**Steve Dixon**

## **Macho Women With Guns:**

*Macho Women with Guns* Greg Porter, 1994-06-01      **More Excuses to Kill Things** Greg Porter, Brian Barrow, Marcello Missiroli, 1995-12-01      *Macho Women with Guns* James Desborough, 2003-10-14 A remake of the cult classic tongue in cheek RPG A new and exciting development in d20 Modern that is set to raise more interest than a certain well known lingerie advert *Macho Women with Guns* puts its scantily clad and inordinately proportioned heroines through situations tighter than a Baywatch swim suit with machineguns in hand and grenades between their teeth A light hearted journey through a post apocalyptic world where women call the shots and men cower to their will Lavishly illustrated throughout *Macho Women with Guns* features everything required in a great night of humorous gaming guns women bombs women attitude and more women So slip on your thigh high boots pad your bra out with shotgun shells and head into the new and terrifying world of *Macho Women with Guns*      *MMOs from the Inside Out* Richard A. Bartle, 2015-12-30 This is an astonishing collection of ideas information and instruction from one of the true pioneers of Massively Multiplayer Online Role Playing Games *MMOs from the Inside Out* The History Design Fun and Art of Massively Multiplayer Role playing Games speaks to the designers and players of MMOs taking it as axiomatic that such games are inspirational and boundless forces for good The aim of this book is to enthuse an up coming generation of designers to inspire and educate players and designers to be and to reinvigorate those already working in the field who might be wondering if it s still all worthwhile Playing MMOs is about fun immersion and identity Creating MMOs is about imagination expression and art MMOs are so packed with potential that today s examples are little more than small pioneering colonies on the shore of a vast uncharted continent What wonders wait beyond the horizon What treasures will explorers bring back to amaze us *MMOs from the Inside Out* is for people with a spark of creativity it pours gasoline on that spark It Explains what MMOs are what they once were and what they could and should become Delves into why players play and why designers design Encourages enthuses enrages engages enlightens envisions and enchants Doesn t tell you what to think it tells you to think What You Will Learn Myriad ways to improve MMOs and to decide for yourself whether these are improvements What MMOs are who plays them and why How MMOs became what they are and what this means for what they will become That you have it in you to make MMOs yourself Whom This Book is For *MMOs from the Inside Out* is a book for those who wish to know more about game design in general and MMO design in particular It s for people who play MMOs for people who design MMOs and for people who study MMOs It s for people with a yearning to see beyond the world around them and to make manifest the worlds of their imagination      **Gun Women** Mary Zeiss Stange, Carol K. Oyster, 2000-09-01 Women we are told should not own guns Women we are told are more likely to be injured by their own guns than to fend off an attack themselves This fact is rooted in a fundamental assumption of female weakness and vulnerability Why should a woman not be every bit as capable as a man of using a firearm in self defense And yet the reality is that millions of American women somewhere between 11 000 000 and 17

000 000 use guns confidently and competently every day Women are hunting using firearms in their work as policewomen and in the military shooting for sport and arming themselves for personal security in ever increasing numbers What motivates women to possess firearms What is their relationship to their guns And who exactly are these women Crucially can a woman be a gun owner and a feminist too Women s growing tendency to arm themselves has in recent years been political fodder for both the right and the left Female gun owners are frequently painted as trying to be like men the conservative perspective or capitulating to patriarchal ideas about power the liberal critique Eschewing the polar extremes in the heated debate over gun ownership and gun control and linking firearms and feminism in novel fashion Mary Zeiss Stange and Carol K Oyster here cut through the rhetoric to paint a precise and unflinching account of America s gun women **Playing with Power** Michelle Nephew, 2003-05-01 This study examines roleplaying games RPGs as both a literary and cultural phenomenon in which the text s producers take the role of an authorial multiplicity ABSTRACT Authorship has undergone drastic revision in the twentieth century A fundamental transformation in literature wherein the author has become a multiplicity of voices is evinced by the development of roleplaying games as both literary and cultural texts The literary roots of roleplaying games are self evident as they draw on writers such as H P Lovecraft and J R R Tolkien However a consequence of the development of the roleplaying game has been a subsequent departure from these authorial beginnings roleplaying games have irrevocably transformed the role of the writers who inspired them altering the authorial position to become a border blurring multiplicity Not only do roleplaying game designers reinterpret literary texts as literary games often borrowing rules material from other designers in the process in modifying the function of the author from a single creative entity to an empowered storytelling among groups roleplaying games further complicate previous distinctions between author and audience Players create a fictional world as a group endeavor authoring a complex structure of fantasy that addresses Freudian concepts of dreams and wish fulfillment In this way roleplaying becomes a locus for issues of identity including questions of performance spectatorship and gender construction And by allowing play in regard to identity roleplaying games are able to transgressively navigate expressions of difference encouraging players to subtly work against the traditional split between spectacle and narrative The thriving fan subculture surrounding roleplaying only emphasizes the transgressiveness of the hobby this is a social formation that aggressively utilizes new technology such as the internet through which fans are able to explore culturally subversive methods of authoring in the face of hostility from the surrounding cultural environment They too are active producers and manipulators of meanings rather than passively accepting dominant ideology By fusing the broader perspectives of literary and cultural criticism with personal experiences this study examines the development of roleplaying games from the fiction of individual writers to the interactive roleplaying based on them wherein fiction writers the hobby s creators designers editors publishers fans players and the cultural environment are all invested with the creative power to contribute meaningfully to the narrative **Digital Performance**

Steve Dixon, 2015-01-30 The historical roots key practitioners and artistic theoretical and technological trends in the incorporation of new media into the performing arts The past decade has seen an extraordinarily intense period of experimentation with computer technology within the performing arts Digital media has been increasingly incorporated into live theater and dance and new forms of interactive performance have emerged in participatory installations on CD ROM and on the Web In Digital Performance Steve Dixon traces the evolution of these practices presents detailed accounts of key practitioners and performances and analyzes the theoretical artistic and technological contexts of this form of new media art Dixon finds precursors to today's digital performances in past forms of theatrical technology that range from the *deus ex machina* of classical Greek drama to Wagner's *Gesamtkunstwerk* concept of the total artwork and draws parallels between contemporary work and the theories and practices of Constructivism Dada Surrealism Expressionism Futurism and multimedia pioneers of the twentieth century For a theoretical perspective on digital performance Dixon draws on the work of Philip Auslander Walter Benjamin Roland Barthes Jean Baudrillard and others To document and analyze contemporary digital performance practice Dixon considers changes in the representation of the body space and time He considers virtual bodies avatars and digital doubles as well as performances by artists including Stelarc Robert Lepage Merce Cunningham Laurie Anderson Blast Theory and Eduardo Kac He investigates new media's novel approaches to creating theatrical spectacle including virtual reality and robot performance work telematic performances in which remote locations are linked in real time Webcams and online drama communities and considers the extratemporal illusion created by some technological theater works Finally he defines categories of interactivity from navigational to participatory and collaborative Dixon challenges dominant theoretical approaches to digital performance including what he calls postmodernism's denial of the new and offers a series of boldly original arguments in their place

**Women & Guns**, 2006 **Her Best Shot** Laura Browder, 2009-09-15 The gun-toting woman holds enormous symbolic significance in American culture For over two centuries women who pick up guns have disrupted the popular association of guns and masculinity spurring debates about women's capabilities for violence as well as their capacity for full citizenship In *Her Best Shot* Laura Browder examines the relationship between women and guns and the ways in which the figure of the armed woman has served as a lightning rod for cultural issues Utilizing autobiographies advertising journalism novels and political tracts among other sources Browder traces appearances of the armed woman across a chronological spectrum from the American Revolution to the present and an ideological spectrum ranging from the Black Panthers to right-wing militias Among the colorful characters presented here are Deborah Sampson who disguised herself as a man to fight in the American Revolution Pauline Cushman who posed as a Confederate to spy for Union forces during the Civil War Wild West sure shot Annie Oakley African explorer Osa Johnson 1930s gangsters Ma Barker and Bonnie Parker and Patty Hearst the hostage turned revolutionary turned victim With her entertaining and provocative analysis Browder demonstrates that armed women both challenge and reinforce the easy

equation that links guns manhood and American identity      **Good Guys with Guns** Angela Stroud,2016-06-01 Although the rate of gun ownership in U S households has declined from an estimated 50 percent in 1970 to approximately 32 percent today Americans propensity for carrying concealed firearms has risen sharply in recent years Today more than 11 million Americans hold concealed handgun licenses an increase from 4.5 million in 2007 Yet despite increasing numbers of firearms and expanding opportunities for gun owners to carry concealed firearms in public places we know little about the reasons for obtaining a concealed carry permit or what a publicly armed citizenry means for society Angela Stroud draws on in depth interviews with permit holders and on field observations at licensing courses to understand how social and cultural factors shape the practice of obtaining a permit to carry a concealed firearm Stroud s subjects usually first insist that a gun is simply a tool for protection but she shows how much more the license represents possessing a concealed firearm is a practice shaped by race class gender and cultural definitions that separate good guys from those who represent threats Stroud s work goes beyond the existing literature on guns in American culture most of which concentrates on the effects of the gun lobby on public policy and perception Focusing on how respondents view the world around them this book demonstrates that the value gun owners place on their firearms is an expression of their sense of self and how they see their social environment

**Dungeons and Dragons and Philosophy** Christopher Robichaud,2014-08-05 Do demons and devils have free will Does justice exist in Menzoberranzan What s the morality involved with player characters casting necromancy and summoning spells Dungeons Dragons and Philosophy probes the rich terrain of philosophically compelling concepts and ideas that underlie Dungeons Dragons the legendary fantasy role playing game that grew into a world wide cultural phenomenon A series of accessible essays reveals what the imaginary worlds of D D can teach us about ethics morality metaphysics and more Illustrates a wide variety of philosophical concepts and ideas that arise in Dungeons Dragons gameplay and presents them in an accessible and entertaining manner Reveals how the strategies tactics improvisations and role play employed by D D enthusiasts have startling parallels in the real world of philosophy Explores a wide range of philosophical topics including the nature of free will the metaphysics of personal identity the morality of crafting fictions sex and gender issues in tabletop gameplay and friendship and collaborative storytelling Provides gamers with deep philosophical insights that can lead to a richer appreciation of D D and any gaming experience

**Armed and Female** Paxton Quigley,1993-03-15 The first complete book on one of the hottest subjects in the media today gun ownership Quigley offers women sound advice about everything from whether to buy a gun to choosing the proper weapon to training yourself to use it Personal stories and crime victims accounts help her make her case for women arming themselves

**Gaming as Culture** J. Patrick Williams,Sean Q. Hendricks,W. Keith Winkler,2014-01-10 Since tabletop fantasy role playing games emerged in the 1970s fantasy gaming has made a unique contribution to popular culture and perceptions of social realities in America and around the world This contribution is increasingly apparent as the gaming industry has diversified with the addition of collectible strategy games

and other innovative products as well as the recent advancements in videogame technology This book presents the most current research in fantasy games and examines the cultural and constructionist dimensions of fantasy gaming as a leisure activity Each chapter investigates some social or behavioral aspect of fantasy gaming and provides insight into the cultural linguistic sociological and psychological impact of games on both the individual and society Section I discusses the intersection of fantasy and real world scenarios and how the construction of a fantasy world is dialectically related to the construction of a gamer's social reality Because the basic premise of fantasy gaming is the assumption of virtual identities Section II looks at the relationship between gaming and various aspects of identity The third and final section examines what the personal experiences of gamers can tell us about how humans experience reality Instructors considering this book for use in a course may request an examination copy here

**Real Knockouts** Martha McCaughey, 1997-07-01 An examination of women's self defense culture and its relationship to feminism I was once a frightened feminist So begins Martha McCaughey's odyssey into the dynamic world of women's self defense a culture which transforms women involved with it and which has equally profound implications for feminist theory and activism Unprecedented numbers of American women are learning how to knock out maim even kill men who assault them Sales of mace and pepper spray have skyrocketed Some 14 million women own handguns From behind the scenes at gun ranges martial arts dojos fitness centers offering Cardio Combat and in padded attacker courses like Model Mugging Real Knockouts demonstrates how self defense trains women out of the femininity that makes them easy targets for men's abuse And yet much feminist thought like the broader American culture seems deeply ambivalent about women's embrace of violence even in self defense Investigating the connection between feminist theory and women physically fighting back McCaughey found self defense culture to embody literally a new brand of feminism

**Game Preview** Nicolae Sfetcu, 2014-05-04 A guide for game preview and rules history definitions classification theory video game consoles cheating links etc While many different subdivisions have been proposed anthropologists classify games under three major headings and have drawn some conclusions as to the social bases that each sort of game requires They divide games broadly into games of pure skill such as hopscotch and target shooting games of pure strategy such as checkers go or tic tac toe and games of chance such as craps and snakes and ladders A guide for game preview and rules history definitions classification theory video game consoles cheating links etc

**Teacher, Scholar, Mother** Anna M. Young, 2015-10-08 Teacher Scholar Mother advances a more productive conversation across disciplines on motherhood through its discussion on intersecting axes of power and privilege This multi and trans disciplinary book features mother scholars who bring their theoretical and disciplinary lenses to bear on questions of identity practice policy institutional memory progress and the gendered notion of parenting that still pervades the modern academy

**Guys and Guns Amok** Douglas Kellner, 2015-12-03 From the recent shootings at Virginia Tech University to the tragedies at Columbine and Oklahoma City certain common traits can be traced through all of these events In Guys and Guns Amok media and cultural

critic Douglas Kellner provides a fascinating diagnostic reading of these acts of domestic terrorism Skillfully connecting each case with the current environment for male socialization and the search for identity in an American culture obsessed with guns and militarism Kellner s work is a sobering reflection on these tragedies and the pervasive power of media and popular culture as well as a wake up call for the future

**Firearms Legislation** United States. Congress. House. Committee on the Judiciary. Subcommittee on Crime,1975

**The Culture and Politics of Contemporary Street Gang Memoirs** Josephine Metcalf,2012-06-22 The publication of Sanyika Shakur s *Monster The Autobiography of an L A Gang Member* in 1993 generated a huge amount of excitement in literary circles New York Times book critic Michiko Kakutani deemed it a shocking and galvanic book and set off a new publishing trend of gang memoirs in the 1990s The memoirs showcased tales of violent confrontation and territorial belonging but also offered many of the first journalistic and autobiographical accounts of the much mythologized gang subculture In *The Culture and Politics of Contemporary Street Gang Memoirs* Josephine Metcalf focuses on three of these memoirs Shakur s *Monster* Luis J Rodriguez s *Always Running La Vida Loca* Gang Days in L A and Stanley Tookie Williams s *Blue Rage Black Redemption* as key representatives of the gang autobiography Metcalf examines the conflict among violence thrilling sensationalism and the authorial desire to instruct and warn competing within these works The narrative arcs of the memoirs themselves rest on the process of conversion from brutal young gang bangers to nonviolent enlightened citizens Metcalf analyzes the emergence production marketing and reception of gang memoirs Through interviews with Rodriguez Shakur and Barbara Cottman Becnel Williams s editor Metcalf reveals both the writing and publishing processes This book analyzes key narrative conventions specifically how diction dialogue and narrative arcs shape the works The book also explores how the memoirs are consumed This interdisciplinary study fusing literary criticism sociology ethnography reader response study and editorial theory brings scholarly attention to a popular much discussed but understudied modern expression

**Gender and Firearms** Peter Squires,2024-04-01 Private gun ownership for self defense remains a major personal and public issue in the United States driven by concerns about crime vulnerability and a range of ideological factors including race and gender As media attention centres upon the extent to which women are taking up firearms with the gun lobby and firearms manufacturers celebrating the new armed woman and guns being promoted as Rape Prevention Kits this book explores the changing gendered aspects of gun ownership Can ownership of firearms by women be considered as some have claimed the embodiment of what might be termed pioneer feminism as women resist male violence in a dangerous world or are different stories told by the prominence of women in firearms control campaigns or the fact that women remain frequent victims of male gun ownership Analysing representations of the armed woman in firearm and gun lobby marketing and advertising campaigns together with television and popular music forms *Gender and Firearms My Body My Choice My Gun* examines the directions taken in the public debate on weaponisation in the United States considering the role of women in the politics of gun safety and gun control The book draws on statistical evidence in

order to shed light on trends in gun ownership whilst engaging with feminist scholarship on the relationship between gender violence risk and vulnerabilities thus opening up critical new debates surrounding identity performance gender and risk in contemporary societies As such the book will be of likely interest to sociologists and scholars of sociology criminology and cultural and media studies with interests in gender embodiment risk crime and violence
