Georgian Bloomsbury S. Rosenbaum,2003-10-23 Georgian Bloomsbury completes the literary history of Old Bloomsbury that began with Victorian Bloomsbury 1987 and continued with Edwardian Bloomsbury 1994 Covering the years between the First Post Impressionist Exhibition and The First World War the book describes and analyzes interrelated literary works by Roger Fry Desmond MacCarthy Clive Bell E M Forster Lytton Strachey Leonard Woolf and Virginia Woolf The works considered include fiction criticism essays and polemics as well as autobiography journalism and literary history that members of the Bloomsbury Group wrote between 1910 and 1914 **Twentieth-century English History Plays** Niloufer

Harben,1988-01-01 The book offers the clearest definition yet of the history play its scope and its limits Historical drama is an extremely popular genre among 20th century English playwrights Yet the sheer size and complexity of the subject has until now prevented critics from attempting a clear definition Dr Harben provides a new and original perspective taking into account modern ideas of and attitudes to history The author examines the varying approaches to history taken by modern historians and playwrights and provides a detailed analysis of the historical source material of selected plays The study is supported with a wealth of vivid and provocative illustrations Historical and dramatic criticism is related to theatrical interpretation and experience This book therefore should prove valuable and interesting to the reader with a specialist interest in the field as well as to the more general reader Victorian Ethical Optics Natalie Prizel,2024-05-16 Explores the way that characters and figures in Victorian literature and visual art encountered and observed the bodies of others particularly those bodies which were aberrant deformed and disabled

Edwardian Bloomsbury S. Rosenbaum,2016-07-27 This is the second volume of a formidable enterprise and part of a series of publications by the same author that may entitle him to the position as the leading scholar of the Bloomsbury Group Rosenbaum has managed to write with freshness and insight about Forster s novels no matter how much they have been analyzed before The next volume will deal with the effect of that exhibition upon the Group s writing and much more I am sure of its early literary history The work is eagerly awaited Peter Stankys *English Literature in Transition 1880-1920* Edwardian Bloomsbury is a continuation of the early literary history of the Bloomsbury Group begun with Victorian Bloomsbury but it can also be read independently as an account of the Group s interrelated writings during the first decade of the twentieth century **English Literature in Transition, 1880-1920**

,1991 **English Fiction in Transition, 1880-1920** ,1962 **Clio's Lives** Doug Munro,John G. Reid,2017-10-09

Including contributions from leading scholars in the field from both Australia and North America this collection explores diverse approaches to writing the lives of historians and ways of assessing the importance of doing so Beginning with the writing of autobiographies by historians the volume then turns to biographical studies both of historians whose writings were in some sense nation defining and those who may be regarded as having had a major influence on defining the discipline of

history The final section explores elements of collective biography linking these to the formation of historical networks A concluding essay by Barbara Caine offers a critical appraisal of the study of historians biographies and autobiographies to date and maps out likely new directions for future work *Clio's Lives* is a very good scholarly collection that advances the study of autobiography and biography within the writing of history itself taking theoretical questions in significant new directions The contributors are well known and highly respected in the history profession and write with an insight and intellectual energy that will ensure the book has considerable impact They examine cutting edge issues about the writing of history at the personal level through autobiography and biography in diverse and innovative ways Together the writers have provided reflective chapters that will be widely read for their impressive theoretical advances as well as being inspirational for new entrants to the disciplinary area Patricia Grimshaw University of Melbourne *Clio's Lives* brings together a most interesting and varied cast of contributors Its chapters contain sophisticated and well penned ruminations on the uses of biography and autobiography among historians These are clearly connected with the general themes of the volume This delightfully mixed bag makes very good reading and as well will serve as a substantial contribution to the study of the biography and autobiography Eric Richards Flinders University **Gospels and Grit** Rob Breton, 2005-01-01 Examines the literary representations of work and labour in the Victorian works of Carlyle and the 20th century writings of Conrad and Orwell Book Review Digest, 1927 **Duncan Grant** Frances Spalding, 2011-04-30 The life of the painter and designer Duncan Grant spanned great changes in society and art from Edwardian Britain to the 1970s from Alma Tadema to Gilbert and George This authoritative biography combines an engrossing narrative with an invaluable assessment of Grant's individual achievement and his place within Bloomsbury and in the wider development of British art Spalding's skill is to sketch out the intricate emotional web against the bright bold untouchable figure of the artist Her achievement is to let that sense of a man living with his craft shine through on every page the result is an exceptionally honest and warm portrait Financial Times
