian Amy Shira Teitel tells the riveting story of the female pilots who each dreamed of being the first American woman in space When the space age dawned in the late 1950s Jackie Cochran held more propeller and jet flying records than any pilot of the twentieth century man or woman She had led the Women s Auxiliary Service Pilots during the Second World War was the first woman to break the sound barrier ran her own luxury cosmetics company and counted multiple presidents among her

personal friends She was more qualified than any woman in the world to make the leap from atmosphere to orbit Yet it was Jerrie Cobb twenty five years Jackie s junior and a record holding pilot in her own right who finagled her way into taking the same medical tests as the Mercury astronauts The prospect of flying in space quickly became her obsession While the American and international media spun the shocking story of a woman astronaut program Jackie and Jerrie struggled to gain control of the narrative each hoping to turn the rumored program into their own ideal reality an issue that ultimately went all the way to Congress This dual biography of audacious trailblazers Jackie Cochran and Jerrie Cobb presents these fascinating and fearless women in all their glory and grit using their stories as guides through the shifting social political and technical landscape of the time

Author in Chief Michael B. Costanzo,2019-04-03 With the publication of his *Personal Memoirs* in 1885 Ulysses S Grant established what is today known as the presidential memoir Every U S president since Benjamin Harrison has written one and many have turned to other forms of writing as well This book covers the history of works including autobiographies diaries political manifestos speeches fiction and poetry authored by U S presidents and published prior to during or after their terms The writing was easy for some harder for others with varying success from literary comebacks and bestsellers to false starts and failures

The Presidential Difference Fred I. Greenstein,2012-11-28 Fred I Greenstein has long been one of our keenest observers of the modern presidency In *The Presidential Difference* he provides a fascinating and instructive account of the presidential qualities that have served well and poorly in the Oval Office beginning with Franklin D Roosevelt s first hundred days He surveys each president s political skill vision cognitive style organizational capacity ability to communicate and emotional intelligence and argues that the last is the most important in predicting presidential success Throughout Greenstein offers a series of bottom line judgments on each of his thirteen subjects as well as an overarching theory of why presidents succeed or fail In this new edition Greenstein assesses President George W Bush in the wake of his two terms The book also includes a new chapter on the leadership style of President Obama and how we can expect it to affect his presidency and legacy

An Idea Whose Time Has Come Todd S. Purdum,2014-04-01 The story of the behind the scenes political battle to pass the 1964 Civil Rights Act Excellent a highly readable play by play The Atlantic It was a turbulent time in America a time of sit ins freedom rides a March on Washington and a governor standing in the schoolhouse door when John F Kennedy sent Congress a bill to bar racial discrimination in employment education and public accommodations Countless civil rights measures had died on Capitol Hill in the past But this one was different because as one influential senator put it it was an idea whose time has come In this revealing book Todd S Purdum tells the story of the Civil Rights Act of 1964 recreating the legislative maneuvering and the larger than life characters who made its passage possible From the Kennedy brothers to Lyndon Johnson from Martin Luther King Jr to Hubert Humphrey and Everett Dirksen Purdum shows how these all too human figures managed in just over a year to create a bill that prompted the longest filibuster in the history of the US Senate yet was ultimately adopted with overwhelming bipartisan support He evokes the

high purpose and low dealings that marked the creation of this monumental law drawing on extensive archival research and dozens of new interviews that bring to life this signal achievement in American history an example in our own troubled time of what is possible when bipartisanship decency and patience rule the day Brilliantly rendered and emotionally powerful a riveting account of one of the most dramatic and significant moments in American history Doris Kearns Goodwin Today's reader will be startled if not astonished by how the bill made its way through Congress The Washington Post Worthy timely and intelligent The New Yorker A first rate narrative The Wall Street Journal

Senators of the United States Diane B. Boyle, 1995 S Doc 103 34 Compiled by Jo Anne McCormick Quatannens Diane B Boyle editorial assistant prepared under the direction of Kelly D Johnston Secretary of the Senate Lists scholarly works that profile the lives and legislative service of senators and their autobiographies and other published works

Shame and Humiliation Blema S. Steinberg, 1996-04-16 Steinberg focuses on the narcissistic personality identifying it as intensely self involved and preoccupied with success and recognition as a substitute for parental love She asserts that narcissistic leaders are most likely to use force when they fear being humiliated for failing to act and when they need to restore their diminished sense of self worth Providing case studies of Johnson Nixon and Eisenhower Steinberg describes the childhood maturation and career of each president documenting key personality attributes and then discusses each one's Vietnam policy in light of these traits She contends that Johnson authorized the bombing of Vietnam in part because he feared the humiliation that would come from inaction and that Nixon escalated U S intervention in Cambodia in part because of his low sense of self esteem Steinberg contrasts these two presidents with Eisenhower who was psychologically secure and was therefore able to carry out a careful and thoughtful analysis of the problem he faced in Indochina Shame and Humiliation reveals how personality traits affect our perception of reality and offers a powerful demonstration of the impact of psychodynamics on presidential decision making

Senators of the United States, 1995

The Thirty-first of March Horace W. Busby, 2005 Offering a rare glimpse into the inner sanctum of Lyndon Johnson's presidency The Thirty First of March is an intimate compulsively readable memoir by LBJ's closest aide and chief speechwriter

March to Armageddon Ronald E. Powaski, 1987-06-18 Ronald E Powaski offers the first complete accessible history of the events forces and factors that have brought the world to the brink of a nuclear holocaust He traces the evolution of the nuclear arms race from FDR's decision to develop an atomic bomb to Reagan's decision to continue its expansion in the 1980's Focusing on the forces that have propelled the arms race and the reasons behind the repeated failures to check the proliferation of nuclear weapons Powaski discusses such topics as the Manhattan Project the decision to drop the bomb on Hiroshima the debate over whether to share atomic information the effect of nuclear weapons on U S military and foreign policy and the role of these weapons in arms control negotiations in the last five presidential administrations
