Machine Politics: Chicago Model Harold Foote Gosnell, 1977 Making a New Deal Lizabeth Cohen, 2014-11-06
Examines how ordinary factory workers became unionists and national political participants by the mid 1930s *Books in Print*, 1991 **Subject Guide to Books in Print**, 1997 Learning to Live in the Welfare State Lizabeth Ann Cohen, 1986
The Publishers' Trade List Annual, 1985 **Subject Guide to Children's Books in Print 1997** Bowker Editorial Staff, R R Bowker Publishing, 1996-09 *The Machine that Sings* Gordon A. Tapper, 2013-10-18 Examining how Crane's corporeal aesthetic informs poems written across the span of his career *The Machine That Sings* focuses on four texts in which Crane's preoccupation with the body reaches its apogee Tapper treats *Voyages The Wine Merchant* and *Possessions* as a triptych of erotic poems in which Crane plays out alternative resolutions to the dialectic between purity and defilement a conceptual dynamic which Tapper argues is central to both Crane's poetics of difficulty and his representations of homosexual desire Tapper concentrates on the three sections of *The Bridge* most concerned with recuperating animality *National Winter Garden The Dance and Cape Hatteras* *Books in Print Supplement*, 1985 **Teachers Matter** Stephen M. Caliendo, 2000-07-30 Caliendo examines the results of a comprehensive study of how students learn about American Government The working premise is that while many political attitudes formed during adolescent socialization are open to change throughout one's life latent attitudes that are not salient and thus are not challenged with new information provided by media or other communications are more likely to persist into adulthood He focuses on diffuse support for the United States Supreme Court and argues that how students are taught about the Court in high school is likely to have a particularly lasting effect due to the Court's relative invisibility Drawing from interviews with teachers analysis of Government textbooks and student surveys the findings suggest that teachers make a difference in how students perceive parts of the political system particularly the Supreme Court This is particularly relevant for more abstract parts of the system since those types of attitudes are unlikely to be challenged through the mass media throughout one's life Normative discussion of the role of schools in educating for democracy suggests that there is a problem of priority as well as approach Putting social science on the back burner may have important ramifications as students are not asked to think critically about the American political system and their role within it Of particular interest to scholars researchers and policy makers involved with social science education and political socialization *Library of Congress Catalogs* Library of Congress, 1978 The Urbanism of Frank Lloyd Wright Neil Levine, 2016 This is the first book devoted to Frank Lloyd Wright's designs for remaking the modern city Stunningly comprehensive *The Urbanism of Frank Lloyd Wright* presents a radically new interpretation of the architect's work and offers new and important perspectives on the history of modernism Neil Levine places Wright's projects produced over more than fifty years within their historical cultural and physical contexts while relating them to the theory and practice of urbanism as it evolved over the twentieth century Levine overturns the conventional view of Wright as an architect who

deplored the city and whose urban vision was limited to a utopian plan for a network of agrarian communities he called Broadacre City Rather Levine reveals Wright s larger more varied interesting and complex urbanism demonstrated across the span of his lengthy career Beginning with Wright s plans from the late 1890s through the early 1910s for reforming residential urban neighborhoods mainly in Chicago and continuing through projects from the 1920s through the 1950s for commercial mixed use civic and cultural centers for Chicago Madison Washington Pittsburgh and Baghdad Levine demonstrates Wright s place among the leading contributors to the creation of the modern city Wright s often spectacular designs are shown to be those of an innovative precursor and creative participant in the world of ideas that shaped the modern metropolis Lavishly illustrated with drawings plans maps and photographs this book features the first extensive new photography of materials from the Frank Lloyd Wright Foundation Archives The Urbanism of Frank Lloyd Wright will serve as one of the most important books on the architect for years to come *The Billboard* ,1926 **Billboard** ,1964-11-14 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends *Annual Report of the Commissioner of Patents* United States.
