were able to build on this foundation of an aesthetic of cooking to make cuisine not only a respected profession but also to make it a French profession French cooks transformed themselves from household servants to masters of the art of fine dining making the cuisine of the French aristocracy the international haute cuisine Eager to prove their good taste the new elites of the Industrial Age and the bourgeoisie competed to hire French chefs in their homes and to entertain at restaurants where French chefs presided over the kitchen Haute Cuisine profiles the great chefs of the nineteenth century including Antonin Careme and Auguste Escoffier and their role in creating a professional class of chefs trained in French principles and techniques as well as their contemporary heirs notably Pierre Franey and Julia Child The French influence on the world of cuisine and culture is a story of food as status symbol Tell me what you eat the great gastronome Brillat Savarin wrote and I will tell you who you are Haute Cuisine shows us how our tastes desires and history come together at a common table of appreciation for the French empire of food Bon appetit *Egon Ronay's Cellnet Guide 1996 Egon Ronay,1995-11*
