P. Hunnicutt, 2015-09-15 This installment in R P Hunnicutt's ambitious 10 volume series on the history of American tanks covers the development of the American main battle tank from its conception in the 1950s through the production and standardization of the M1 Abrams main battle tank In the 50s as the M48 Patton was gearing up for production there was a great deal of interest in developing new design concepts for future armored fighting vehicles many of

these ideas made up the early foundations of the tank that would become the M1 Abrams 30 years later This was a very fertile and productive period for combat vehicle development and Hunnicutt covers nearly every detail of it with his trademark precision and diligence Many of the wildly radical design concepts considered in the 50s and 60s proved to be impractical but a number went on to be applied with great success to the Patton and its product improved M60 series In fact the M60 was used as an interim tank pending the development of a standardized main battle tank The project was eventually reoriented as an effort to design an effective tank at a specified reasonable cost After competing for the contract against GM Chrysler set out to design the tank that was designated as the XM1 This is the design that became standardized as the M1 Abrams and was introduced to troop service in 1981 It has since been improved with more powerful armaments and tougher armor as the 120mm gun tank M1A1 Hunnicutt meticulously traces the entire span of the M1 s development with the keen detail oriented eye that has made him a renowned figure in the world of military history Boasting dozens of photographs line drawings and figures in addition to Hunnicutt s painstakingly thorough research Abrams A History of the American Main Battle Tank is a must have for anyone with a profound interest in American military history Readers interested in related titles from R P Hunnicutt will also want to see Armored Car ISBN 9781626541559 Bradley ISBN 9781626542525 Half Track ISBN 9781626541320 Patton ISBN 9781626548794 Pershing ISBN 9781626541672 Sheridan ISBN 9781626541542 Sherman ISBN 9781626548619 Stuart History of the American Light Tank Vol 1 ISBN 9781626548626 Firepower ISBN 9781635615036
