Comics and Modernism Jonathan Najarian, 2024-01-18 Contributions by David M Ball Scott Bukatman Hillary Chute Jean Lee Cole Louise Kane Matthew Levay Andrei Molotiu Jonathan Najarian Katherine Roeder Noa Saunders Clémentine Sfadj Nick Sturm Glenn Willmott and Daniel Worden Since the early 1990s cartoonist Art Spiegelman has made the case that comics are the natural inheritor of the aesthetic tradition associated with the modernist movement of the early twentieth century In recent years scholars have begun to place greater import on the shared historical circumstances of early comics and literary and artistic modernism *Comics and Modernism History Form and Culture* is an interdisciplinary consideration of myriad social cultural and aesthetic connections Filling a gap in current scholarship an impressively diverse

group of scholars approaches the topic from a variety of disciplinary backgrounds and methodologies Drawing on work in literary studies art history film studies philosophy and material culture studies contributors attend to the dynamic relationship between avant garde art literature and comics Essays by both established and emerging voices examine topics as divergent as early twentieth century film museum exhibitions newspaper journalism magazine illustration and transnational literary circulation In presenting varied critical approaches this book highlights important interpretive questions for the field Contributors sometimes arrive at thoughtful consensus and at other times settle on productive disagreements Ultimately this collection aims to extend traditional lines of inquiry in both comics studies and modernist studies and to reveal overlaps between ostensibly disparate artistic practices and movements **American Political**
