Mackintosh's Masterwork Charles Rennie Mackintosh And The Glasgow School Of Art:

Mackintosh's Masterwork Charles Rennie Mackintosh, 2004 Of the many practitioners of art nouveau in Great Britain Charles Rennie Mackintosh 1868 1928 has outlasted them all His work bridged the more ornate style of the later nineteenth century and the forms of international modernism that followed Like Frank Lloyd Wright with whom he is frequently compared he is known for so thoroughly integrating art and decoration that the two became inseparable His work has been honored by a major exhibition at the Metropolitan Museum of Art and his designs have proliferated to such an extent that they can be found reproduced in posters prints jewelry and even new buildings His most important project was the Glasgow School of Art which still functions as a highly prestigious art school This glorious building is visited each year by thousands of tourists from around the world Built over a dozen years beginning in 1897 the Glasgow School of Art is Mackintosh's greatest and most influential legacy This completely redesigned and heavily illustrated edition of Mackintosh's Masterwork has been greatly expanded and contains newly discovered material about both the early life of the architect and the formative years in which his plans for the School of Art were executed

Mackintosh's Masterwork William Buchanan, 1989-08 Analyzes in detail Scottish architect Charles Rennie Mackintosh's greatest work the Glasgow School of Art with commentaries discussing the school's place in the development of architecture

Encyclopedia of Interior Design Joanna Banham, 1997-05-01 From ancient Greece to Frank Lloyd Wright's studio to smoking rooms chimney boards to cocktail cabinets and papier mâché to tubular steel the Encyclopedia of Interior Design provides a history of interior decoration and design from ancient times to the present day It includes more than 500 illustrated entries covering a variety of subjects ranging from the work of the foremost designers to the origins and function of principal rooms and furnishing types as well as surveys of interior design by period and nationality all prepared by an international team of experts in the field Entries on individuals include a biography a chronological list of principal works or career summary a primary and secondary bibliography and a signed critical essay of 800 to 1500 words on the individual's work in interior design The style and topic entries contain an identifying headnote a guide to main collections a list of secondary sources and a signed critical essay

Experiencing Architecture in the Nineteenth Century Edward Gillin, H. Horatio Joyce, 2018-10-18 Bringing together fourteen original essays this collection opens up new perspectives on the architectural history of the nineteenth century by examining the buildings of the period through the lens of experience With a focus on the experience of the ordinary building user rather than simply on the intentions of the designer the book shows that new and important insights can be brought to our understanding of Victorian architecture The chapters present a range of ideas and new research some examining individual building case studies from grand hotels and clubhouses in New York to the parliament buildings of Westminster and others exploring conceptual questions about the nature of architectural experience whether sensory or otherwise Yet

they share the premise that the idea of the experience of architecture took on a new and particular significance with the rise of industrial modernity and they examine what contemporary people both architects and non architects understood by this idea The insights in this volume extend beyond the study of Victorian architecture Together they suggest how experience might be used as a framework to produce a more convincingly historical account of the artefacts of architectural history

The Quest for Charles Rennie Mackintosh John Cairney,2020-05-28 Like Charles Rennie Mackintosh John Cairney began his career at the age of 15 at the Glasgow School of Art He tells of the working life of Charles Rennie Mackintosh as well as the beautiful love story which tragically ended with Mackintosh s sudden death at the age of 60 His wife and co artist Margaret Macdonald died three years later

The Mack Robyne Calvert,2024-04-23 The most up to date account of the Scottish architect and designer Charles Rennie Mackintosh s masterwork The Mackintosh Building at The Glasgow School of Art is a monument of international significance in the history of architecture and design Designed by Charles Rennie Mackintosh 1868 1928 its soaring studios and atmospheric spaces would serve to educate and inspire generations of architects artists and designers as well as attract visitors from around the globe This book presents the updated story of The Mack incorporating for the first time the history of the building during the post Mackintosh era up to the present day including the May 2014 fire reconstruction efforts and the devastating fire of 2018 that destroyed most of the building Illustrated with historical and archival images reconstruction photographs and visualisations using the latest 3D scanning technologies it presents a comprehensive history of the context and creation of this building The book updates knowledge of the building gleaned from the reconstruction process including corrections of well rehearsed assumptions It also addresses controversies surrounding the second fire examining issues around fire management that have received much public scrutiny Including new and unpublished images The Mack explores the significance of Mackintosh s masterwork its international design importance and its profound impact on its community of users

Second Metropolis Blair A. Ruble,2001-05-28 By exploring and comparing North America s Russia s and Japan s second cities Chicago Moscow and Osaka Second Metropolis discloses the extent to which social fragmentation frequently viewed as an obstacle to democratic development actually fostered a pragmatic pluralism that nurtured pluralistic public policies Such policies are explored through six case studies the politics of street railways and charter reform in Chicago adult education and housing in Moscow and harbor revitalization and poverty alleviation in Osaka that illustrate how even those with massive political and economic power were stymied by the complexity of their communities Chicago Moscow and Osaka though the products of very different nations and cultures nonetheless shared an important experience of inclusive politics during an era of extraordinary growth and social diversity The success of all three cities which went well beyond mere survival rested on a distinctive political resource pragmatic pluralism

Hegel's Philosophy of Reality, Freedom, and God Robert M. Wallace,2005-04-04 Showing the relevance of Hegel s arguments this book discusses both original texts and their interpretations

The Victorian Art School Ranald Lawrence, 2020-09-02 The Victorian Art School documents the history of the art school in the nineteenth century from its origins in South Kensington to its proliferation through the major industrial centres of Britain Charles Rennie Mackintosh's Glasgow School of Art together with earlier examples in Manchester and Birmingham demonstrate an unprecedented concern for the provision of plentiful light and air amidst the pollution of the Victorian city As theories of design education and local governance converged they also reveal the struggle of the provincial city for cultural independence from the capital Examining innovations in the use of new technologies and approaches in the design of these buildings The Victorian Art School offers a unique and explicitly environmental reading of the Victorian city It examines how art schools complemented civic improvement programmes their contribution to the evolution of art pedagogy the tensions that arose between the provincial schools and the capital and the role they would play in reimagining the relationship between art and public life in a rapidly transforming society The architects of these buildings synthesised the potential of art with the perfection of the internal environment indelibly shaping the future cultural life of Britain

Art Nouveau Jeremy Howard, 1996 This critical survey of the Art Nouveau movement reveals the diversity of this style across the breadth of the European continent With the inclusion of Eastern Europe and the full range of artistic media the book shows how this movement changed the face of European art and design from Paris to Prague Clearly structured by country it traces the emergence of Art Nouveau highlighting the particular interpretations of the style in each country Countries covered include Belgium Spain Britain Austria Hungary and Russia Each chapter contains sections on political and cultural contexts specific visual characteristics and key artists and

designers It analyzes the contribution of both well known artists and designers such as Gaudi Van de Velde Mackintosh and Mucha and brings to light many others whose contributions have been largely inaccessible With a bibliography and glossary this text should provide a useful introduction to this subject **Charles Rennie Mackintosh** James Steele, Charles Rennie Mackintosh, 1994 Insightful analysis into Mackintosh s architecture with many previously unpublished views of his most important buildings **The Concise New Makers of Modern Culture** Justin Wintle, 2008-11-28 A Who s Who of Western culture from Woody Allen to Emile Zola Containing four hundred essay style entries and covering the period from 1850 to the present The Concise New Makers of Modern Culture includes artists writers dramatists architects philosophers anthropologists scientists sociologists major political figures composers film makers and many other culturally significant individuals and is thoroughly international in its purview Next to Karl Marx is Bob Marley with John Ruskin is Salman Rushdie alongside Darwin is Luigi Dallapiccola Deng Xiaoping rubs shoulders with Jacques Derrida as do Julia Kristeva and Kropotkin With its global reach The Concise New Makers of Modern Culture provides a multi voiced witness of the contemporary thinking world The entries carry short bibliographies and there is thorough cross referencing as well as an index of names and key terms **The Spiritual Dynamic in Modern Art** C. Spretnak, 2014-10-22 This book demonstrates that numerous prominent artists in every period of the modern era were expressing spiritual interests when they created celebrated works of art This magisterial overview insightfully reveals the centrality of an often denied and misunderstood element in the cultural history of modern art Movements of Modernity William Eadie, 2021-10-12 Originally published in 1990 acknowledges the social as well as the artistic significance of the Glasgow Art Nouveau movement by examining the history of it from its inception through to its demise By considering the contributions of social theorists like Peter B rger Theodor Adorno and Walter Benjamin the author illustrates how Art nouveau can be located within an avant garde The book also reveals to what extent the contract which the Glasgow group had with the Secessionists in Vienna was significant for the development of their work
