Shakespeare on Screen: Romeo and Juliet Victoria Bladen,Sarah Hatchuel,Nathalie Vienne-Guerrin,2023-12-14 From canonical movies to web series this volume provides fresh insights into the myriad forms of Romeo and Juliet on screen around the world Ranging far beyond the Anglo American sphere the international cast of contributors explore translations adaptations free re tellings and appropriations from India France Italy and Japan and demonstrate the constant evolution of technologies in the production reception and dissemination of Shakespeare on screen The volume is complemented by helpful online essays and an extended online film bibliography which guides readers through the often overwhelming range of filmic resources now available providing valuable resources for research and pedagogy *The British Sitcom Spinoff Film* Stephen Glynn,2023-12-07 This book constitutes the first full volume dedicated to an academic analysis of theatrically released spinoff films derived from British radio and television sitcoms Regularly maligned as the nadir of British film production and marginalised as a last resort for the financially bereft industry during the 1970s this study demonstrates that the sitcom spinoff film has instead been a persistent and important presence in British cinema from the 1940s to the present day and includes occasional works with distinct artistic merit Alongside an investigation of the economic imperative underpinning these productions i e the exploitation of proven product with a ready made audience it is argued that with a longevity stretching from Arthur Askey and his wartime Band Waggon 1940 to the crew of Kurupt FM and their recent *People Just Do Nothing* Big in Japan 2021 the British sitcom spinoff can be interpreted as following a full generic life cycle

Starting with the formative stage where works from *Hi Gang* 1941 to *I Only Arsked* 1958 establish the genre's characteristics the spinoff genre moves to its classic stage where secure for form and content it enjoys considerable popular success with films like *Till Death Us Do Part* 1969 *On the Buses* 1971 *The Likely Lads* 1976 and *Rising Damp* 1980 the genre's revival since the late 1990s reveals a more parodic final stage with films like *The League of Gentlemen's Apocalypse* 2005 adopting a consciously self-reflective mode It is also posited that the sitcom spinoff film is a viable source for social history with the often stereotypical representations of characters and events an often blatant ideological metonym for the concerns of wider British society notably in issues of class race gender and sexuality

Pugsley, 2016-04-15 This ground-breaking book explores the moral dimensions of sexual imagery in contemporary general release Asian films It examines debates that arise over aesthetic styles and the cultural and traditional influences that determine the content and impact of these films The social and regulatory environments for filmmakers across Asia reflect distinct national and cultural differences In just the past decade for instance Indian cinema has rapidly moved from representations of coy and submissive female protagonists to highly eroticized leading ladies unafraid of flaunting their sexuality On the other hand the cinema emerging from the Chinese mainland has been much more circumspect in its representations of overt sexuality at times in conflict with other Chinese cinemas from Hong Kong and Taiwan This use of sexual imagery or morally questionable film content raises ongoing debates into censorship and the use of state or industry controls to protect certain sectors of society from exposure to particular narratives or images Film like all forms of art fulfils a number of aesthetic functions for local regional and international audiences As distribution and technological advances make Asian films more readily available across the globe an understanding of the different aesthetics at play will enable readers of this book to recognize key cultural motifs in representations of onscreen sexuality and the surrounding controversies found in cinematic texts from Asia
